The Proposed Closure of Franklin Delano Roosevelt High School (20K505) and Opening of a New School (20K417) in Building K505 Beginning in 2012-2013

I. Description of the subject and purpose of the proposed item under consideration.

The New York City Department of Education (“DOE”) is proposing to close Franklin Delano Roosevelt High School (20K505, “Franklin D. Roosevelt,”) an existing district high school in building K505, located at 5800 20th Avenue, Brooklyn, N.Y 11204, within the geographical confines of Community School District 20. It currently serves students in grades nine through twelve. The DOE is proposing to immediately replace Franklin D. Roosevelt with New School (20K417, “New School”), a new district high school which will serve students in grades nine through twelve in building K505.

If this proposal is approved, Franklin D. Roosevelt will close at the conclusion of the 2011-2012 school year. All current students who have not graduated before the start of the 2012-2013 school year will be guaranteed a seat and automatically enrolled in New School.

Franklin D. Roosevelt admits students through the Citywide High School Admissions Process through education option, limited unscreened, and zoned admissions methods. Franklin D. Roosevelt also houses a Young Adult Borough Center (“YABC”).

The DOE strives to ensure that all students in New York City have access to a high-quality school at every stage of their education. By closing Franklin D. Roosevelt and replacing it with New School, the DOE is seeking to expeditiously improve educational quality on the Franklin D. Roosevelt campus. If this proposal is approved, New School will develop rigorous, school-specific competencies to measure and screen prospective staff – including Franklin D. Roosevelt staff who apply to work at New School. Based on these criteria, and in accordance with the staffing requirements in Article 18-D of the DOE’s existing contract with the United Federation of Teachers (“UFT”), New School will put in place a process aimed at hiring the best possible staff, thus immediately improving teacher quality and, by extension, improving the quality of learning. New School plans to develop new programs and school supports that are intended to improve student outcomes. Doing this important work to improve the quality of teaching and learning in the school, DOE also will maximize New School’s chance of receiving up to \$1,494,000 in supplemental federal funding under the federal School Improvement Grant (“SIG”) program. New School will build on the strongest elements of Franklin D. Roosevelt and incorporate new elements, including new talent designed to better meet student needs. Thus, the immediate closure and replacement of Franklin D. Roosevelt with New School should give

students access to a higher-quality educational option while they continue to attend school in the same building.
