

Amended Notice
February 7, 2012

The Amended Proposed Re-siting of P373R@R065 (75R373) to Buildings R058 and R861, Consolidation with P373@R058 (75R373) and P373@R861 (75R373) and Co-location with P.S. 58 Space Shuttle Columbia School (31R058) and P.S./I.S. 861 Staten Island School of Civic Leadership (31R861).

I. Description of the subject and purpose of the proposed item under consideration.

On February 3, 2012, the New York City Department of Education (“DOE”) issued a proposal to re-site P373R, an existing District 75 (“District 75”) school serving students in grades K-5 at six different sites in Staten Island. P373R@R065 (75R373) is one of these sites, and serves students with Individualized Education Programs (“IEPs”) in grades K-5 at 98 Grant Street, Staten Island, NY 10301, in Community School District 31, in Building R829 (“R829”).

If this proposal is approved, beginning in the 2012-2013 school year, P373R@R065’s two 6:1:1 programs (six students are assigned to one teacher and one paraprofessional) would be served in the R058 building where the school would be consolidated with another P373R site, P373@R058. P373@R058 also serves students in grades K-5 with IEP classifications of autistic, cognitively delayed, intellectually disabled, or speech impaired. The consolidated P373R@R065 and R373@R058 programs would be “co-located” with P.S. 58 Space Shuttle Columbia School (31R058, “P.S. 58”), an existing zoned elementary school serving grades K-5 which also offers two sections of half-day pre-kindergarten. The R058 building is approximately 7.5 miles from the R829 building. Additionally, P373R@R065’s 8:1:1 program (eight students are assigned to one teacher and one paraprofessional) would be served in the R861 building where the school would be consolidated with another P373R site, P373@R861. P373@R861 serves students in grades K-8 with IEP classifications of cognitively delayed or speech impaired. The consolidated P373R@R065 and R373@R861 programs would be “co-located” with P.S./I.S. 861 Staten Island School of Civic Leadership (31R861, “P.S./I.S. 861”), an existing zoned school currently serving grades K-3 and 6-8 that also offers two sections of full-day pre-kindergarten. P.S./I.S. 861 will serve grades K-8 when it reaches full scale in the 2013-2014 school year. The R861 building is approximately 6 miles from the R829 building.

A “re-siting” means a school will be located in different building(s) than the building it is located in currently. A “co-location” means that two or more school organizations will be located in the same building and may share common spaces such as auditoriums, gymnasiums, and cafeterias.

The 2011-2012 total enrollment of R058 is 830 students and the utilization rate of the building is approximately 106%. If this proposal is approved, in the 2012-2013 school year, once P373R@R065 is consolidated with R373@R058 in building R058, the enrollment will be approximately 830-900 and the utilization rate of the building would be approximately 106-115%. If this proposal is approved, in the 2013-2014 school year, once P373R@R065 is consolidated with R373@R058 in building R058, the enrollment will be approximately 835-905 and the utilization rate of the building would be approximately 107-116%.

In 2011-2012, R861 had a capacity of 681 students, and schools in the building enrolled a total of 763 students, yielding a building utilization rate of 112%. If this proposal is approved, in the 2012-2013

school year, once P373R@R065 is consolidated with R373@R861 in building R861 the enrollment will be approximately 769-859 and the utilization rate of the building would be approximately 113-126%. If this proposal is approved, in the 2013-2014 school year, once P373R@R065 is consolidated with R373@R861 in building R861, the enrollment will be approximately 804-904 and the utilization rate of the building would be approximately 118 -133%.

The DOE has now published an amended Educational Impact Statement (“EIS”), which corrects a typographical error in the zip code of building “R829” in Section I.
