

REGISTER FOR OPTIONAL TRAININGS

During the week of November 19, trainings are being offered in each borough to support New York City educators. These trainings will share activities, resources and planning strategies for schools offering longer parent-teacher conversations for families of students who scored a Level 1 or Level 2 on the 2013 State Common Core exams. These optional trainings are appropriate for up to 2 educators to attend, including whoever is coordinating the extended parent-teacher conversations within your school, to help turnkey training to other teachers within your school community. In accordance with SAM 88, each school is responsible for per session funding or any per diem coverage, if staff attend this training.

The decision to send staff members to this training is at the discretion of each principal. Please speak with your principal before registering.
