The Proposed Closure of The Angelo Patri Middle School (10X391) and Opening and Co-Location of a New Middle School (10X572) with Theatre Arts Production Company School (10X225) in Building X137 Beginning in 2012-2013

I. Description of the subject and purpose of the proposed item under consideration.

The New York City Department of Education (“DOE”) is proposing to close The Angelo Patri Middle School (10X391, “Angelo Patri”), an existing district middle school in building X137 (“X137”), located at 2225 Webster Avenue, Bronx, NY, 10457, in Community School District 10. It currently serves students in grades six through eight. The DOE is proposing to immediately replace Angelo Patri with New School (10X572, “New School”), a new district middle school serving students in grades six through eight in X137.

If this proposal is approved, Angelo Patri will close at the conclusion of the 2011-2012 school year. All current students who have not been promoted to high school before the start of the 2012-2013 school year will be guaranteed a seat and automatically enrolled in New School. Angelo Patri is co-located in X137 with Theatre Arts Production Company School (10X225, “TAPCo”), an existing district secondary school that currently serves students in grades six through twelve.

Angelo Patri admits students through the Districts 9 and 10 Middle School Choice Process through zoned and limited unscreened methods. TAPCo admits incoming sixth grade students through the Districts 9 and 10 Middle School Choice Process through a screened method. TAPCo also admits incoming ninth-grade students through the Citywide High School Admissions Process with priority given to continuing eighth grade students. Additional information about the Districts 9 and 10 Middle School Choice Process is contained in Section III.A of this proposal.

The DOE strives to ensure that all students in New York City have access to a high-quality school at every stage of their education. By closing Angelo Patri and replacing it with New School, the DOE is seeking to expeditiously improve educational quality in the X137 building. If this proposal is approved, New School will develop rigorous, school-specific competencies to measure and screen prospective staff – including Angelo Patri staff who apply to work at New School. Based on these criteria, and in accordance with the staffing requirements in Article 18-D of the DOE’s existing contract with the United Federation of Teachers (“UFT”), New School

will put in place a process aimed at hiring the best possible staff, thus immediately improving teacher quality and, by extension, improving the quality of learning. New School plans to develop new programs and school supports that are intended to improve student outcomes. By improving the quality of teaching and learning in the school, DOE also will maximize New School's chance of receiving up to \$900,000 in supplemental federal funding under the federal School Improvement Grant ("SIG") program. New School will build on the strongest elements of Angelo Patri and incorporate new elements, including new talent designed to better meet student needs. Thus, the immediate closure and replacement of Angelo Patri with New School should give students access to a higher-quality educational option while they continue to attend school in the same building.
