The Proposed Closure of J.H.S. 80 Mosholu Parkway (10X080) and Opening and Co-Location of New School (10X575) with P.S./M.S. 280 Mosholu Parkway (10X280) in Building X080 Beginning in 2012-2013

I. Description of the subject and purpose of the proposed item under consideration.

The New York City Department of Education (“DOE”) is proposing to close J.H.S. 80 Mosholu Parkway (10X080, “J.H.S. 80”), an existing district middle school located in building X080 (“X080”), and in X910, transportable classroom units, located at 149 East Mosholu Parkway, Bronx, NY 10467, in Community School District 10. It currently serves students in grades six through eight. The DOE is proposing to immediately replace J.H.S. 80 with New School (10X575, “New School”), a new district middle school serving students in grades six through eight in building X080.

If this proposal is approved, J.H.S. 80 will close at the conclusion of the 2011-2012 school year. All current students who have not graduated before the start of the 2012-2013 school year will be guaranteed a seat and automatically enrolled in New School.

J.H.S. 80 Mosholu Parkway is co-located in X080 with P.S./M.S. 280 Mosholu Parkway (10X280, “P.S./M.S. 280”), an existing district K-8 school that currently serves students in kindergarten through eighth grades. A “co-location” means that two or more school organizations are located in the same building and may share common spaces like auditoriums, gymnasiums, and cafeterias.

J.H.S. 80 admits students using a zoned admissions process; however, students residing in the X080 zone may also participate in the Districts 9 and 10 Middle School Choice Process. P.S./M.S. 280 also admits students residing in its zone. Additional information about the Districts 9 and 10 Middle School Choice Process is contained in Sections III of this proposal. The DOE strives to ensure that all students in New York City have access to a high-quality school at every stage of their education. By closing J.H.S. 80 and replacing it with New School, the DOE is seeking to expeditiously improve educational quality in X080. If this proposal is approved, New School will develop rigorous, school-specific competencies to measure and screen prospective staff – including J.H.S. 80 staff who apply to work at New School. Based on these criteria, and in accordance with the staffing requirements in Article 18-D of the DOE’s existing contract with the United Federation of Teachers (“UFT”), New School will put in place a process aimed at hiring the best possible staff, thus immediately improving teacher quality and,

by extension, improving the quality of learning. New School plans to develop new programs and school supports that are intended to improve student outcomes. Doing this important work to improve the quality of teaching and learning in the school, DOE also will maximize New School's chance of receiving up to \$900,000 in each of the next two years (for a total of \$1,800,000 over both years) in supplemental federal funding under the federal School Improvement Grant ("SIG") program. New School will build on the strongest elements of J.H.S. 80 and incorporate new elements, including new talent designed to better meet student needs. Thus, the immediate closure and replacement of J.H.S. 80 with New School should give students access to a higher-quality educational option while they continue to attend school in the same building.
