The Proposed Closure of Flushing High School (25Q460) and Opening of New School (25Q363) in Building Q460 Beginning in 2012-2013

I. Description of the subject and purpose of the proposed item under consideration.

The New York City Department of Education (“DOE”) is proposing to close Flushing High School (25Q460, “Flushing”), an existing district high school in building Q460 (“Q460”), located at 35-01 Union Street, Flushing, NY 11354 within the geographical confines of Community School District 25. It currently serves students in grades nine through twelve. The DOE is proposing to immediately replace Flushing with New School (25Q363, “New School”), a new district high school serving students in grades nine through twelve in building Q460.

If this proposal is approved, Flushing will close at the conclusion of the 2011-2012 school year. All current students who have not graduated before the start of the 2012-2013 school year will be guaranteed seats and automatically enrolled in New School.

Q460 also houses a Young Adult Borough Center (“YABC”) program, and an Alternate Learning Center (88Q994, “ALC”), which students attend while they are suspended from school. The DOE anticipates relocating this ALC from Q460 before the beginning of the 2012-2013 school year.

Flushing admits students through the Citywide High School Admissions Process through the educational option and zoned admissions methods. Flushing also offers three Career and Technical Education (“CTE”) programs. Additional information about the High School Admissions Process and CTE programming is contained in Sections III.A of this proposal. The DOE strives to ensure that all students in New York City have access to a high-quality school at every stage of their education. By closing Flushing and replacing it with New School, the DOE is seeking to expeditiously improve educational quality in building Q460. If this proposal is approved, New School will develop rigorous, school-specific competencies to measure and screen prospective staff – including Flushing staff who apply to work at New School. Based on these criteria, and in accordance with the staffing requirements in Article 18-D of the DOE’s existing contract with the United Federation of Teachers (“UFT”), New School will put in place a process aimed at hiring the best possible staff, thus immediately improving teacher quality and, by extension, improving the quality of learning. New School plans to develop new programs and school supports that are intended to improve student outcomes. By improving the quality of teaching and learning in the school, DOE also will increase New School’s chance of receiving up to \$1,800,000 in supplemental federal funding under the federal

School Improvement Grant (“SIG”) program. New School will build on the strongest elements of Flushing and incorporate new elements, including new talent, designed to better meet student needs. Thus, the immediate closure and replacement of Flushing with New School should give students access to a higher-quality educational option while they continue to attend school in the same building.
