DESCRIPTION

At PS 349 we will work to cultivate the future leaders of the world for the 21st century. In collaboration with all members of our diverse community, we will address the needs of the whole child, through rigorous academics, and project-based learning. Students will think critically, communicate effectively, and solve real-world problems. We believe that students thrive in a nurturing environment of trust, safety, and security to grow, both emotionally and academically.

A seven-day summer planning institute will offer an essential opportunity for staff to be involved in developing the school's culture and instructional program.

We believe that all staff members play an important role in the education of our students; the school will offer opportunities for paraprofessionals to participate in activities like:

- After school and/or Saturday tutoring, enrichment, sports, arts, and family programs
- In-house school committees and/or special programs.

Advance notice of dates will be supplied, and those who participate will be compensated according to the terms of the UFT contract. Staff participation in these activities is voluntary, although strongly encouraged, as they are very important to the development of the school.
