

BUILDING UTILIZATION PLANINTRODUCTION

As described in greater detail in the attached Educational Impact Statement ("EIS"), on June 27, 2013, the Chancellor of the New York City Department of Education ("DOE") issued an Emergency Declaration re-siting the kindergarten and first grades of DREAM Charter School (84M382, "DREAM") with P.S. 50 Vito Marcantonio (04M050, "P.S. 50") and New York Center for Autism Charter School (84M337, "NYCA") in building M050 ("M050"), located at 433 East 100th Street, New York, NY 10029, in Community School District 4 ("District 4") at the start of the 2013-2014 school year. Consistent with state law, the Emergency Declaration will remain in effect for six months, or until approved by the Panel for Educational Policy ("PEP") to continue for a longer period. Thus, PEP approval is needed for DREAM's grades to remain in M050 through the remainder of the school year.

Therefore, the DOE proposes to extend the re-siting and co-location of DREAM through the end of the 2013-2014 school year. A "co-location" means that two or more school organizations are located in the same building and may share common spaces like auditoriums, gymnasiums, and cafeterias. A "re-siting" means students will attend classes in a different building than the one students have attended in previous years.

DREAM is an existing charter elementary school that serves students in kindergarten through sixth grade in the 2013-2014 school year, and which is in the process of phasing in to serve students in kindergarten through eighth grade. Until the 2013-2014 school year, DREAM served its kindergarten through fifth grade students in building M121 ("M121"), located at 232 East 103rd Street, New York, NY 10029 in District 4, where it is co-located with P.S. 38 Roberto Clemente (04M038, "P.S. 38").

DREAM plans to move to a private facility prior to the start of the 2014-2015 school year. Construction has begun on DREAM's private facility, also located in District 4. That private facility is expected to be ready for occupancy by September 2014. Once construction is complete, DREAM expects to serve all of its students in every grade level in its private facility beginning in the 2014-2015 school year.

Because of the limited space in M121, DREAM entered into negotiations to lease private space to serve its kindergarten and first grade students during the 2013-2014 school year. The DOE was not a party to the negotiations, which continued throughout much of the 2012-2013 school year. When these negotiations broke down, it was too late to successfully obtain alternative private space for the 2013-2014 school year. The DOE determined that the best course of action was to find a suitable school-ready space to house DREAM's kindergarten and first grade students for the 2013-2014 school year.

The M050 building, which is located 0.4 miles from M121, will continue to house DREAM's students in kindergarten and first grade until the school can be re-sited to its long-term private facility. DREAM's second through sixth grade students will continue to be served in M121 for the 2013-2014 school year until they and DREAM's kindergarten and first grade students move to DREAM's long-term private facility in September 2014.

Beginning in September 2013, DREAM's kindergarten and first grade students are co-located with P.S. 50, a district school serving students in kindergarten through eighth grade, and NYCA, a charter school serving disabled students aged five to nineteen. If this proposal to extend the re-siting and co-location of DREAM's kindergarten and first grade students in M050 is approved, DREAM will continue to serve its kindergarten and first grade students in M050.

M050 also houses a community-based organization ("CBO"), Children's Aid Society. This proposal is not expected to impact the continued siting of that CBO in M050.

Pursuant to the New York Charter Schools Act of 1998 (as amended May 2010), the following plan outlines the allocation of classrooms and administrative space among DREAM, P.S. 50 and NYCA. The following plan also includes a proposal for the collaborative usage of shared resources and spaces among DREAM, P.S. 50, and NYCA, including but not limited to cafeterias, libraries, and gymnasiums, which assures equitable access to such facilities. If a school's baseline allocation under the Citywide Instructional Footprint ("Footprint") declines, those rooms may be re-allocated to another co-located school. Information about the impact on building safety and security, proposed strategies for communication and collaborative decision-making among the co-located schools, and a description of the shared space committee are also included. Please refer to the EIS to which this plan is attached for further information about the proposed co-location.

As described throughout this document, the final shared space schedule would be collaboratively finalized by the Building Council if the proposed co-location is approved by the PEP.

METHODOLOGY

The DOE has applied the Footprint to all schools and/or programs outlined in this plan to allocate rooms in an unbiased manner, and has divided the remaining space equitably based on the proportion of the total students in the building enrolled by each school and/or program, the instructional and programmatic needs of the co-located schools, and the physical location of the excess space within the building.¹

JUSTIFICATION OF FEASIBILITY AND EQUITABILITY OF CLASSROOM AND ADMINISTRATIVE SPACE ALLOCATION

The Footprint sets forth the baseline number of rooms that should be allocated to a school based on the grade levels served by the school and number of classes per grade. For existing schools, the Footprint is applied to the current number of sections per grade, assuming class size will remain constant. The Borough Director of Space Planning then confirms both the baseline and current space allocation totals during a walk-through of the building, where he/she is accompanied by a school’s representative. For elementary schools serving students in grades kindergarten through five and offering a pre-kindergarten program, the Footprint assumes that classes are self-contained, meaning that each class remains in its homeroom throughout the day except for when the class is scheduled for a cluster activity (e.g., art) or lunch, recess, etc. Further, the Footprint assumes that at those other scheduled times the homeroom classroom remains empty. Therefore, the Footprint allocates one full-size classroom for each general education (“GE”) or Integrated Co-Teaching (“ICT”) section and a full-size or half-size classroom to accommodate each self-contained special education (“SC”) section served by the school. In addition, schools serving students in grades kindergarten through five receive an allocation of cluster or specialty classrooms proportionate to the number of students enrolled. These classrooms can be used at the principal’s discretion for purposes such as art and/or music instruction, among other things.

At the elementary level, cluster classrooms are allocated as follows:

Enrollment	Number of Cluster Rooms
1,251 and up	5
751-1,250	4
251-750	3
151-250	2
0-150	1

The Footprint allocates the number of baseline full-size equivalent (“FSE”) classrooms for student support services, resource rooms, and administrative space based on the grades a school serves and its enrollment at scale.

For grades six through twelve, the Footprint assumes that students move from class to class and that classrooms should be programmed at maximum efficiency. The Footprint does not require that every teacher have his or her own designated classroom. Principals are asked to program their schools efficiently so that classrooms can be used for multiple purposes throughout the course of the school day. The Footprint allocates the number of baseline classrooms for student support services, resource rooms, and administrative space based on the grades a school serves and its enrollment at scale. Any space remaining beyond the baseline shall be allocated equitably among the co-located schools. In determining an equitable allocation, the DOE may consider factors such as the relative enrollments of the co-located schools, the instructional and programmatic needs of the co-located schools, and the physical location of the excess space within the building.

While the Footprint sets forth a baseline space allocation, school leaders are empowered to make decisions about how to utilize the space allocated to the school. Each principal, therefore, must make decisions about how and where students will be served within the space allocated to the school. The DOE, however, will provide support to the schools to ensure that the schools use the space efficiently in order to maximize capacity to support student needs and maintain appropriate delivery of special education and other related services to students. Where appropriate, school leaders will have an opportunity to draw upon the expertise and guidance of the Office of Special Education, which is dedicated to promoting positive educational outcomes for students with disabilities.

¹ The Footprint is a tool to be used by all stakeholders in the analysis and assessment of space usage in DOE buildings. Its purpose is to ensure that the space allocation plan for all schools is fair and equitable. In co-location agreements, the parameters outlined in the Footprint should serve as a guideline for making decisions about the allocation of space, while empowering building occupants to make decisions that best meet the needs of all students in the building. The DOE Footprint can be found at: <http://schools.nyc.gov/commDREAM/planning/changes/default.htm> under “Key Documents.”

Allocation of Classrooms and Administrative Space

According to a building walkthrough and survey performed on March 13, 2013 by the Manhattan Director of Space Planning, building M050 has a total of 49 full-size ("FS") classrooms/spaces,² 6 half-size ("HS") classrooms/spaces,³ 44 quarter-size ("QS") spaces⁴ and 2.50 full-size equivalent ("FSE") rooms of designed administrative office/space ("DA").

M050 also contains a gymnasium, an auditorium, a cafeteria and a library.

The below spaces are shared spaces or contain building services and will not be included in the allocation of space for any individual school:

- The nurse's office occupies 1 full-size space.
- The art room occupies 1 full-size space.
- The School-Based Support Team ("SBST") occupies 1.0 FSE of designed administrative space.
- The custodian's office occupies 1 quarter-size space.
- The new teachers' cafeteria occupies 1 full-size space.
- Construction on the library during the 2013-2014 school year will result in 1 full-size space, 2 half-size spaces and 2 quarter-size spaces being removed from the total instructional spaces to be allocated for the 2013-2014 school year.
- District 75's District 4 professional development office occupies 1 full-size space.
- Children's Aid Society ("CAS") occupies 5 full-size spaces, 1 half-size space and 4 quarter-size spaces.

P.S. 50 and NYCA's leadership have an existing agreement with CAS that enables CAS to use 5 full-size rooms in M050 for CAS's regular day and after-school instruction for pre-school children ages 2 years,9 months to 4 years and universal pre-kindergarten students aged 4. CAS's regular day programs run from 8:00 a.m. to 3:45 p.m. and the after-school services run from 3:45 p.m. to 5:30 p.m. This BUP does not change that existing agreement; thus CAS' administrative spaces and the 5 full-size rooms are set aside for CAS instruction and are not included in the allocation of space for any individual school.

Excluding the spaces outlined above, the M050 building has a total of: 39 full-size classrooms, 3 half-size classrooms/spaces, 37 quarter-size spaces and 1.50 FSE of designed administrative offices/spaces remaining that can be allocated to schools.

Summary	Full-size Rooms	Half-size Rooms	Quarter-size Rooms	DA (FSE)
Building Grand TOTAL	49	6	44	2.50
SHARED SPACES or Building Services	10	3	7	1.00
Remaining Total to Be Allocated	39	3	37	1.50

² Full-size classrooms have an area of 500 square feet or more.

³ Half-size classrooms have an area of less than 500 square feet but greater than 239 square feet.

⁴ Quarter-size classrooms have an area of less than or equal to 239 square feet.

2013-2014 (CURRENT AND ONLY YEAR OF PROPOSAL)

In the 2013-2014 school year, DREAM's kindergarten and first grade students will be co-located in M050.

The table below summarizes the total projected enrollment and projected number of sections that will be served at each school in 2013-2014.

2013-2014	Grade Spans	Projected Enrollment ⁵	GE/ICT Sections	SC Sections
DREAM	K-1	100	4	0
P.S. 50	K-8	332	14	5
NYCA	Ungraded	32	0	8

After P.S. 50, NYCA and DREAM have received their respective baseline or adjusted baseline allocations of rooms, the following spaces will remain unallocated:

2013-2014	Full-size Rooms	Half-size Rooms	Quarter-size Rooms	DA (FSE)
Space In Excess of Adjusted Baseline Allocation	0	0	17	0.00

When space above the Instructional Footprint is available in buildings with co-located schools, the remaining rooms, or "excess space," will typically be distributed to all organizations based on relative student enrollment. However, in this instance, all of the excess space in the building has been allocated to P.S. 50 per a decision made during DREAM's initial re-siting to M050 by the Building Council, comprised of the leadership of all three schools and in conjunction with the DOE's Office of Space Planning. The DOE believes that this allocation is equitable because it reflects the lack of time P.S. 50 had to plan for the co-location, and because DREAM believes it can operate in the space allocated to it.

The table below summarizes the full 2013-2014 room allocation plan for P.S. 50, NYCA, and DREAM in M050 based on their baseline and adjusted baseline Footprint plus excess space allocations.

2013-2014		Non-Admin Spaces		Administrative Spaces			Total Admin (FSE)	Additional (Excess) Allocation				Grand Total Space Allocation				
		Full-size Rooms	Half-size Rooms	Designed Admin (FSE)	Full-size Rooms	Half-size Rooms		Quarter-size Rooms	Additional Full-size Rooms	Additional Half-size Rooms	Additional Quarter-size Rooms	Additional Designed Admin (FSE)	Total Full-size Rooms	Total Half-size Rooms	Total Quarter-size Rooms	Total Designed Admin (FSE)
DREAM	Baseline Footprint Allocation	5	1	0.00	0	0	8	2.00	-	-	-	-	-	-	-	-

⁵ All figures are from the 2013-2014 Budget Register Projections or charter headcount as of June 28, 2013.

	Adjusted Footprint Allocation	5	0	0.00	0	0	8	2.00	-	-	-	-	-	-	-	-
	Current Footprint Allocation	5	0	0.00	0	0	8	2.00	-	-	-	-	5	0	8	0.00
P.S. 50	Baseline Footprint Allocation	17	7	1.50	0	3	0	3.00	-	-	-	-	-	-	-	-
	Adjusted Footprint Allocation	24	0	1.50	0	3	0	3.00	-	-	-	-	-	-	-	-
	Current Footprint Allocation	24	0	1.50	0	3	0	3.00	0	0	17	0	24	3	17	1.50
NYCA	Baseline Footprint Allocation	0	11	0.00	0	0	12	3.00	-	-	-	-	-	-	-	-
	Adjusted Baseline Allocation	10	1	0.00	0	0	12	3.00	-	-	-	-	10	1	12	0.00
	Current Footprint Allocation	10	0	0.00	0	0	12	3.00	-	-	-	-	10	0	12	0.00

DREAM's baseline allocation has been adjusted for the following reasons:

- The Building Council, comprised of the leadership of all three schools and in conjunction with the DOE's Office of Space Planning made a decision to allocate DREAM space under its baseline allocation by 1 half-size space. DREAM's school leadership has confirmed that it can effectively deliver instruction in the allocated spaces.

P.S. 50's baseline allocation has been adjusted for the following reasons:

- P.S. 50 is projected to serve 5 self-contained special education classes. Typically, as per the Footprint, self-contained special education classes are accommodated in half-size rooms. In this case, due to an insufficient number of half-size rooms, P.S. 50's baseline allocation has been adjusted to include 5 additional full-size rooms in lieu of half-size rooms.
- Additionally, due to an insufficient number of half-size rooms, P.S. 50's baseline allocation has been adjusted to include 2 additional full-size rooms in lieu of half size rooms for resource room purposes.

NYCA's baseline allocation has been adjusted for the following reasons:

- NYCA will serve students in 8 self-contained special education classes. Typically, as per the Footprint, self-contained special education classes are accommodated in half-size rooms. In this case, due to an insufficient number of half-size rooms, NYCA's baseline allocation has been adjusted to include 8 additional full-size rooms in lieu of half-size rooms.
- Additionally, due to the insufficient number of contiguous half-size rooms, NYCA's baseline allocation has been adjusted to include 2 additional full-size rooms in lieu of half-size rooms for resource room purposes.
- Consistent with its historical allocation in M050, NYCA is under its baseline allocation by 1 half-size space. This is not a result of the co-location of DREAM. NYCA's school leadership has confirmed that it can effectively deliver instruction in the allocated spaces.
- NYCA's 3.0 FSE administrative baseline allocation is consistent with the administrative allocation for District 75 main sites.⁶

In total, DREAM will be allocated 5 full-size rooms and 8 quarter-size rooms. P.S. 50 will be allocated 24 full-size rooms, 3 half-size rooms, 17 quarter-size rooms and the full-size equivalent of 1.50 designed administrative rooms. This is 17 quarter-size spaces in excess of P.S. 50's adjusted baseline allocation. NYCA will be allocated 10 full-size rooms and 12 quarter-size rooms.

⁶ District 75 ("D75") provides citywide educational, vocational, and behavior support programs for students who are on the autism spectrum, have significant cognitive delays, or are severely emotionally challenged, sensory impaired and/or multiply disabled. D75 provides services to students in a variety of settings, including elementary, middle, and high schools, students' homes, hospitals, and agencies. These programs are located at more than 310 sites in the Bronx, Brooklyn, Manhattan, Queens, Staten Island, and Syosset, New York. Please visit the DOE Web site for additional information about D75 programs at <http://schools.nyc.gov/Offices/District75/default.htm>.

Shared Space Plan: 2013-2014 School Year

A proposed shared space plan for the first and final year of implementation, the 2013-2014 school year, is below. The proposed shared space plan below follows historical shared space usage between NYCA and P.S. 50. The actual shared space plan for the 2013-2014 school year will be created and implemented by the M050 Building Council.

The following plan is based on the estimated duration of time each of the co-located schools will have in each of the shared spaces in building M050.

The final shared space schedule will continue to be collaboratively drafted by the Building Council if this proposal is approved by the Panel for Educational Policy.

JUSTIFICATION OF FEASIBILITY AND EQUITY OF PROPOSED SHARED SPACE PLAN

This proposed Shared Space Plan is based upon the projected enrollments of all schools in the M050 building and other relevant factors further described below for each co-located school. Although the DOE has proposed how the shared spaces in the building may be utilized, Building Councils are free to deviate from the proposed Shared Space Plan to accommodate specific programmatic needs of all special populations or groups within each school as is feasible and equitable, provided that the Building Council agrees on the final Shared Space Plans collaboratively. (NOTE: The Building Council will revisit the Shared Space Plan and its schedules on an annual basis to account for any changes in enrollment or programmatic needs. If conflicts emerge and progress is impaired, the Building Council will follow the dispute resolution procedures outlined in the Campus Policy Memo available at the following link: <http://schools.nyc.gov/commDREAM/campusgov>.)

The below proposed schedules are based on projected enrollments for each co-located school, current space allocation plans, current lunch schedules for the existing schools in the building as described on the DOE School Food website, the total capacity of each shared space, the grades served by each of the co-located schools, and the start and end times of each school's school day (based in part on the Office of Pupil Transportation's bus schedule for a regular school day).⁷ Where possible, the proposed schedules maintain schools' current allocation of time for each shared space and re-distributes any remaining time for additional organizations. To the extent feasible, shared spaces are allocated in a manner that allows schools that have already been using the space to continue using it on a similar schedule in the 2013-2014 school year, based on the 2012-2013 Campus Audit Template submitted by the Building Council.⁸

In planning how P.S. 50, NYCA and DREAM may use the shared spaces, the DOE has applied some or all of the factors described above to develop a proposed plan that allocates time in each space equitably and in such a way that allows the existing schools in M050 to maintain the current shared space schedule as much as possible. In addition, the specialized needs of NYCA's student population means that its students do not use some shared spaces in the building. This proposed shared space plan reflects NYCA's decision not to use those spaces.

Cafeteria:

Cafeteria

- The total time allocated to each organization in the cafeteria is primarily based upon each organization's projected enrollment, and the capacity of the cafeteria. Each organization will be able to accommodate its students in the cafeteria within this proposed allocation of time.
- The capacity of the cafeteria is 300.
- According to the 2012-2013 Campus Audit document, NYCA did not share the cafeteria with P.S. 50. The school leadership of NYCA has confirmed that NYCA does not intend to share the cafeteria with P.S. 50 or DREAM in the 2013-2014 school year for student meals. Therefore, the proposed times below only allocate time in the cafeteria for P.S. 50 and DREAM.

⁷ See DOE's Office of Pupil Transportation website at: <https://www.opt-osfns.org/opt/Resources/SchoolRouteStSearch/SearchResult.aspx>.

⁸ Campus Audits are submitted by each Building Council on an annual basis to the Senior Supervising Superintendent's Office. The Campus Audit documents the collective planning and implementation of Building Council decisions such as shared space scheduling.

- In the proposed plan below, P.S. 50 receives 1 hour for breakfast and 1 hour and 55 minutes for lunch daily. DREAM receives 30 minutes for breakfast and 35 minutes for lunch daily. DREAM and P.S. 50's proposed breakfast times overlap in the cafeteria. With regard to breakfast, the DOE notes that traditionally not all students have opted to participate in the breakfast program at M050.
- The Building Council is free to deviate from the proposed shared space plan and develop an alternative plan, provided that the Building Council comes to an agreement on a shared space plan collaboratively.

Gymnasium, Library, Auditorium, and Science Labs

Gymnasium

- The proposed shared space schedule for the gymnasium is based on M050 Building Council decisions for the 2012-2013 school year.
- The capacity of the gym is 234.
- In the proposed plan below, P.S. 50 receives 27 hours in the gymnasium weekly. NYCA receives 3 hours in the gymnasium weekly. DREAM receives 7 hours and 30 minutes weekly.
- The Building Council is free to deviate from the proposed 2013-2014 Shared Space Plan and may develop an alternative plan to accommodate specific programmatic needs of all groups within each school as is feasible and equitable, provided that the Building Council comes to an agreement on the final shared space plan collaboratively.

Library

- According to the 2012-2013 Campus Audit document, NYCA did not share the library with P.S. 50. The school leadership of NYCA has confirmed that NYCA does not intend to share the library with P.S. 50 or DREAM in the 2013-2014 school year. Therefore, the proposed times below only allocate time in the library for P.S. 50 and DREAM.
- P.S. 50 receives 6 hours and 10 minutes daily and DREAM receives 1 hour and 50 minutes daily.
- The Building Council is free to deviate from the proposed Shared Space Plan to accommodate specific programmatic needs of all groups within each school as is feasible and equitable, provided that the Building Council comes to an agreement on the final shared space plan collaboratively.

Auditorium

- According to the 2012-2013 Campus Audit document, NYCA did not share the auditorium with P.S. 50. The school leadership of NYCA has confirmed that NYCA does not intend to share the auditorium with P.S. 50 or DREAM in the 2013-2014 school year. Therefore, the proposed times below only allocate time in the auditorium for P.S. 50 and DREAM.
- The capacity of the auditorium is 298.
- In the proposed plan below, P.S. 50 receives 5 hours and 23 minutes daily and DREAM receives 1 hour and 35 minutes daily.
- Some M050 school organizations use the auditorium for after-school activities. There is no allocation beyond 2:58 p.m. so as to reserve the after-school scheduling for each school organization or Community Based Organization ("CBO") according to their needs.

- The Building Council is free to deviate from the proposed shared space plan to accommodate specific programmatic needs of all groups within each school as is feasible and equitable, provided that the Building Council comes to an agreement on the final shared space plan collaboratively.

After-School Programs

- The DOE notes that currently the shared spaces are used during after-school hours by multiple school organizations and CAS. Thus, the Building Council should allocate this space as needed for after-school programs. The Building Council is empowered to make additional and alternative allocations, as with all shared space plan times.
- The DOE notes that CAS currently utilizes multiple rooms on multiple floors of M050 during after-school hours on all weekdays. CAS will continue to work with the building council and all co-located organizations.
- The DOE notes that any school in M050 that chooses to offer extended day or after-school programming will have to manage scheduling of shared spaces. The Building Council will address any requests for the use of shared spaces after school hours and will resolve all conflicts using the dispute resolution procedures mentioned above.

Based on the Office of Pupil Transportation’s bus schedules for the earliest start times and latest end times of the school day, DREAM’s regular school day runs from approximately 8:00 a.m. to 4:00 p.m., P.S. 50’s school day runs from 8:00 a.m. to 2:58 p.m., and NYCA’s school day runs from approximately 8:45 a.m. to 2:45 p.m.

Based on the schedule below and the explanations provided above, the DOE believes that the proposed Shared Space Plan is feasible and that each school is being treated equitably and comparably in its ability to use all shared spaces in the building.

Space	Monday	Tuesday	Wednesday	Thursday	Friday
Cafeteria Capacity: 300	Breakfast P.S. 50 7:00 a.m. – 8:00 a.m. DREAM 7:30 a.m. – 8:00 a.m.	Breakfast P.S. 50 7:00 a.m. – 8:00 a.m. DREAM 7:30 a.m. – 8:00 a.m.	Breakfast P.S. 50 7:00 a.m. – 8:00 a.m. DREAM 7:30 a.m. – 8:00 a.m.	Breakfast P.S. 50 7:00 a.m. – 8:00 a.m. DREAM 7:30 a.m. – 8:00 a.m.	Breakfast P.S. 50 7:00 a.m. – 8:00 a.m. DREAM 7:30 a.m. – 8:00 a.m.

Building Safety and Security

Pursuant to Chancellor's Regulation A-414, every school/campus must have a School Safety Committee. The committee plays an essential role in the establishment of safety procedures, the communication of expectations and responsibilities of students and staff, and the design of prevention and intervention strategies and programs specific to the needs of the school. The committee is comprised of various members of the school community, including Principal(s); designees of all other programs operating within the building; United Federations of Teachers Chapter Leader; Custodial Engineer/designee; and In-house School Safety Agent Level III, among others. The committee is responsible for addressing safety matters on an ongoing basis and making appropriate recommendations to the Principal(s) when it identifies the need for additional security measures, intervention, training, etc. The Committee is also responsible for developing a comprehensive School Safety Plan which defines the normal operations of the site and what procedures are in place in the event of an emergency. The plan must be consistent with the Citywide prescribed safety plan shell. Each program operating within a school must enter program-specific information in the School Safety Plan. The School Safety Plan is updated annually by the School Safety Committee in order to meet changing security needs, changes in organization and building conditions, and other factors. In addition, the Committee recommends changes in the School Safety Plan at any other time when it is necessary to address security concerns.

Consistent with the process described above, the leaders/designees of DREAM, P.S. 50 and NYCA will continue to be part of the M050 School Safety Committee. As members of the School Safety Committee, the leaders/designees of DREAM, P.S. 50 and NYCA will participate in the development of the building's School Safety Plan and ensure that any security-related issues or needs that may arise with respect to the co-locations of DREAM, P.S. 50 and NYCA will be addressed on an ongoing basis. Moreover, the School Safety Plan for the M050 school building will be modified as appropriate to meet any changing security needs associated with the co-location. The leaders/designees of DREAM, P.S. 50 and NYCA will enter information in the M050 schools' overall School Safety Plan to ensure the safe operation of the school building.

Each school building must also establish a Building Response Team that will consist of trained staff members from each school in the building, which is activated when emergencies or large building-wide events occur. The members of this team must be identified and listed in the School Safety Plan. The completed School Safety Plan for the M050 school building will be submitted to the Borough Safety Directors of the Office of School and Youth Development for approval. If changes or modifications are necessary, the School Safety Committee will be advised. Once the School Safety Plan is approved, it will be submitted to the New York City Police Department ("NYPD") for final approval and certification by the NYPD.

Proposed Communications Strategy

As per the Campus Policy Memo 2011, co-located schools must actively participate in a Building Council (BC), which is a campus structure for administrative decision-making for issues impacting all schools in the building.⁹ Only principals and charter school leaders serve on the BC. The BC shall meet at least once a month to discuss and resolve issues related to the smooth daily operation of all schools in the building and the safety of the students they serve. The BC principals and charter school leaders, where applicable, communicate their decisions campus-wide to staff, students, and parents, especially as related to issues of safety, shared space, campus schedules, split-staff agreements, and extended facility use.

A Shared Space Committee (SSC) shall be established by the principals of the schools at campuses where charter schools are co-located in a public school building with one or more non-charter schools or District 75 schools, as set forth in Chancellor's Regulation A-190. With respect to charter school co-locations approved after May 28, 2010, the effective date of the amended New York Charter Schools Act, the SSC is to review the implementation of the BUP once it has been approved by the Panel for Educational Policy. With respect to charter schools that were approved to be located or co-located in a public school building prior to the effective date of the amended New York Charter Schools Act, the SSC shall review implementation of the current building space plans in place at those buildings. The SSC will meet at minimum four times per year.

The SSC will be comprised of the principal/designee, a teacher/designee and a parent of each co-located school. With respect to a non-charter school's teacher and parent members, such SSC members shall be selected by the corresponding constituent member of the School Leadership Team of the school. Charter school leaders will work with their constituencies to select the parent and teacher/designee representing that school. SSC agendas and minutes shall be shared with the BC. SSC members may be asked to communicate with their constituencies about the BUP and its campus implementation.
