The Amended Revised Proposed Closure of John Ericsson Middle School 126 (14K126) and the Opening and Co-Location of New School (14K317) with Believe Northside Charter High School (84K693) in Building K126 in 2012-2013

I. Description of the subject and purpose of the proposed item under consideration.

On March 5, 2012, the New York City Department of Education (“DOE”) issued an Educational Impact Statement (the “March 5 EIS”) describing a proposal to close John Ericsson Middle School 126 (14K126, “Ericsson Middle”), an existing district middle school in building K126 (“K126”), located at 424 Leonard Street, Brooklyn, NY 11222, in Community School District 14. It currently serves students in grades six through eight. The DOE proposed to immediately close Ericsson Middle at the conclusion of the 2011-2012 school year and replace it with New School (14K317, “New School”), a new district middle school which will serve students in grades six through eight in K126. All current students who have not been promoted to ninth grade before the start of the 2012-2013 school year will be guaranteed a seat and automatically enrolled in New School.

As discussed in the March 5 EIS, the DOE proposed to co-locate New School with two charter high schools currently housed in K126, Believe Northside Charter High School (84K693, “Believe Northside”) and Believe Southside Charter High School (84K694, “Believe Southside”). These charter high schools have been phasing in and currently serve students in ninth through eleventh grades. As disclosed in the March 5 EIS, both of these high schools were subject to charter revocation. On March 20, 2012, the DOE issued a revised EIS which reflected that, subsequent to the issuance of the March 5 EIS, the New York State Education Department (“SED”) concluded that it would only revoke Believe Southside’s charter and certificate of incorporation, and would permit Believe Northside to continue to operate. Thus, Believe Northside will continue to phase in and will serve students in ninth through twelfth grades as of the 2012-2013 school year, while Believe Southside will close at the end of the 2011-2012 school year. Believe Southside’s closure does not have an impact on the proposed closure of Ericsson Middle and the proposed opening of New School described herein. The revised EIS also included typographical corrections. The revised Building Utilization Plan (“BUP”) that accompanies the revised EIS reflects changes to the proposed space allocation and shared space schedule as a result of Believe Southside’s closure.

The DOE has now issued an amended revised EIS, which corrects the admissions process of Ericsson Middle and New School and clarifies the status of the District 14 magnet grant, in which Ericsson Middle takes part.

K126 also provides space to a community-based organization (“CBO”), the Beacon program, which provides after school services that range from academic support to recreational activities. Neither the original nor revised proposal is expected to impact the CBO. A “co-location” means that two or more school organizations are located in the same building and may share common spaces like auditoriums, gymnasiums, and cafeterias.

Ericsson Middle admits students through the District 14 Middle School Choice Process through an unscreened method. Believe Northside and Believe Southside admits students through the Charter lottery application process.

The DOE strives to ensure that all students in New York City have access to a high-quality school at every stage of their education. By closing Ericsson Middle and replacing it with New School, the DOE is seeking to expeditiously improve educational quality in K126. If this revised proposal is approved, New School will develop rigorous, school-specific competencies to measure and screen prospective staff – including Ericsson Middle staff who apply to work at New School. Based on these criteria, and in accordance with the staffing requirements in Article 18-D of the DOE’s existing contract with the United Federation of Teachers (“UFT”), New School will put in place a process aimed at hiring the best possible staff, thus immediately improving teacher quality and, by extension, improving the quality of learning. New School plans to develop new programs and school supports that are intended to improve student outcomes. By improving the quality of teaching and learning in the school, the DOE also will increase New School’s chance of receiving up to \$800,000 in supplemental federal funding under the federal School Improvement Grant (“SIG”) program. New School will build on the strongest elements of Ericsson Middle and incorporate new elements, including new talent, designed to better meet student needs. Thus, the immediate closure and replacement of Ericsson Middle with New School should give students access to a higher-quality educational option while they continue to attend school in the same building.
