The Proposed Closure of Richmond Hill High School (27Q475) and the Opening of a New School (27Q369) in Building Q475 Beginning in 2012-2013

I. Description of the subject and purpose of the proposed item under consideration.

On March 5, 2012, the New York City Department of Education (“DOE”) issued an Educational Impact Statement (“EIS”) describing a proposal to close Richmond Hill High School (27Q475, “Richmond Hill”), an existing district high school located in building Q475 (“Q475”) and transportable classroom unit Q944 (“Q944”), located at 89-30 114 Street, Queens, NY 11418, within the geographical confines of Community School District 27. Richmond Hill currently serves students in grades nine through twelve. The DOE is proposing to immediately replace Richmond Hill with New School (27Q369, “New School”), a new district high school serving students in grades nine through twelve in Q475 and Q944.

This amended notice provides a new date for the joint public hearing regarding this proposal.

If this proposal is approved, Richmond Hill will close at the conclusion of the 2011-2012 school year. All current students who have not graduated before the start of the 2012-2013 school year will be guaranteed a seat and automatically enrolled in New School.

Richmond Hill admits students through the Citywide High School Admissions Process through a zoned method and an educational option method, and offers two Career and Technical Education (“CTE”) pathways. Additional information about CTE programming and the High School Admissions Process is contained in Section III of this proposal. New School is planning to continue programming in all of the same CTE career clusters that Richmond Hill currently offers and, therefore, students enrolled in CTE programming at Richmond Hill would have the opportunity to enroll in CTE programming at New School.

The DOE strives to ensure that all students in New York City have access to a high-quality school at every stage of their education. By closing Richmond Hill and replacing it with New School, the DOE is seeking to expeditiously improve educational quality in Q475 and Q944. If this proposal is approved, New School will develop rigorous school-specific competencies to measure and screen prospective staff – including former Richmond Hill staff who apply to work at New School. Based on these criteria, and in accordance with the staffing requirements in Article 18-D of the DOE’s existing contract with the United Federation of Teachers (“UFT”),

New School will put in place a process aimed at hiring the best possible staff, thus immediately improving teacher quality and, by extension, improving the quality of learning. New School plans to develop new programs and school supports that are intended to improve student outcomes. By doing this important work to improve student outcomes, the DOE also will maximize New School's chance of receiving up to \$1,800,000 in supplemental federal funding under the federal School Improvement Grant ("SIG") program. New School will build on the strongest elements of Richmond Hill and incorporate new elements, including new talent, designed to better meet student needs. Thus, the immediate closure and replacement of Richmond Hill with New School should give students access to a higher-quality educational option while they continue to attend school in the same building.
