

## Increase for Eligible Employees Serving in Managerial or Original Jurisdiction Titles.

As you know the increase for eligible employees serving in a Managerial or Original Jurisdiction title was processed on the February 9, 2007 pay check. We have received several calls from timekeepers and personnel managers inquiring about the new rate and retro.

Please be advised that this increase was effective 2/1/07. This means that eligible employees were paid for 2/1 and 2/2 at the increased rate. There is no retro for this payment since it was processed on the pay date of the effective date.
