Panel for Educational Policy
Contract Agenda
August 22, 2012

Item: 1 **Description:** Purchase gasoline for DOE vehicles through DCAS contract.

Term: 6 months **Options:** None **Funding:** Tax Levy

Division: Division of School Facilities **Contract Type:** Requirements

Vendor Name	Estimated Annual Amount
Sprague Energy Corporation	$400,000

Item: 2 **Description:** Enhancements to an existing platform that will integrate several alternate assessment tools, provide professional development for District 75 / Citywide Programs (District 75) and offer training on how to use the system.

Term: 2 years **Options:** None **Funding:** Tax Levy

Division: Citywide Program Admin **Contract Type:** Full Value

Vendor Name	Annual Amount
Forall Systems, Inc.	$37,500

Item: 3 **Description:** Online application and tracking system for school-based personnel.

Term: 1 year **Options:** None **Funding:** Tax Levy

Division: Division of Human Resources **Contract Type:** Requirements

Vendor Name	Estimated Annual Amount
Teachers Support Network	$850,000

Item: 4 WITHDRAWN

Item: 5 **Description:** Special education related services for pre-school and school age children, and temporary school nurses. (RA #3 for this RFP). These are tertiary vendors who have not been awarded previous contracts under this RFP plus one primary vendor.

Term: 3 years **Options:** 2 one year options **Funding:** Tax Levy

Division: Office of School Health **Contract Type:** Requirements

Vendor Name	Estimated Annual Amount
Abiltiy OT, PT, and SLP Therapy, PLLC	$100,000
Aim High Children's Services	$100,000
All in 1 S.P.O.T with TheraTalk, SLP, PT, OT, PLLC	$100,000
All Services for Kids Inc.	$100,000

Description:

Purchase gasoline for DOE vehicles through DCAS contract.

REQUEST FOR AUTHORIZATION
TO ACCESS THE NEGOTIATED ACQUISITION EXTENSION OF NYC DCAS CONTRACT TO PURCHASE GASOLINE

Annual/Total Contract Amount	Funding Source	Contract Term	Options	Procurement Method	Is Contract Retroactive?	Contract Type
$400,000 Estimated Usage; Variable Price Contract	Tax Levy	6/30/12 - 12/31/12	N/A	DCAS-Negotiated Acquisition Extension (Competitive Bid)	Yes	Requirement

Vendor Name & Address	Sprague Energy Corporation Two International Drive Portsmouth, NH 03801

Service Requestor/Contract Manager	Division of Contracts & Purchasing Contact
Frank Borowiec Director, Facilities Management Division of School Facilities (DSF)	Shelley Epstein Director

PURPOSE

Authorization is requested to access the negotiated acquisition extension of the NYC Department of Citywide Administrative Services (DCAS) contract with Sprague Energy Corporation for the purchase of gasoline.

DISCUSSION

The Department has used DCAS contracts to purchase gasoline for at least 15 years, allowing the Division of School Facilities (DSF) to share in the savings achieved by combining the DOE's volume with that of other City agencies. This contract provides gasoline for DOE vehicles when staff travels to conduct official business. The DOE is named in the DCAS bid document as a user of the contract.

The contract would have expired June 30, 2011 but was extended through October 28, 2011 and further extended until June 29, 2012. DCAS contracts cannot be extended beyond 365 days. In order to provide gasoline for City vehicles while a new contract is being bid, a negotiated acquisition extension for a term of six months was awarded to Sprague at the same prices as their previous contract. It is not in the best interests of the DOE to bid these contracts separately, as the DOE benefits from the lower costs through aggregate purchases made possible by the DCAS contract.

DCAS originally procured this commodity through a competitive solicitation. Two bids were received and award was made to the lowest bidder. A background check found no significant adverse information on the vendor. DCAS determined Sprague to be a responsible bidder.

This is a variable price contract and consists of two parts: a base price and a differential. Pricing is based on the Platts Index and changes weekly. The vendor's differential is added to the base price to determine the final price paid under the contract. For example, the average price that consumers paid for regular unleaded gasoline at the pump for March 2012 was $3.990 and the contract price was $3.596. The estimated amount of $400,000 for six months is based on past usage.

Given the competitive nature of this procurement, these prices have been determined to be fair and reasonable.

Item: 2

Description:

Enhancements to an existing platform that will integrate several alternate assessment tools, provide professional development for District 75 / Citywide Programs (District 75) and offer training on how to use the system.

REQUEST FOR AUTHORIZATION TO CONTRACT WITH FORALL SYSTEMS, INC. FOR TECHNOLOGY SERVICES IN SUPPORT OF ALTERNATE ASSESSMENT AND PROFESSIONAL DEVELOPMENT FOR DISTRICT 75

Estimated Annual / Total Contract Amount	Funding Source	Contract Term	Options	Procurement Method	Is Contract Retroactive?	Contract Type
$75,000	Tax Levy	9/1/12 – 8/30/14	None	Negotiated Service	No	Full Value
Vendor Name & Address	Forall Systems, Inc. 53 W. Jackson Boulevard, Suite 1309 Chicago, IL 60604					

Contract Manager / Lead Contracting Officer:	**Division of Contracts & Purchasing Contact:**
Leslie Schecht Director of Technology	Romayne Jagessar
Division:	**Title:**
District 75 / Citywide Programs	Managing Director Office of Vendor Research & Price Analysis

PURPOSE

Authorization is requested to contract with Forall Systems, Inc. (Forall), an Internet web development company, to integrate several online alternate assessment tools, provide professional development for District 75 / Citywide Programs (District 75), and offer training on how to use the system.

DISCUSSION

District 75 accesses information collected from various student assessment products, one of which is the Student Annual Needs Determination Inventory (SANDI) tool that was originally designed and implemented by Lakeshore Equipment Company (Lakeshore) with Forall as a subcontractor. District 75 wants to engage Forall to enhance the platform on which SANDI is maintained to incorporate information currently collected by other alternative assessment tools such as Assessment of Basic Language (ABLLS), the Equals Mathematics Curriculum (Equals), and Get Ready to Learn (GTRL). SANDI is the only true platform that exists at this time. While GTRL already is housed on SANDI, Equals and ABLLS are housed locally at each school using Google Docs. By incorporating the online versions of these assessment tools onto the platform with SANDI, all teachers, districts, and school administrators will be able to access the District 75 student assessment data from a single source or log-in.

A competitive procurement would not be practical because the platform that will be expanded to include all of these assessements has already been designed and built by Forall as a subcontractor to Lakeshore. Forall has the experience required to build a platform that will integrate the alternative assessments, including assessments of special needs students, and provide support to teachers and administrative staff should they encounter difficulty in accessing the integrated platforms. Pricing includes integration and support for two years at a cost of $15 per user, plus a flat fee of $15,000 per year. Should the DOE require access for more than 1,000 users per year, Forall will charge $13/user. Based on a comparision with prices ranging from $95 to $125 per user, Forall's pricing has been determined fair and reasonable.

DCP has performed a background search of Forall using VENDEX, the Federal debarment list, and DOE internal sources and found no significant adverse information. Therefore, Forall has been determined to be a responsible vendor.

Item: 3

Description:

Online application and tracking system for school-based personnel.

REQUEST FOR AUTHORIZATION TO CONTRACT WITH TEACHERS SUPPORT NETWORK

Estimated Contract Amount	Funding Source	Contract Term	Renewal Options	Procurement Method	Is Contract Retroactive?	Contract Type
$850,000	Tax Levy	10/1/12 – 9/30/13	None	Negotiated Service	No	Requirements

Vendor Name & Address	Teachers Support Network 211 Nassau Street Princeton, NJ 08543

Contract Manager:	Lead Contracting Officer:	Division of Contracts & Purchasing Contact:
Peter Ianniello Deputy Executive Director	Lawrence Becker Chief Executive Officer	TaRel Hardy
Division of Human Resources	Division of Human Resources	Procurement Analyst

PURPOSE

Authorization is requested to contract with Teachers Support Network (TSN) to provide an online application and tracking system for school-based personnel. TSN will provide an application portal and associated services that are used to recruit and employ teachers.

DISCUSSION

TSN supports DOE efforts to recruit teaching candidates in what have traditionally been academic shortage areas, including mathematics, sciences, special education, and bilingual education. While the TSN system was originally expected to be used only for teachers, it was later expanded to include supervisors and administrators. The current contract was awarded as a result of a request for proposals and expires September 30, 2012. It has no provisions for renewals.

Under this negotiated services contract, TSN will assist the DOE with establishing and maintaining a web-based application and tracking system that supports:

- A web-based portal where individuals desiring employment as teachers and other school-based personnel submit job applications;
- An online system to track and review those applications;
- A data exchange process to manage the review of applications;
- An automated communications system to manage all notifications related to the online applications;
- Hosting of all related application and support materials;
- Maintenance of all related sites, servers and databases.

A new RFP will be released during the contract term.

There is no increase in the annual price, which has remained constant since the contract was awarded in 2006. Moreover, the $850,000 annual amount for this negotiated services contract is $250,000 less than that of the previous year. The pricing has therefore been determined to be fair and reasonable.

Background checks performed on Teachers Support Network included VENDEX, FAMIS, CTS, and the Federal Debarment List identified no significant adverse information. Accordingly, Teachers Support Network has been determined to be a responsible vendor.

Item: 4

Description:

Withdrawn

Item: 5

Description:

Special education related services for pre-school and school age children, and temporary school nurses. (RA #3 for this RFP). These are tertiary vendors who have not been awarded previous contracts under this RFP plus one primary vendor.

REQUEST FOR AUTHORIZATION TO ENTER INTO ADDITIONAL AGREEMENTS TO PROVIDE RELATED SERVICES FOR SPECIAL NEEDS STUDENTS PLUS GENERAL NURSING SERVICES (RFP R0927) RA #3

Estimated Annual/ Total Contract Amount	Funding Source	Contract Term	Options	Option Amounts	Procurement Method	Is Contract Retroactive?	Contract Type
$34,535,000 / $103,605,000	Tax Levy / Reimbursable	Three Years	Two 1-Year Options to Renew	$69,070,000	Request for Proposals (RFP)	No	Requirements

Vendor Name & Address	See below.

Service Requestor / Contract Manager	Division of Contracts and Purchasing Contact
Ava Mopper Office of School Health	Peter Frey

PURPOSE

Authorization is requested to contract with the vendors named below to provide Related Services to students with special needs. These services are for preschool (ages 3-5) and school-age (ages 5-21) students pursuant to an approved Individualized Education Program (IEP) by the IEP teams of schools, the Committees on Preschool Special Education, or the Committees on Special Education. In addition, nursing services for both special education and general education students are included. These contracts will replace contracts that will expire August 31, 2012.

The New York City Department of Health and Mental Hygiene (DOHMH) may elect to issue purchase orders against these contracts for school nurses to supplement DOHMH's full time in-school staff. DOE's nursing services and licensing requirements are the same as DOHMH's.

This Request for Authorization (RA) is for vendors not previously authorized contracts under the RFP. They include 1 Primary vendor and 40 Tertiary vendors.

This is the third RA under this solicitation. The first 2 RA's covered Primary vendors.

DISCUSSION

The DOE is mandated by federal and state law, as well as by judgments in the federal court case of *Jose P. v. Sobol,* to evaluate students and to provide special education related services where indicated, including monolingual or bilingual related services. In cases where the DOE is unable to meet this mandate with in-house staff, contracted service providers are used. This RA seeks approval for said providers.

The Related Services to be provided pursuant to contracts awarded via this RFP are as follows:

- Counseling (English, Spanish, and other languages)
- Education Vision Services (English Spanish, and other languages)
- Health Services by Health Aides (English only)

- Health Services by Nurse for School Program (English only)
- Health Services by Nurse for Transportation (English only)
- Hearing Education Services (English, Spanish, and other languages)
- Occupational Therapy (English only)
- Orientation and Mobility Instruction (English only)
- Physical Therapy (English only)
- Sign Language Interpreting (English only)
- Speech Therapy (English, Spanish, and other languages)

The RFP calls for designation of a "Primary" contracted vendor for each discipline within a school district; in the case of District 75 schools and pre-school services, however, locations are by borough.

The RFP established three vendor tiers:

1. *Primary vendors* have been determined to offer the best value in meeting the anticipated need of a district or borough and will be given the first opportunity to fill each service request at a negotiated price.
2. *Secondary vendors*, defined as those with a primary designation in another district or borough for the same discipline who offered a proposal for the district in question, will be offered the opportunity to fill each request not filled by the Primary vendors within a specified timeframe at a negotiated price, in ascending price order.
3. *Tertiary vendors*, including both a) all other Primary vendors in the discipline without an award in the district or borough and b) all other vendors who applied for Primary or Tertiary designations and were evaluated as "well qualified" but not designated as a Primary vendor, will be offered the opportunity to fill each request not filled by Primary or Secondary vendor. Tertiary vendors will be paid the average of their Primary award(s) for the discipline, where applicable, under "a)" above, or for "b)" at their negotiated price for the district or borough, in ascending price order. The Tertiary vendor with the lowest price that offers to fill the assignment will be given the assignment.

In an effort to increase vendor performance with respect to key operational and instructional objectives, Service Level Agreements (SLAs) are included in the RFP. Contractors designated as Primary or Secondary for a discipline in one or more districts or boroughs may lose such designations if they fail to meet the SLAs. These contracts will also include provisions that facilitate and maximize Medicaid reimbursement.

Option years under these contracts have a price adjustment clause based on a Producer Price Index (PPI). Adjustments will be only for amounts in excess of two percent of the original contract price, so if the PPI shows a three percent change then contract prices will change by one percent. There is a parallel provision under which rates will drop when the PPI falls by more than two percent.

Due to the number of disciplines and large volume of proposals, multiple review committees were established to review each proposal for each discipline and make recommendations for award as Primary or Tertiary vendor. (Awards to Secondary vendors are based on Primary vendor awards negotiated prices.)

The review committees, in accordance with the RFP, ensured that vendors' capacities were not overtaxed by limiting awards to no more than five geographic areas (districts or boroughs) in a discipline per vendor, although this limitation was waived on occasions in cases where a vendor was the only viable proposer in that geographic area.

The evaluation criteria were: Price (45%), Organizational Capacity (30%), and Demonstrated Effectiveness (25%).

Of 108 proposals received covering about 6,000 discipline/districts, six did not meet the minimum qualifications.

The large number of vendors responding to this RFP created a very competitive market. The Primary Awardee in this RA, Feigi Taub Halberstam (FTH), was included in the previous RA's price analysis.

The Tertiary vendors named here are recommended based on acceptable program and pricing that was within 1 standard deviation of the average rate of all proposals that received 2 or more recommendations (out of a possible 3) for that discipline in a particular borough. DCP's Cost Price Analysis unit has determined that is a reasonable basis for determining prices to be fair and reasonable.

Comprehensive background checks are being performed for those vendors whose contracts have estimated amounts exceeding $1 million over three years. The Mayor's Office of Contract Services' (MOCS) Advice of Caution database and VENDEX were reviewed for the remainder. No significant adverse information has been revealed to date except as noted below.

- FTH Audiology – A New York State Education Department (SED) audit of affiliated Omni Childhood Center's pre-school children with disabilities contracts found Omni owing about $900,000 for services provided in 2005-06. Omni has agreed to a payment plan for this amount and a further agreement was made between the vendor and NYCDOE to reimburse NYCDOE additional amounts as determined by SED for future years. Execution of the contract will be withheld until the later agreement is executed. As the vendor has agreed to resolve this issue, it is not sufficient to find the vendor not responsible. It is also noted that the contract under this RA is a fee-for-service and specific vendor costs are not reimbursed separately.

- All Services for Kids– This vendor also has a pre-school students with disabilities contract for which an audit revealed billing for inappropriate expenses that resulted in a settlement of about $637,000 owed to the DOE. A payment plan is in place and they are up to date. While this large amount is a cause of concern regarding the vendor's financial capacity, this (as well as other) tertiary vendor's carrying costs are not expected to be substantial. The payment plan, therefore is not a impediment to award.

- Eurofitness Rehabilitation – An affiliate of this vendor, Kids Unlimited, was determined by SCI to have provided false documents in supported of providing services under Related Service Authorizations. The vendor paid about $12,650 back to the NYCDOE and submitted a corrective action plan that was acceptable to DCP. This is not sufficient to find the vendor not responsible.

- All In 1 Spot with TheraTalk – Vendor was determined by SCI to have billed for services by a provider who did not have proper authorization. The vendor paid about $38,160 back to the NYCDOE and submitted a corrective action plan that was acceptable to DCP. This is not sufficient to find the vendor not responsible.

- Pollack & Associates – Vendor (dba as Pollack & Kotler) was determined by SCI in 2010 to have billed for services by a provider who did not have proper authorization. The vendor paid about $5,800 back to the NYCDOE and submitted a corrective action plan that was acceptable to DCP. This is not sufficient to find the vendor not responsible.

For those vendors whose background checks are not completed at this time, contracts will be withheld until the Panel is consulted if significant adverse findings are reveled.

An analysis performed by the Office of the Auditor General determined that all vendors, aside from All Services for Kids, which is discussed above, have sufficient financial capacity to perform the services for which they are contracted.

The Primary and Tertiary awards are listed separately below. Subsequent RAs will seek authorization for list additional Primary awards, Secondary, and Tertiary awards.

Primary Vendor	Estimated Annual Contract Amt	3-Yr Estimated Contract Amt
Feigi Taub Halberstam Audiology and Speech Pathology, P.C.	$30,335,000	$91,005,000

Details of Unit Prices follow. Unit prices are per ½ hour. Except those prices under School Type Nursing (Health Aids, Nurses, and Nurses-Transportation) which are per hour. Note, Counseling prices are for a psychologist. If the IEP allows and vendor provides a social worker, then the rate is 87.5% of listed price. By definition, Primary vendors are also Tertiary "a)" vendors citywide for the discipline(s) listed. They are paid the average of their Primary awards in the discipline(s).

Primary Vendor Name	School Type	Discipline	Borough	District	Language	Price/ per 1/2 Hour Except Nursing School Type - per Hour

Item: 6

Description:

Special education related services for pre-school and school age children, and temporary school nurses (RA#4 for this RFP). These vendors are already authorized primary vendors who are being awarded additional disciplines and/or districts under this RFP.

REQUEST FOR AUTHORIZATION TO AMEND AGREEMENTS TO PROVIDE RELATED SERVICES FOR SPECIAL NEEDS STUDENTS PLUS GENERAL NURSING SERVICES (RFP R0927) RA #4

Estimated Annual/ Total Contract Amount	Funding Source	Contract Term	Options	Option Amounts	Procurement Method	Is Contract Retroactive?	Contract Type
$32,325,400 / $96,976,200	Tax Levy / Reimbursable	Three Years	Two 1-Year Options to Renew	$64,650,800	Request for Proposals (RFP)	No	Requirements

Vendor Name & Address	See below.

Service Requestor / Contract Manager	Division of Contracts and Purchasing Contact
Ava Mopper Office of School Health	Peter Frey

PURPOSE

Authorization is requested to amend contracts with the vendors named below to provide Related Services to students with special needs. These services are for preschool (ages 3-5) and school-age (ages 5-21) students pursuant to an approved Individualized Education Program (IEP) by the IEP teams of schools, the Committees on Preschool Special Education, or the Committees on Special Education. In addition, nursing services for both special education and general education students are included. These contracts will replace contracts that will expire August 31, 2012.

The New York City Department of Health and Mental Hygiene (DOHMH) may elect to issue purchase orders against these contracts for school nurses to supplement DOHMH's full time in-school staff. DOE's nursing services and licensing requirements are the same as DOHMH's.

The vendors in this RA were previously authorized for contracts as Primary vendors under RFP R0927. Those awards were authorized by the Panel for Educational Policy in June and July. This Authorization provides for contract amendments that will include additional disciplines and/or districts.

This is the fourth Request for Authorization under this solicitation. The third RA is for the award of Tertiary vendors who were not previously awarded.

DISCUSSION

The DOE is mandated by federal and state law, as well as by judgments in the federal court case of *Jose P. v. Sobol,* to evaluate students and to provide special education related services where indicated, including monolingual or bilingual related services. In cases where the DOE is unable to meet this mandate with in-house staff, contracted service providers are used. This RA seeks approval for said providers.

The Related Services to be provided pursuant to contracts awarded via this RFP are as follows:

- Counseling (English, Spanish, and other languages)

- Education Vision Services (English Spanish, and other languages)
- Health Services by Health Aides (English only)
- Health Services by Nurse for School Program (English only)
- Health Services by Nurse for Transportation (English only)
- Hearing Education Services (English, Spanish, and other languages)
- Occupational Therapy (English only)
- Orientation and Mobility Instruction (English only)
- Physical Therapy (English only)
- Sign Language Interpreting (English only)
- Speech Therapy (English, Spanish, and other languages)

The review committees, in accordance with the RFP, ensured that vendors' capacities were not overtaxed by limiting awards to no more than five geographic areas (districts or boroughs) in a discipline per vendor, although this limitation was waived on occasions in cases where a vendor was the only viable proposer in that geographic area.

The evaluation criteria were: Price (45%), Organizational Capacity (30%), and Demonstrated Effectiveness (25%).

The large number of vendors responding to this RFP created a very competitive market. In two instances, award was not made to the vendor offering the lowest rate within a district because no vendor was allowed to receive awards for more than five districts within a particular discipline. The evaluation committee verified that under those circumstances awards were made so that the DOE received the best possible combination of prices. In those cases, the committee determined the lack of feasible alternative vendor and time saved in getting services to a child using a contracted vendor was in the best interest of DOE considering the extreme rarity of these cases. In view of the above, prices can be determined to be fair and reasonable.

Comprehensive background checks was performed for those vendors whose contracts have estimated amounts exceeding $1 million over three years. The Mayor's Office of Contract Services' (MOCS) Advice of Caution database and VENDEX were reviewed for the remainder. No significant adverse information was revealed.

The additional Primary awards are listed below. Subsequent RAs may list additional Primary awards, Secondary, and Tertiary awards.

Vendor	Estimated Annual Contract Amt	3-Yr Estimated Contract Amt
Horizon Healthcare Staffing Corp.	$28,459,400	$85,378,200
AssistCare Home Health Services LLC (dba) Preferred Services	$23,000	$69,000
Happy Dragon of USA, Inc.	$620,000	$1,860,000
Sunbelt Staffing, LLC	$300,000	$900,000
Yeled VYalda E.C.C., Inc.	$2,923,000	$8,769,000
Grand Total	$32,325,400	$96,976,200

Details of Unit Prices follow. Unit prices are per ½ hour. Except those prices under School Type Nursing (Health Aids, Nurses, and Nurses-Transportation) which are per hour. Note, Counseling prices are for a psychologist. If the IEP allows and vendor provides a social worker, then the rate is 87.5% of listed price. By definition, Primary vendors are also Tertiary "a)" vendors citywide for the discipline(s) listed. They are paid the average of their Primary awards in the discipline(s).

Item: 7

Description:

High-quality instructional programming as part of the Universal Prekindergarten (UPK) program.

REQUEST FOR AUTHORIZATION TO CONTRACT WITH PROVIDERS OF EARLY CHILDHOOD EDUCATION SERVICES FOR FOUR-YEAR-OLDS IN THE UNIVERSAL PREKINDERGARTEN PROGRAM (RFP R0922)

Estimated Annual/Total Contract Amounts	Funding Source	Contract Term	Options	Estimated Options Amount	Procurement Method	Is Contract Retroactive?	Contract Type
$4,309,660/ $21,548,300	New York State Education Department (NYSED) + Tax Levy	Three Years	Options to Extend for Two 1-Year Periods Or One 2-Year Period	$8,619,320	Request for Proposals (RFP)	No	Requirement

Vendor Name & Address	See attached table.

Service Requestor/Contract Manager	Division of Contracts & Purchasing Contact
Dominique West Director of Operations Office of Early Childhood Education	Maxine Needle UPK Director

PURPOSE

Authorization is requested to contract with the 31 vendors listed in the attached table to provide high-quality instructional programming as part of the Universal Prekindergarten (UPK) program.

DISCUSSION

Request for Proposal (RFP) R0922 was released on January 5, 2012, seeking to identify eligible high-quality early childhood providers who are willing to collaborate with Early Childhood Field Office(s) to implement the Universal Prekindergarten Program (UPK) in New York City districts with a high need for prekindergarten seats.

Vendors who applied to the Administration for Children's Services (ACS) EarlyLearn NYC program were also given the opportunity to submit proposal for this NYC DOE UPK contract ("EarlyLearn" represents a restructuring of services that would unify ACS-funded day care, Head Start and Universal Pre-Kindergarten services into single, blended contracts). As stipulated in the UPK RFP, proposals from these vendors would not be reviewed until ACS made its decision as to which vendors will receive Early Learn awards.

361 proposals were submitted in response to RFP R0922 and 154 were recommended for award and approved by the Panel for Educational Policy on June 26, 2012. At the direction of

the Office of Early Childhood Education (OECE), the field offices were instructed to delay the evaluations of the 133 proposals submitted dually to ACS and the DOE until the EarlyLearn NYC contracts were announced

After the EarlyLearn award decisions were announced, a DOE Early Childhood staff member contacted the 49 vendors who were not awarded EarlyLearn contracts for some/all sites applied for, and confirmed that they would like to move forward with the evaluation process.

The evaluation committees that reviewed the prior proposals were reconvened. The committees were composed of a minimum of three members that evaluated each application and included a Program Manager, Instructional Project Manager, Operations Analyst, Administrative Assistant, and/or Instructional Coordinator.

The evaluation criteria used to evaluate the first group of proposals was used in this process:

Response Category	Maximum Points
Program Plan	25
Organizational Capacity	15
Demonstrated Effectiveness	15
Site Visit	45
Total	**100**

All vendors who met minimum qualifications, scored at or above the 80 points and presented fair and reasonable prices were recommended for award.

The New York State Education Department (NYSED) provides funding that averages $3,866 per child per year. The average cost per child through these proposed contracts is expected to be $3,492.

For vendors with contracts estimated to be under $1 million, DCP reviewed information regarding their backgrounds in VENDEX and found no significant adverse information. Chinese-American Planning Council Inc has a contract over $1 million and is still pending a comprehensive background check by Vendor Compliance, Investigations and Performance (VCIP). We will notify the Panel of any noteworthy findings.

The 31 vendors listed below are recommended for award contingent upon these vendors accepting a contract with the DOE in the event that Child Care funding from ACS is restored.

Description:

Web-based academic, college, career, and life assessment program for District 79 students.

REQUEST FOR AUTHORIZATION TO CONTRACT WITH XAP, INC. FOR A STUDENT INDIVIDUAL LEARNING SYSTEM

Annual / Total Contract Amount	Funding Source	Contract Term	Options	Option Annual / Total Amount	Procurement Method	Is Contract Retroactive?	Contract Type
$110,338 / $331,014	Tax Levy	Two Years, 9 months	One 2-Year Extension	$110,338 / $220,676	Sole Source Goods	No	Requirements

Vendor Name & Address	XAP, Inc. 3534 Hayden Ave. Culver City, CA 90232

Service Requestor / Contract Manager	Division of Contracts & Purchasing Contact
Vanessa Rodriquez Chief Operating Officer, District 79	James J. McBride Chief Administrator, Central Office Procurement

PURPOSE

Authorization is requested to contract with XAP, Inc. ("XAP"), to provide a Web-based academic, college, career, and life assessment system (the System) for students and staff in District 79. The contract will commence on or about October 1, 2012 and expire on June 30, 2015.

DISCUSSION

District 79's student population consists of teen parents, GED students, and students who are incarcerated, in drug treatment, or have dropped out of high school. On average, students spend fewer than three months in District 79 programs. In some programs, they spend an average of 30 days.

XAP's System will allow District 79 students to research various life options and set, assess, and track their academic, college, career, social, and emotional goals. It will also allow District 79 support staff to track each student's progress.

XAP was selected because internet access is prohibited for students who are detained at East River Academy at Riker's Island and at Passages Academy, so DOE must be able to load the application on DOE servers. DCP conducted a request for information (RFI) and advertised the District 79 requirement in the City Record, but no other vendors were able to provide products that could be used in environments without internet access and that also have databases containing college and career information specifically for New York State and New York City. Thus it was determined XAP, Inc. is the only vendor that can provide a platform that meets DOE's functionality and delivery requirements.

The System will consist of the Transitions product for students; the Professional Center for principals, teachers, administrators, and other school staff in District 79; and the Report Central to generate reports for administrators. Additional modules are available that may be added to the System if requested by the DOE.

The Transitions product allows students to customize college, career, and education plans while also providing electronic college applications. XAP will upload the student data and completed tasks from the stand-alone system to the Internet for access by the DOE and future access by student users, who will be able to access their data in perpetuity. The System will also include training, custom webinars for administrators, website/portal maintenance, and weekly phone consultations for administrators.

Initial implementation will take place in seven schools/programs. Three schools serve middle school students; the remaining schools serve high school, GED, and post- secondary students, for a daily average of 8,000 students and a yearly average of 18,000 students. In addition, 1,000 District 79 schools and central office staff members will have simultaneous access each year.

The price covers the annual cost of licenses for the software with no cap or limitation on the number of sites or users, as long as all sites and users served are a part of District 79. The vendor is offering the DOE a 45% discount off of its list price and has guaranteed the DOE Most Favored Nation pricing; therefore, the vendor's price has been determined to be fair and reasonable.

A notice of intent to enter into negotiations was published in the City Record and on DOE's website for five days, giving other vendors the opportunity to submit a letter of interest if they chose to compete for this procurement. No responses were received from other vendors; therefore, the DOE proceeded with a sole source procurement.

DCP reviewed information regarding XAP's background Vendor Compliance, Investigations and Performance (VCIP) reports, Department of Labor, and the Excluded Parties List and found no significant adverse information. A check of VENDEX is still pending.

Item: 9

Description:

Arts education services including professional development and parent engagement in the fields of dance, music, theatre, visual arts, and the moving image. (RA #3)

REQUEST FOR AUTHORIZATION (RA #3) FOR ARTS EDUCATION SERVICES (MTAC R0891)

Annual / Total Contract Amount	Funding Source	Contract Term	Options	Procurement Method	Is Contract Retroactive?	Contract Type
$1,180,000 / $5,900,000	Various	Five Years	None	Multiple Task Award Contract (MTAC)	No	Requirements

Vendor Names & Addresses	See Table B below.

Service Requestor/Contract Manager	Division of Contracts & Purchasing Contact
Paul King Executive Director, Office of Arts & Special Projects	Aldrina Hazell Procurement Analyst, Instructional Service Procurement

PURPOSE

Authorization is requested on behalf of the Office of Arts and Special Projects (OASP) to contract with the vendors named below to provide arts education services. Awarded vendors will offer direct services to students with optional related professional development and parent engagement in the areas of dance, music, theater, visual arts, and the moving image. These services will be provided at the discretion of each participating school or central office operating on behalf of a school or consortium of schools. Arts services contracts are used by nearly all public and non-public schools.

DISCUSSION

The goal of this MTAC is to contract with vendors who will deliver high-quality arts services that support and advance teaching and learning by building on the *Blueprint for the Arts* and the New York State Learning Standards (NYSLS) for the Arts. The *Blueprint* forms the basis for instructional programs in dance, music, theater, visual arts, and the moving image and is built upon five strands of Arts Learning: Arts Making; Literacy in the Arts; Making Connections; Community and Cultural Resources; and Careers and Life-long Learning. Exemplary services will incorporate the guidelines established in the *Blueprint* while enhancing studies in other areas.

Contracts pursuant to a similar Pre-Qualified Solicitation (PQS)/Multiple Task Award Contract (MTAC) released in 2007 expire September 2, 2012. This solicitation sought proposals from qualified organizations to continue providing Arts Education Services to City schools. To date, 93 proposals have been received and 45 vendors were previously recommended for award. Eleven are recommended in this RA.

Proposals were distributed to an evaluation committee that includes current and retired school principals, assistant principals, arts coordinators, and directors from OASP, all of whom are knowledgeable about the *Blueprint* and the NYSLS for the Arts. They have participated in developing the *Blueprint*, are currently implementing quality arts programming, and possess years of experience within the City's public schools or DOE central offices. To ensure scoring consistency, a training session was conducted for all committee members, in which they received an overview of the process and a scoring rubric. Proposals were evaluated using the following criteria: program plan (25 points), organizational capacity (25 points), demonstrated effectiveness (25 points), and price (25 points). Successful vendors were required to achieve a minimum score of 80 points. Providers included in this

RA had previous arts education services contracts and were recommended for contract award by schools they served and the applicable committee.

Table A shows the proposed and negotiated average hourly rates for each vendor. The negotiated hourly rates range from $60 for instruction in the production of documentaries and stop-animation video (Bronx Arts Ensemble), to $267 for hands-on parent engagement workshops in dance, music, theatre, visual arts, and a variety of other subjects such as puppetry, printmaking, paper sculpting, and drawing, with materials and all pertinent art supplies. The latter includes unlimited access to Marquis Studio Teaching Artists for follow-up questions or instructions at the conclusion of a program either in person, via email or phone and is therefore considerably more expensive.

Negotiated rates resulted in a 14 percent improvement in total cost savings to the Department:

TABLE A		
Awarded Vendor	**Initial Proposed Hourly Rate**	**BAFO Hourly Rate**
Arts Horizon	$215	$200
Bronx Arts Ensemble	$60	$60
Chamber Music Society of Lincoln Center	$75	$75
Downtown Community Television Center	$88	$88
Epic Theatre	$200	$167
Hospital Audience Inc. (HAI)	$389	$158
Henry Street Settlement	$135	$135
Marquis Studios	$400	$267
The New 42nd Street New Victory Theater	$70	$70
People's Theater Project	$122	$122
Solomon Guggenheim Museum	$75	$75

Hourly rates were analyzed and compared with rates charged by similar providers in previous contracts and were determined to be fair and reasonable based on those comparisons.

The estimated annual contract amounts were derived from the average expenditures of previous contracts.

Comprehensive background checks, including VENDEX, the Uniform Commercial Code, and the Federal Excluded Parties List System, were performed by DCP's Vendor Research & Price Analysis (VRPA) unit. As required, comprehensive background checks were performed by DCP's Vendor Research & Price Analysis (VRPA) unit.

A background check for Hospital Audience and Henry Street Settlement is pending and any noteworthy findings will be reported. These vendors performed services satisfactorily for the past five years under previous contracts and therefore have been determined to be responsible.

It is necessary to contract for these services because the DOE does not possess the expertise necessary to meet the objectives of this program.

The MTAC process is the preferred procurement method as this process allows the DOE to award contracts for similar services to multiple vendors in order to meet demand for such services and to offer a choice among vendors.

As part of the MTAC process, all service requests over $25,000 must go through a competitive process for procurement of services. Users will be required to create a scope of services and conduct a mini-solicitation process among the awarded vendors in their component areas. Vendors will be required to provide a statement of work and pricing based on their contracted services, which will be evaluated and scored by the user. Upon completion of this mini-solicitation process, schools will be able to secure services via a purchase order. This process is to ensure competition among the large number of vendors, who have been awarded contracts as a result of this procurement. Future RAs for these services will be submitted in batches as new providers are presented for award of contracts.

Description:

Literacy professional development and coaches for various programs in schools, central offices and school support organizations. (RA #6)

REQUEST FOR AUTHORIZATION (RA#6) FOR PROFESSIONAL DEVELOPMENT IN LITERACY (R0688)

Estimated Annual/Total Contract Amount	Funding Source	Contract Term	Options	Procurement Method	Is Contract Retroactive?	Contract Type
$ 40,000 / $ 200,000	Various, including Tax Levy & Reimbursable Funds	Five Years	None	Multiple Task Award Contract (MTAC)	No	Requirements

Vendor Name & Address	The Great Books Foundation 35 E. Wacker Drive, Room 400 Chicago, IL 60601	Awarded Components
		1 and 2

Service Requestor/Contract Manager	Division of Contracts and Purchasing Contact
Gregg Betheil Executive Director, Office of School Programs & Partnerships Division of Academics, Performance and Support	Joy Gentolia Director, Instructional Service Procurement

PURPOSE

Authorization is requested to contract with the Great Books Foundation (GBF) for literacy professional development services system-wide. These services will be provided at the discretion of participating schools.

DISCUSSION

This is the sixth award proposed for comprehensive professional development services in support of literacy programs for schools, central offices, and school support organizations.

Vendors were asked to submit proposals for one or more of the following components:

- Component 1 – Professional Development Services in Literacy
- Component 2 – Literacy Coaches

An evaluation committee, consisting of one Project Coordinator and two Project Directors from school districts, scored proposals according to the following criteria: program plan (25 points), demonstrated effectiveness (25 points), organizational capacity (25 points), and price (25 points). Successful vendors were required to achieve a minimum score of 80 points. To receive recommendation for award, proposers needed to demonstrate a strong capacity to provide services to schools and a clear plan for implementing those services.

Of 39 proposing vendors, 21 are under contract for these services.

GBF offers professional development and literacy coaching programs by using the Shared Inquiry method of instruction, which integrates reading strategies such as asking questions, making connections, visualizing, making inferences and synthesizing. These literacy PD services can be customized to meet the needs of a school. For example, teachers that encourage an integrated curriculum or who teach multiple subjects can use the Shared Inquiry method with disciplines other

than language arts, such as social studies and science. Teachers of different disciplines can also work with colleagues to encourage inquiry learning across the school curricula.

Rates for workshops are $321 per hour for three-hour sessions that include up to 20 participants. Included in the fee are GBF K-12 lesson plans and videos, which provide tools for differentiated instruction, including support and activities that address kinesthetic, auditory, and visual learning styles.

Literacy coaching programs offered by GBF include face-to-face coaching for up to 10 teachers at $206 per hour. GBF instructors observe, lead classroom demonstrations, plan curriculum integration, co-lead with the classroom teacher, and assess the level of implementation.

Great Books' hourly rates for on-site professional development and literacy coaches are both below the average rates charged by other awardees from the same solicitation. Based on this comparison, GBF's rates have been determined to be fair and reasonable.

The estimated annual contract amount of $40,000 is based on previous contracts' average expenditures for similar services.

A background check, which included the Excluded Parties List, the Uniform Commercial Code Lien Search, VENDEX, and the Vendor Watch List, revealed no significant adverse information. The vendor has therefore been determined to be responsible.

Contracts for these services are necessary because the DOE does not possess the expertise required to provide these services.

The MTAC process is the preferred procurement method as this process allows the DOE to award contracts for similar services to multiple vendors in order to meet demand for such services and to offer a choice among vendors.

As a part of the MTAC process, all service requests over $25,000 must go through a competitive process for procurement of services. Users will be required to create a scope of services and conduct a mini-solicitation process among the awarded vendors in their component areas. Vendors will be required to provide a statement of work and pricing based on their contracted services, which will be evaluated and scored by the user. Upon completion of this mini-solicitation process, schools will be able to secure services via a purchase order. This process is to ensure competition among the large number of vendors who have been awarded contracts as a result of this procurement. Future RAs for these services will be submitted in batches as new providers are presented for award of contracts.

Item: 11

Description:

Professional development services in the use of instructional technology and the use of multimedia and web-based learning tools in schools. (RA #5)

REQUEST FOR AUTHORIZATION (RA #5) FOR PROFESSIONAL DEVELOPMENT FOR INSTRUCTIONAL TECHNOLOGY SERVICES (MTAC #R0812)

Estimated Annual/Total Contract Amount	Funding Source	Contract Term	Options	Procurement Method	Is Contract Retroactive?	Contract Type
$270,000 / $1,350,000	Various including Tax Levy & Reimbursable Funds	Five Years	None	Multiple Task Award Contract (MTAC)	No	Requirements

Vendor Names and Addresses	Component	Estimated Annual/ Total Amount
Benchmark Education 629 Fifth Avenue, Pelham, NY 10803	1, 2, & 3	$120,000 / $600,000
Kaplan K12 Services 395 Hudson Street, 4th Floor, New York, NY 10014	1 & 3	$150,000 / $750,000

Service Requestor/Contract Manager	Division of Contracts and Purchasing
Celine Azoulay-Lewin Executive Director iLearnNYC	Xavier Cerda Procurement Analyst

PURPOSE

Authorization is requested to contract with the two vendors listed above to provide professional development services for instructional technology. These programs will be provided at the discretion of each participating school.

DISCUSSION

The Office of Educational Technology (OET) seeks to equip educators and students with appropriate leading-edge technology and the support needed to use that technology in standards-based learning. To that end, OET has sought to offer a menu of instructional technology professional development services, including in-person and on-line courses that can be tailored to the needs of each school community. In this solicitation, vendors were invited to submit proposals for one or more of the following three components:

(1) Professional development workshops that will increase teachers' and administrators' ability to make effective and appropriate use of computer, telecommunications, Internet, and related technologies.

(2) Professional development through curriculum enrichment services, through which proposers will develop model lessons and co-teaching archetypes in collaboration with school-based staff and which take place in the classroom.

(3) Professional development through mentoring, in which organizations will provide one-on-one partnerships with classroom teachers. This can include a combination of services from Components 1 and 2, and one-on-one services such as observations and studies for teaching improvement. These sessions will be provided throughout the school year.

Proposals were reviewed by an evaluation committee consisting of representatives from the Division of Accountability and Achievement Resources, the Office of Product Development, the Office of Talent & New Initiatives, the Office of Instructional Technology, the Department of eLearning, and the Division of School Support. The members on the evaluation committee have experience as teachers, professional instructors, and mentors. The evaluation criteria are: Program Plan (25 points), Organizational Capacity (25 points), Demonstrated Effectiveness (25 points), and Pricing (25 points). Vendors needed to achieve 80 points to qualify for contract award.

Of the 50 proposals received, 31 were recommended for award and named in four previous RAs.

Kaplan K12 offers a range of research-based professional development on-line resources and workshops as well as on-site and support in the form of group and one-on-one mentoring sessions. Participants will learn how to effectively use on-line lesson planning and assessment tools in the classroom. Participants analyze classroom data and create and implement lessons focused on differentiated instruction by content, process, and product. The sessions with mentors focus on on-line and blended learning instruction, effective modeling and strategies in exploring students' on-line learning practices. Kaplan's blended workshops can host up to 25 participants for on-site and 50 participants for on-line sessions.

Benchmark Education's programs are packaged as a series of blended style workshops geared to integrate technology into literacy and content area programs with specific focus on improving instruction. Mentors use modeling, observing, questioning, data, research and collaboration to help teachers and administrators adopt, integrate and apply new knowledge, skills and organizational changes in the classroom and in school management/supervision. Benchmark's blended workshops can host up to 50 participants.

Benchmark's pricing was negotiated down from $250 per hour to $150 per hour, resulting in a 40% price improvement. Kaplan K12 opted to drop higher priced programs from their original offering, resulting in a 72% drop in price from $680 to $185 per hour. Pricing has been determined to be fair and reasonable based on a comparison with hourly rates for like services by vendors contracted under this solicitation, which averaged $332 per hour.

The estimated annual contract amounts were based on previous contracts' average expenditures for similar services.

Background checks performed on these vendors included VENDEX, the Uniform Commercial Code, the Federal Tax Lien, and the Federal Excluded Parties List System. No significant adverse information was uncovered for either vendor; they have both therefore been determined to be responsible.

Contracts for these services are necessary because the DOE does not possess the personnel to provide these services.

The MTAC process is the preferred procurement method as this process allows the DOE to award contracts for similar services to multiple vendors in order to meet demand for such services and to offer a choice among vendors.

As a part of the MTAC process, all service requests over $25,000 must go through a competitive process for procurement of services. Users will be required to create a scope of services and conduct a

mini-solicitation process among the awarded vendors in their component areas. Vendors will be required to provide a statement of work and pricing based on their contracted services, which will be evaluated and scored by the user. Upon completion of this mini-solicitation process, schools will be able to secure services via a purchase order. This process is to ensure competition among the large number of vendors who have been awarded contracts as a result of this procurement. Future RAs for these services will be submitted in batches as new providers are presented for award of contracts.

Item: 12

Description:

Student support services including academic enrichment activities, leadership development, tutoring and homework assistance, parent development, individual, group, and family counseling. (RA #3)

REQUEST FOR AUTHORIZATION (RA #3) FOR STUDENT SUPPORT SERVICES (MTAC R0898)

Estimated Annual / Total Contract Amount	Funding Source	Contract Term	Options	Procurement Method	Is Contract Retroactive?	Contract Type
$340,000 / $1,700,000	Various	Five Years	None	Multiple Task Award Contract (MTAC)	No	Requirements

Vendor Names & Addresses	See Table B.

Service Requestor	Division of Contracts and Purchasing Contact
Robert Weiner Chief Operating Officer Office of School & Youth Development	Joy Gentolia, Director Instructional Services Procurement

PURPOSE

Authorization is requested on behalf of the Office of School and Youth Development (OSYD) to contract with the vendors named in Table B below to provide direct student support services and increase opportunities for educational enrichment. These programs will be provided at the discretion of each participating school or central office operating on behalf of a school or consortium of schools.

DISCUSSION

Through a previous solicitation, 158 contracts for student support services were awarded, 113 of which expired on June 30, 2012. Collectively, these contracts have provided services to 742 schools and 70 central/field offices, including the Office of School and Youth Development, Community School Districts, Children First Networks, and Integrated Service Centers. A new solicitation was issued to offer these and new or additional vendors an opportunity to provide these services going forward.

Vendors proposed for one or more of the following components: 1) leadership development and civic engagement, 2) individual counseling, 3) group counseling, 4) mentoring, 5) recreation/sports, 6) college/post-secondary planning, 7) career awareness and the world of work, 8) conflict resolution/peer mediation, 9) violence prevention/student safety, 10) bullying prevention, 11) substance abuse and problem gambling prevention and intervention, 12) Internet safety, 13) school attendance improvement, 14) family support services, 15) tutoring/homework assistance, 16) study/test-taking skills, 17) academic skills enhancement, 18) thematic projects, and 19) family literacy. Services may take place inside or outside of school during the school day, after school, or on non-school days. Non-school days include weekends, summer break, and vacation breaks during the school year.

Proposals were distributed to an evaluation committee that included former principals, assistant principals, teachers, guidance counselors, instructional specialists, operations analysts, grant managers, and directors from OSYD. To ensure scoring consistency, a training session was conducted for all committee members in which they received an overview of the process and a scoring rubric. Proposals were scored based on the following criteria: program plan (35 points), organizational

capacity (20 points), pricing (25 points), and demonstrated effectiveness (20 points). Successful vendors were required to achieve a minimum score of 80 points.

Seventy-three proposals have been received in response to this solicitation. Fifty-five vendors were recommended for contract awards under previous RAs and five are recommended in this RA.

A vendor can offer a single workshop for a component or offer an à la carte menu of services covering the 19 components listed above. The negotiated hourly rates for the contracts proposed here range from $117 to $250. The lower priced Reach into Cultural Heights offering provides for introductory student character and leadership training for healthy learning environments, a two-hour session that includes activities on reflective writing (verbal expressions, interacting with elders, respecting dress codes) and includes online support materials. The $250 Institute for Labor and the Community offering includes a series of hands-on workshops on bullying, confict, and Internet safety; the use of literacy and enhancement techniques, including yoga, martial arts, poetry and letter writing, newsletter production, poster campaigns, theater games, role-playing, etc. Variations in the hourly rates resulted from differing participant capacity, numbers of instructors, levels of instructors, and numbers of components/programs offered.

TABLE A

	Awarded Vendor	Initial Proposed Hourly Rate	BAFO Hourly Rate
1	Reach into Cultural Heights	$363	$117
2	Community Counseling and Mediation	$288	$131
3	Global Kids	$354	$228
4	Morningside Center for Teaching Social Responsibility, Inc.	$228	$213
5	Institute for Labor and the Community	$417	$250

Hourly rates were analyzed and compared with those charged by similar providers under prior contracts and were determined to be fair and reasonable on that basis.

The estimated annual contract amounts were based on previous contracts' average expenditures. Background checks included VENDEX, the Uniform Commercial Code, the Federal Tax Lien, and the Federal Excluded Parties List System. No significant adverse information was uncovered; the vendors have therefore been determined to be responsible.

The MTAC process is the preferred procurement method as this process allows the DOE to award contracts for similar services to multiple vendors in order to meet demand for such services and to offer a choice among vendors.

As a part of the MTAC process, all service requests over $25,000 must go through a competitive process for procurement of services. Users will be required to create a scope of services and conduct a mini-solicitation process among the awarded vendors in their component areas. Vendors will be required to provide a statement of work and pricing based on their contracted services, which will be evaluated and scored by the user. Upon completion of this mini-solicitation process, schools will be able to secure services via purchase order. This process is to ensure competition among the large number of vendors who have been awarded contracts as a result of this procurement. Future RAs for these services will be submitted in batches as new providers are presented for award of contracts.

TABLE B			
	Vendor's Name & Address	Component	Estimated Annual /Total Amount
1	**Reach into Cultural Heights** 90-04 161st Street Jamaica, NY 11432	17, 18, 19	$30,000 / $150,000
2	**Community Counseling and Mediation** 1 Hoyt Street - 7th Flr Brooklyn, NY 11201	1, 6, 15	$90,000 / $450,000
3	**Global Kids** 137 E 25th Street – 2nd Flr New York, NY 10010	1, 8	$160,000 / $800,000

Item: 13

Description:

Software product line to include state-specific test preparation and instructional materials for 2nd to 8th grade.

REQUEST FOR AUTHORIZATION
TO PURCHASE RALLY! EDUCATION SOFTWARE

Annual / Total Contract Amount	Funding Source	Contract Term	Options	Procurement Method	Is Contract Retroactive?	Contract Type
$50,000 / $350,000	Reimbursable	Seven Years	None	Listing Application	No	Requirements

Vendor Name & Address	Rally! Education, LLC 22 Railroad Ave Glen Head, NY 11545

Contract Manager:	**Lead Contracting Officer:**	**Division of Contracts & Purchasing Contact:**
James McBride Chief Administrator, Central Procurements	Ray Burke	Kay Robbins
Division:	**Division:**	**Title:**
Division of Contracts and Purchasing	Division of Contracts and Purchasing	Procurement Analyst

PURPOSE

Authorization is requested to contract with Rally! Education, LLC to provide the entire Rally! Education software product line on a requirements basis. The contract will commence on or about September 1, 2012 and will end July 1, 2019.

DISCUSSION

The Rally! software product line includes state-specific test preparation and instructional materials focusing primarily on reading/language arts and mathematics for grades 2-8. Rally! has a large line of online products, including the instruction and assessment tools Reading Tracker Online and Math Tracker Online that identify students' strengths and weaknesses as they work through assessments and progress tests. In addition, the Rally! catalog includes reading and math test preparation, instructional material on various topics in math and language arts, and evaluation tools for use by school officials and educators.

A listing application was completed for this procurement because the vendor is the sole provider of the software, as evident from a prior bid in which they were the only bidder. The dollar value of this contract is based on prior usage. Rally! Education is offering a minimum of 20 percent discount off the list price, and has guaranteed the DOE "most favored nation" (MFN) pricing; the prices have therefore been determined to be fair and reasonable.

Background checks were performed on Rally! Education, including VENDEX, FAMIS, CTS, and the Federal Debarment List. No significant adverse information was identified. Accordingly, Rally! Education has been determined to be a responsible vendor.

Item: 14

Description:

Published and copyrighted assessment materials for public and non-public schools.

REQUEST FOR AUTHORIZATION
TO PROVIDE PUBLISHED AND COPYRIGHTED ASSESSMENT MATERIALS

Estimated Annual / Total Contract Amount	Funding Source	Contract Term	Options	Procurement Method	Is Contract Retroactive?	Contract Type
$115,000 / $345,000	Reimbursable, Tax Levy, City Council	Three Years	None	Listing Application	No	Requirements

Vendor Name & Address	Scantron Corporation 1313 Lone Oak Road Eagan, MN 55121

Service Requestor / Contract Manager:	Division of Contracts and Purchasing Contact
Jennifer Davilla Director, Instructional Materials Unit	Susan Dick-McKeon Chief Administrator, School Based Procurements

PURPOSE

Authorization is requested to contract with the above-referenced vendor to provide published and copyrighted assessment materials to public and participating non-public schools.

DISCUSSION

Scantron Corporation publishes assessment forms as well as ballot and survey forms that assist schools with various testing needs. Because these materials cannot be purchased in the open market, a competitive sealed bid process is impractical.

The vendor's "Most Favored Customer" contract clause ensures that no other institution, agency, school district, municipality, or organization will receive better pricing than that being offered to the DOE. Prices have therefore been determined to be fair and reasonable.

A background check conducted on Scantron Corporation included the Uniform Commercial Code, Excluded Parties List, and VENDEX found no significant adverse information. Additionally, Scantron has performed satisfactorily under their predecessor contract. The vendor has therefore been determined to be responsible.

The estimated contract amount is based on prior expenditures under the vendor's previous contract.

Item: 15

Description:

Software programs that focus on literacy and improving reading skills for students in pre-Kindergarten through 12th grade.

REQUEST FOR AUTHORIZATION
TO PURCHASE SCIENTIFIC LEARNING SOFTWARE

Annual / Total Contract Amount	Funding Source	Contract Term	Options	Procurement Method	Is Contract Retroactive?	Contract Type
$55,000 / $385,000	Reimbursable	Seven Years	None	Listing Application	No	Requirements

Vendor Name & Address	Scientific Learning Corporation 300 Frank H. Ogawa Plaza, Suite 600 Oakland, CA 94612

Contract Manager:	**Lead Contracting Officer:**	**Division of Contracts & Purchasing Contact:**
James McBride Chief Administrator, Central Procurements	Ray Burke	Kay Robbins
Division:	**Division:**	**Title:**
Division of Contracts and Purchasing	Division of Contracts and Purchasing	Procurement Analyst

PURPOSE

Authorization is requested to contract with Scientific Learning Corporation to provide their entire line of software on a requirements basis. The contract will commence on or about September 1, 2012 and will end August 31, 2019.

DISCUSSION

The Scientific Learning software line includes the Fast ForWord, Progress Tracker: Reading Progress Indicator, and Reading Assistant Web subscription licenses. These programs focus on literacy and improving reading skills for students in Prekindergarten to 12th grade. Additionally, the Scientific Learning software line includes the Soliloquy Learning Reading Assistant software.

A listing application was completed for this procurement because the vendor is the sole provider of the software, as evident from a prior bid in which they were the only bidder. The dollar value of this contract is based on prior usage. Scientific Learning Corporation is offering a minimum 10 percent discount off the list price, and has guaranteed the DOE "most favored nation" (MFN) pricing; the prices have therefore been determined to be fair and reasonable.

Background checks performed on Scientific Learning Corporation included VENDEX, FAMIS, CTS, and the Federal Debarment List. No significant adverse information was identified. Accordingly, Scientific Learning Corporation has been determined to be a responsible vendor.

Item: 16

Description:

Subscription services for Pearson's Work Sampling Online (WSO).

REQUEST FOR AUTHORIZATION TO PURCHASE SUBSCRIPTION SERVICES FOR NCS PEARSON'S WORK SAMPLING ONLINE

Annual / Total Contract Amount	Funding Source	Contract Term	Options	Procurement Method	Is Contract Retroactive?	Contract Type
$64,000 / $416,000	UPK Grant, Tax Levy	Seven Years	None	Listing Application	No	Requirements

Vendor Name & Address	NCS Pearson, Inc. 5601 Green Valley Drive Bloomington, MN 55437

Contract Manager:	Lead Contracting Officer:	Division of Contracts & Purchasing Contact:
Kelly Medora Special Projects Manager	Christopher McKay Director of Operations	TaRel Hardy
Division:	**Division:**	**Title:**
Office of Early Childhood Education	Office of Early Childhood Education	Procurement Analyst

PURPOSE

Authorization is requested to contract with NCS Pearson, Inc. (Pearson) to provide subscription services for Pearson's Work Sampling Online, a subscription service that facilitates and compliments Pearson's Work Sampling System (WSS). The contract will commence on or about September 1, 2012 and will end August 31, 2019.

DISCUSSION

The DOE already uses Pearson's Work Sampling System (WSS) in early childhood classes. WSS enables continuous progress monitoring from multiple sources, documented through developmental guidelines, checklists, and portfolios. Assessments are summarized three times per year for each child. WSS is the only developmentally appropriate assessment tool that has the capacity to cover the full range of the early childhood grades from Prekindergarten (age 3) to Grade 3, with unique guidelines for each developmental age/grade level. Because WSS is a formative assessment tool that will correspond with any school curriculum and instructional model, it can function in schools that alter their curricula, instructional programs, and/or leadership.

Work Sampling Online (WSO) is Pearson's online data management service that digitally records and stores teacher observations, photos, sound files, video clips, and student portfolios that have been collected as assessment data for early childhood classes using WSS.

A listing application was completed for this procurement because Pearson is the sole source of WSS and WSO. The dollar amount for the first year of this contract is based on prior usage and is estimated to be $32,000. Usage is expected to double from years 2-7 to accommodate all UPK student data being entered online and the growing number of schools with Kindergarten through Grade 3 using WSS and WSO.

Pearson certifies that the pricing being provided to the DOE is as low as pricing offered to any municipal, county or state government; department of education; school; or school system in the United States. Additionally, the DOE is being offered the ability to purchase licenses beginning at the 25,001

pricing tier ($8.00), no matter how many licenses are ordered above that tier. The pricing, therefore, has been determined to be fair and reasonable.

Background checks performed on NCS Pearson included VENDEX, FAMIS, CTS, and the Federal Debarment List. No significant adverse information was identified. Accordingly, NCS Pearson, Inc. has been determined to be a responsible vendor.
