Panel for Educational Policy
Contract Agenda
August 21, 2014

Item: 1 **Description:** Extension of contracts for graduate and undergraduate courses for special education in teaching and clinical disciplines and for related services.

Term: 5 years **Options:** None **Funding:** Tax Levy

Division: Division of Human Resources **Contract Type:** Requirements

Vendor Name	Estimated Annual Amount
CUNY- Brooklyn College - Withdrawn	$57,521
Lehman College	$62,912
New York Medical College	$119,523

Item: 2 Withdrawn

Item: 3 **Description:** Continuation of graduate courses in administration and supervision to enable nonpublic school principals and prospective principals to become school building leaders.

Term: 2 years **Options:** None **Funding:** Title IIA

Division: Bureau of Non-Public School Reimbursable Services **Contract Type:** Requirements

Vendor Name	Estimated Annual Amount
Adelphi University	$189,978

Item: 4 **Description:** Staffing of temporary attorneys.

Term: 1 Year **Options:** None **Funding:** Tax Levy

Division: General Counsel and Legal Services **Contract Type:** Requirements

Vendor Name	Estimated Annual Amount
Essey Group, LLC. Dba On Call Councel	$300,000
HC2, Inc. dba Hire Counsel	$300,000

Item: 5 **Description:** Support for the implementation and roll out of full day pre-kindergarten.

Term: 7 months **Options:** None **Funding:** Tax Levy

Division: Division of Contracts and Purchasing **Contract Type:** Requirements

Vendor Name	Estimated Annual Amount
Accenture	$1,751,485

Item: 6 **Description:** High-quality instructional programming as part of the Universal PreKindergarten (UPK) program. (RA #4)

Term: 3 years **Options:** None **Funding:** Reimbursable

Division: Division of Early Childhood Education **Contract Type:** Requirements

Vendor Name	Estimated Annual Amount
Alonzo A. Daughtry Day Care Center	$186,000
Brooklyn Covenant Ministries	$799,864
Cardinal McCloskey Community Service	$360,000
Child Development Support Corporation	$200,000

Item: 6 **Description:** High-quality instructional programming as part of the Universal PreKindergarten (UPK) program. (RA #4)

Term: 3 years **Options:** None **Funding:** Reimbursable

Division: Division of Early Childhood Education **Contract Type:** Requirements

Vendor Name	Estimated Annual Amount
Chinatown Day Care Center, Inc.	$552,000
St Francis of Assisi Catholic Academy	$329,683

Item: 7 **Description:** Employment services for qualified educational professionals who serve as temporary consultants in schools, networks, and central offices.

Term: 5 years **Options:** 1 year option **Funding:** Tax Levy & Reimburseable

Division: Division of Human Resources **Contract Type:** Requirements

Vendor Name	Estimated Annual Amount
School Professional, Division of TemPositions, Inc	$18,346,003

Item: 8 **Description:** Provision of Universal PreKindergarten Services (RA #5)

Term: 3 years **Options:** 2 year option **Funding:** Reimbursable

Division: Division of Early Childhood Education **Contract Type:** Requirements

Vendor Name	Estimated Annual Amount
All My Children Day Care Nursery School	$159,300
All My Children Day Care Nursery School	$159,300
All My Children Day Care Nursery School	$159,300
Harlem Children's Zone, Inc	$1,000,000
Our Kids Place Country Day	$500,040

Item: 9 **Description:** Food distribution to school cafeterias.

Term: 5 years **Options:** 3 one year options **Funding:** Reimbusable

Division: Office of School Food **Contract Type:** Requirements

Vendor Name	Estimated Annual Amount
Chef's Choice Cash and Carry Food Dist.	$6,257,994
Maramont Corporation	$16,436,274
Metropolitan Food Services Inc DBA Driscoll Foods	$46,501,365
Teri Nichols Institutional Food Merchants	$39,498,986

Item: 10 Withdrawn

Item: 11 **Description:** Professional development for school leaders and teachers in instructional strategies, student-centered academic counseling services, sustainable leadership, quality teaching and student achievement. (RA#7)

Term: 5 years **Options:** None **Funding:** Various

Division: Teaching and Learning **Contract Type:** Requirements

Vendor Name	Estimated Annual Amount
Bank Street College of Education	$230,000

Item: 12 **Description:** Hotline support system for students who feel bullied.

Term: 1 Year **Options:** No **Funding:** City Council

Division: Office of Safety and Youth Development **Contract Type:** Full Value

Vendor Name	Annual Amount
New York City Community Learning Schools Initiative	$35,500

Item: 13 **Description:** Instructional textbooks and ancillary materials for use in classrooms.

Term: 7 years **Options:** **Funding:** Reimbursable & tax levy

Division: Division of Contracts and Purchasing **Contract Type:** Full Value & Requirements

Vendor Name	Annual Amount
Cengage Learning, Inc.	$1,368,914

Item: 14 Withdrawn

Item: 15 **Description:** Add on Item: High-quality instructional programming as part of the Universal PreKindergarten (UPK) program. (RA#4)

Term: 3 years **Options:** none **Funding:** Reimbursable

Division: Division of Early Childhood Education **Contract Type:** Requirements

Vendor Name	Estimated Annual Amount
Bethel Mission Station Church	$341,640
Bethel Mission Station Church	$170,820
Bethel Mission Station Church	$341,640
Congregation Bnos Chaya	$200,000
Educational Alliance	$161,820
M.S. Sunshine Day Care	$280,104
Maroos, Inc.	$182,400
Mevakshei Hashem	$456,000
Redeemer Lutheran School	$164,520
Sunshine Daycare of East Harlem	$180,000
Sunshine Daycare of Mott Haven	$169,894
Sunshine Daycare of Westchester Village	$173,014

Item: 16 **Description:** Add on item: Provision of Universal PreKindergarten Services (RA #6)

Term: 3 Years **Options:** 2 Year Option **Funding:** Reimbursable

Division: Division of Early Childhood Education **Contract Type:** Requirements

Vendor Name	Estimated Annual Amount
Our Kids Place Country Day	$500,040
Riverdale YM-YWHA	$180,000
United Edu - Care Preschool Program	$540,000

Item: 1

Description:

Extension of contracts for graduate and undergraduate courses for special education in teaching and clinical disciplines and for related services.

REQUEST FOR AUTHORIZATION TO EXTEND CONTRACTS TO PROVIDE SCHOLARSHIP PROGRAMS FOR SPECIAL EDUCATION IN TEACHING AND SPECIAL EDUCATION (R0725)

Estimated Contract Amount	Funding Source	Extension Term	Procurement Method	Is Contract Retroactive?	Contract Type
$1,277,400	Tax Levy	Six Years (9/1/2014 – 8/31/2020)	Chancellor's Extension per Section 4-07 (b) of DOE Procurement Policy & Procedures	No	Requirements

Vendor Names & Addresses	See List Below

Contract Manager	Lead Contract Officer	Division of Contracts & Purchasing Contact
Sandra Rogers Director Scholarships and Incentive Programs	Peter Ianniello Executive Director Division of Human Resources & Talent	Denesia Stroom-Blair Procurement Analyst Central Office Procurement

PURPOSE

Authorization is requested to extend agreements with the colleges listed below to provide scholarship programs for special education in teaching clinical disciplines and related services for the Division of Human Resources and Talent (DHRT).

DISCUSSION

The New York City Department of Education (DOE) issued a Request for Proposals (RFP) as an alternative to a Competitive Sealed Bid to allow for evaluation of the qualitative differences among various pedagogical programs. Specifically, the DOE sought evidence that vendors' students complete their degrees timely, and offer comprehensive course offerings. Additionally, evidence was sought that scholarship candidates honored their commitment to work for the DOE for two years for every year of tuition paid for by the DOE.

The colleges listed below failed to respond to the most recent RFP. Extensions are recommended to enable currently enrolled participants to graduate and so DHRT is able to recruit graduates who will eventually fill positions in schools with the highest need for trained speech pathologists and special education graduates who possess bilingual certification. Lehman College is the only senior public college in the Bronx, which is DOE's highest need borough, and enables DHRT to accomplish these goals with reasonable tuition rates. New York Medical College is the only location in the Bronx contracted to provide Teachers of Students with Speech and Language Disabilities (TSSLD) as part of the DOE's Graduate Scholarship Program.

Colleges/Universities & Discipline	Discipline	Total Amount
CUNY/Lehman College	Bilingual Special Education	$457,000
New York Medical College	Speech & Language Pathology	$836,400

The contract amounts for the extension period is based on usage during FY2014, and includes a 5% annual tuition increase as contracted with the institutions.

Unit pricing remains the same as under the original, competitively awarded contract, even though pricing in the marketplace has increased since the original contract was awarded. The terms and conditions will also remain the same. Pricing has therefore been determined to be fair and reasonable with respect to this extension.

The Division of Contracts and Purchasing performed comprehensive background checks and identified no significant adverse information. Therefore, these vendors have been determined to be responsible.

On August 13, 2014, the Committee on Contracts approved a request to enter into an agreement with the CUNY/Lehman College and New York Medical College on the basis of continuity of services.

Item: 2

Description:

Withdrawn

Item: 3

Description:

Continuation of graduate courses in administration and supervision to enable nonpublic school principals and prospective principals to become school building leaders.

REQUEST FOR AUTHORIZATION TO EXTEND A CONTRACT WITH ADELPHI UNIVERSITYTO PROVIDE GRADUATE COURSES IN ADMINISTRATION AND SUPERVISION TO ENABLE NONPUBLIC SCHOOL PRINCIPALS AND PROSPECTIVE PRINCIPALS TO BECOME SCHOOL BUILDING LEADERS – RFP R0743

Estimated Contract Amount	Funding Source	Extension Term	Procurement Method	Is Contract Retroactive?	Contract Type
$379,957	Title IIA	Two Years (January 1, 2015 – December 31, 2016)	Chancellor's Extension per Section 4-07 (b) of DOE Procurement Policy & Procedures	No	Requirements

Vendor Names & Addresses	Adelphi University South Avenue Garden City, NY 11530

Contract Manager	Lead Contract Officer	Division of Contracts & Purchasing Contact
Eric Lynn Senior Instructional Program Specialist Division of Nonpublic Schools	Caren Zayde Moncher Executive Director Division of Nonpublic Schools	MaryAnne Impostato Procurement Analyst Central Office Procurement

PURPOSE

Authorization is requested to extend an agreement with Adelphi University to provide graduate courses in administration and supervision to enable nonpublic school principals and prospective principals to become school building leaders.

DISCUSSION

The No Child Left Behind (NCLB) Act of 2001, Title IIA, provides funds for professional development for the purpose of preparing future school building leaders and allows current principals to enroll in courses to keep current in the field of administration and supervision.

Adelphi University was included in the list of vendors solicited for a new competitive procurement that is currently underway but, due to an oversight on the part of the university, Adelphi neglected to respond to the RFP. This extension will enable already-enrolled students at Adelphi to continue the course work necessary to complete their graduate program without disruption.

The contract value is based on the current students taking the maximum number of courses (two per semester) at the per credit rate established in the underlying contract.

Unit pricing remains the same as under the original, competitively awarded contract. The terms and conditions will also remain the same. Pricing has therefore been determined to be fair and reasonable.

The Committee on Contracts approved a request to extend this negotiated service contract for an additional two years on 8/13/14 based on the need for continuity.

A comprehensive background check using various databases, including VENDEX and federal and state debarment lists, identified no significant adverse information for Adelphi University. In addition, the vendor has provided satisfactory service under the original contract. Adelphi has therefore been determined to be responsible.

Item: 4

Description:

Staffing of temporary attorneys.

REQUEST FOR AUTHORIZATION TO USE NEW YORK CITY CONTRACTS TO PROVIDE STAFFING OF TEMPORARY ATTORNEYS

Estimated Annual Amount	Funding Source	Contract Term	Options	Procurement Method	Is Contract Retroactive?	Contract Type
$200,000	Tax Levy	One Year (1/1/14 – 12/31/14)	Two 1-year Options	Purchases Through Government Contracts	Yes	Requirements

Vendor Name & Address	HC2, Inc. dba Hire Counsel 575 Madison Avenue, 3rd Floor New York, New York 10022
	Essey Group, LLC dba On Call Counsel 470 Lexington Avenue, 21st Floor New York, NY 10170

Contract Manager	Lead Contracting Officer	Division of Contracts and Purchasing Contact
Gregory Noisette Operations Manager Office of Labor Relations	Richard Ross Director of Operations Office of General Counsel	Denesia Stroom-Blair Procurement Analyst Central Office Procurement

PURPOSE

Authorization is requested to extend the Department of Education's (DOE) use of the above New York City Law Department (Law Department) temporary legal personnel contracts. Law Department recently entered into contract with HC2, Inc. dba Hire Counsel (Hire Counsel) and Essey Group, LLC. dba On Call Counsel (On Call) for the provision of temporary legal personnel to December 31, 2014, with the option to renew for two 1-year periods. The base contracts resulted from a competitive solicitation in accordance with NYC Procurement Policy Board Rules.

DISCUSSION

The DOE Office of General Counsel will use these contracts as a cost-effective vehicle to satisfy the legal obligations of the various offices. Temporary attorneys are used on an as-needed basis to satisfy intermittent caseload increases and special projects. Historically, the assignment term for temporary attorneys has been less than 7 months. It is not in the best interest of the DOE to bid these contracts separately, as the DOE benefits from the lower costs through aggregate purchases made possible by the Law Department contract.

The average contractual hourly rate ranges from $43.83 (Hire Counsel) to $44.78 (On Call) for a temporary attorney, which results in an average annual cost of $80,083 to $81,813. Further, the prices contracted with Strategic Legal Solutions dba Strategic Legal Resources, the previous contract holder, is 1% to 3% higher than the average hourly rates offered by On Call and Hire Counsel. Therefore, the pricing has been determined to be fair and reasonable.

A background check revealed no significant adverse information and therefore determined the vendors to be responsible. A background check, including a review of federal debarment, VENDEX, and our own records has determined the vendor to be responsible. Hire Counsel and On Call are therefore determined to be responsible with respect to this procurement.

A Request for Bid was not done because the required specialized services are available through this city contract per Section 3.11 of the DOE Procurement Policy and Procedures.

Item: 5

Description:

Support for the implementation and roll out of full day pre-kindergarten.

REQUEST FOR AUTHORIZATION TO CONTRACT WITH ACCENTURE, LLP FOR UPK ROLLOUT

Estimated Annual / Total Contract Amount	Funding Source	Contract Term	Options	Procurement Method	Is Contract Retroactive?	Contract Type
$1,751,485	Tax Levy	4/14/2014 - 10/31/2014	None	Negotiated Service	Yes	Full Value

Vendor Name & Address	Accenture, LLP 1345 Avenue of the Americas New York, NY 10105

Contract Manager / Lead Contracting Officer	Division of Contracts & Purchasing Contact
Josh Wallack	James McBride Chief Administrator

PURPOSE

Authorization is requested to contract with Accenture, LLP to provide support for the implementation and roll out of "Ready to Launch", the City's plan for expanding the availability of high-quality Universal Prekindergarten (UPK) services. Work began on April 14, 2014.

DISCUSSION

Through the Ready to Launch Plan (the Plan), the City of New York and the DOE have committed to significantly improving the quality of UPK instruction and increasing the number of seats by approximately 50,000. Starting with the 2014-2015 school year, the DOE is converting already existing half-day programs to full-day and creating new full-day programs in every community, leveraging both public schools and community-based early childhood centers. The Plan includes provisions that will raise existing pre-k programs up to new higher quality standards that match the state pre-k learning standards.

Under this Negotiated Services contract, Accenture will develop capabilities, processes, tools and structures to manage the project, establish milestones and metrics, identify and manage existing and potential risks, provide data-driven decision support, develop issue escalation plans, monitor and report on progress, support interagency coordination and support ongoing rollout. Overall management support for the project will focus on permitting and site preparation, enrollment and outreach, and monitoring and evaluation. Working with the DOE, interagency working groups and other key stakeholders, Accenture will focus on four critical tasks: Developing Processes and Capabilities for Program Delivery; Supporting Interagency Coordination; Supporting Management of Plan Rollout and Tracking Operations; and New Development and Production Support for the "Briana" Microsoft Dynamics Outreach System.

In March 2014, on behalf of the City of New York and the DOE, the New York City Economic Development Corporation (EDC) released a Minibid against their backdrop contract for Management and Economic Development Consultant Services. While not a DOE contract, the services available through them were believed to reasonably align with the Ready to Launch Project's requirements. Fourteen of the vendors holding these contracts were invited to submit proposals but only PwC and Accenture responded. Most of the vendors solicited did not have education expertise and/or have a focus on strategy consulting, not project management/implementation.

The evaluation committee included senior staff from both the EDC and the DOE. Based on the evaluation criteria, it was Accenture's demonstrated experience and expertise with respect to the specified requirements, the quality of their proposal, and their ability to demonstrate their full understanding of and ability to perform the requested services that lead their choice.

Although the original solicitation was processed by EDC, the nature of the work is more appropriate as a DOE contract. The EDC treated the request for these services in a manner that was similar to how the DOE would have under the circumstances and, hence, it has been established that the due diligence is satisfactory.

The table below represents how price negotiations evolved throughout the evaluation process:

Vendor	Originally Submitted Pricing	Scope Modifications	Added Scope
Accenture	$ 2,926,320	$1,400,000	$1,751,485
PWC	$2,498,000	$1,650,000	N/A

After the scope of work was modified and made similar for both vendors, price revisions were submitted and Accenture came in $250,000 lower than PwC. Subsequent to Accenture having been selected, it was decided that additional services would be required in support of the UPK rollout. This resulted in the total contract cost going from $1.4 million to $1.75 million. Accenture has since provided price concessions by reducing the two highest hourly rates by approximately 10%. All rates provided by Accenture are either at or lower than the rates provided for within the EDC contract. The price, therefore, has been determined to be fair and reasonable.

The Division of Contracts & Purchasing has reviewed the City's VENDEX, Vendor CIP Report, and SAM – System for Award Management. No significant adverse information was revealed for Accenture, LLP, Inc. Therefore, they have been determined to be responsible.

Item: 6

Description:

High-quality instructional programming as part of the Universal PreKindergarten (UPK) program. (RA #4)

REQUEST FOR AUTHORIZATION TO CONTRACT WITH PROVIDERS OF EARLY CHILDHOOD EDUCATION SERVICES FOR FOUR-YEAR-OLDS IN THE UNIVERSAL PREKINDERGARTEN SERVICES (2014-2017) RA#4

Estimated Annual / Total Contract Amount	Funding Source	Contract Term	Options	Procurement Method	Is Contract Retroactive?	Contract Type
$2,427,546.96 / $7,503,937.88	New York State Education Department (NYSED), Tax Levy	Three Years	None	Contract via Negotiated Service per Section 3-08 (b) of DOE Procurement Policy & Procedures	No	Requirement

Vendor Names & Addresses	See table below.

Contract Manager	Lead Contracting Officer	Division of Contracts & Purchasing Contact
Xanthe Jory Executive Director, Expansion Planning Division of Early Childhood Education	Sophia Pappas Executive Director Division of Early Childhood Education	Toby Reyes Director of UPK Procurement

PURPOSE

Authorization is requested on behalf of the Division of Early Childhood Education (DECE) to contract with the 6 vendors listed in the attached table to provide high-quality instructional programming as part of the Universal Prekindergarten (UPK) Program.

DISCUSSION

In 1997, the New York State Education Department (NYSED) established the Universal Prekindergarten program (UPK), which entitles eligible four-year-olds to receive 2 hours and 30 minutes of instructional programming for 180 days at no charge to families. In March 2014, the State legislature approved a $300 million grant to expand full-day pre-kindergarten access in New York City. The legislation allows for high-quality UPK programs to be awarded new full-day UPK seats or to convert existing half-day seats to full-day seats.

The UPK program operates citywide in public and non-public school settings. Achieving universal access to prekindergarten services depends on the partnerships that link community-based organizations with the NYC public school system.

A Request for Proposals – R1015 (RFP) was released in December 2013, seeking to award eligible early childhood providers who are willing to collaborate with the DOE's Division of Early Childhood Education (DECE) to implement the UPK Program in New York City districts with a need for more seats than the DOE is able to offer within public schools. The deadline for proposals was February 18, 2014.

DECE received a record number of proposals from all five boroughs. Over 10,000 full-day seats were awarded by the Panel for Education policy in May, with an additional 3,000 seats submitted to the June and July Panel meetings. However, there are remaining needs for full-day seats in neighborhoods throughout the City. To quickly address these needs in time for the start of the 2014-15 school year, a negotiated services procurement was the preferred method to secure these services. Vendors were invited to submit an application to provide prekindergarten services in time to begin services in September, 2014. The application was posted on DECE's webpage and was emailed to all current Department of Health & Mental Hygiene Early Childhood certificate holders.

All providers have been subject to rigorous review and a site visit. The education director at each site was interviewed as part of the site visit.

Written proposals were scored in three areas:

- Program plan (including pedagogy, curriculum, and family engagement)
- Organizational capacity
- Demonstrated effectiveness

Each of these areas was evaluated for a maximum score of 15 points and the site visit was worth 55 out of the total score of 100 points. Vendors were required to score an 80 to pass before proceeding to negotiate the rate per child with their respective DECE field office.

All of the vendors and their principal owners and officers were subject to a comprehensive background check. While the background checks have not been completed for all vendors, no contract shall be submitted to the Comptroller for registration until the background check is complete. Should noteworthy information become known to the DOE after the panel meeting, it will be reported to the Panel.

Vendor Name	Borough	Site Zip	Awarded # of Full-Day Seats	Negotiated Cost per Child for Full-Day Seats	Start-up for furniture and materials	Sstart-up for facilities/permitting	Annual Amount (without Startup)

Item: 7

Description:

Employment services for qualified educational professionals who serve as temporary consultants in schools, networks, and central offices.

REQUEST FOR AUTHORIZATION TO CONTRACT WITH SCHOOL PROFESSIONALS, A DIVISION OF TEMPOSITIONS, INC., TO PROVIDE EMPLOYMENT AGENCY SERVICES FOR PROFESSIONALS - R0978

Estimated Annual / Total Contract Amount	Funding Source	Contract Term	Options	Option Amount	Procurement Method	Is Contract Retroactive?	Contract Type
$18,346,003 / $91,730,015	Tax Levy & Reimbursable	Five Years (1/1/15 – 12/31/19)	One 1-Year Extension Option	$18,346,003	Request for Proposals (RFP)	No	Requirements

Vendor Names & Addresses	School Professionals, A Division of TemPositions, Inc. 420 Lexington Avenue, Suite 2100 New York, NY 10170

Contract Manager	Lead Contract Officer	Division of Contracts & Purchasing Contact
Joann Molter Division of Human Resources	John O'Donnell Division of Human Resources	MaryAnne Impostato Procurement Analyst Central Office Procurement

PURPOSE

Authorization is requested to contract with School Professionals, a Division of TemPositions, Inc., to provide qualified educational professionals to serve as temporary consultants in DOE schools, networks, and central offices.

DISCUSSION

The DOE has historically used employment agencies to provide a significant number of temporary professional consultants, most of whom are educational support service providers. These consultants are placed in a wide variety of areas including special education, curriculum design and development, staff development, finance and accounting, information technology, human resources, and data analysis. Their services are required for projects that would otherwise exceed the capacity of full-time staff. They will not assume any teaching positions, supervisory roles, or any other duties currently covered by DOE staff.

An RFP was used to procure these services because factors other than price needed to be evaluated. Specifically, the project requires a vendor's system to integrate with the DOE's, deep back-office strength in payroll and timekeeping, and an ability to recruit personnel as requested by the DOE.

The Evaluation Committee consisted of an operations officer and the current contract manager from the Division of Human Resources (DHR) and the former Director of Operations for a Children First Network (CFN). DHR has expertise in vendor management, recruitment and selection, and a comprehensive understanding of the work flow and accounting process necessary to manage and compensate consultants effectively. The former Director of Operations for the CFN has extensive experience with understanding the needs of schools and central offices when securing temporary professional services. Proposals were scored using equal weighting for each of the following criteria: program plan, demonstrated effectiveness, organizational capacity, and pricing.

The committee determined that, of the seven proposers, US Tech Solutions, Industrial Staffing Services, United Staffing Solutions, and Advanced Employment/TempForce did not adequately address web-based capability, standard operating procedures, and compliance with jurisdictional regulations related to payroll processing. There were also concerns that US Tech Solutions, Industrial Staffing, and United Staffing did not possess the desired level of experience in a public school system setting. Finally, the committee expressed reservations about the organizational capacity of Advanced Employment/TempForce, to support a contract of this size and scope.

Negotiations with the remaining three vendors (School Professionals, Penda Aiken, and Lehigh Technical Service) focused on system integration with DOE applicable systems and BAFOs were requested.

Rates were proposed for DOE-referred candidates and vendor-recruited candidates, but the majority of the contract budget (98%) is allocated to process DOE-referred candidates. Vendors' original proposals and BAFOs are shown in the table below.

	Original Proposal				BAFO			
Vendor	DOE-Referred up to $14.7M	DOE-Referred over $14.7M	Vendor-Recruited up to $300K	Vendor-Recruited over $300K	DOE-Referred up to $14.7M	DOE-Referred over $14.7M	Vendor-Recruited up to $300K	Vendor-Recruited Over $300K
US Tech Solutions	14%	13.5%	30%	28%	N/A	N/A	N/A	N/A
Advanced Employment	15.0%	14.8%	15%	14.8%	N/A	N/A	N/A	N/A
Penda Aiken (PAI)	24%	23%	28%	27%	22.0%	21.85%	28%	27%
Lehigh Technical Service	24.9%	24.4%	29.9%	29.4%	23.9%	23.4%	29.9%	29.4%
School Professionals	**22.68%**	**22.68%**	**29.78%**	**29.78%**	**21.43%**	**21.43%**	**28.53%**	**28.53%**
Industrial Staffing Services	25.98%	24.98%	31.98%	30.98%	N/A	N/A	N/A	N/A
United Staffing Solutions	22.95%	22.95%	25.95%	25.95%	N/A	N/A	N/A	N/A

PAI's and Lehigh Technical Service's program plans did not offer anything above and beyond the services that School Professionals is already providing. School Professionals offered 25 new automated system enhancements, including creation of an eRegister On-Boarding System, which allows consultants to complete all necessary State and federal employment forms online, and integration with FAMIS to monitor purchase order certifications. The evaluation committee also raised concerns about PAI's ability to float payroll costs due to its relatively low credit line.

The RFP required that proposers detail the specific mechanisms that would be implemented to control healthcare costs. Such mechanisms are necessary to ensure that healthcare costs are fair and reasonable, as these costs will be passed onto the DOE. Only School Professionals provided an acceptable plan for mitigating and controlling these costs.

In addition, the committee felt that School Professionals held an advantage over their competitors because their President/CEO serves as Chairman of the American Staffing Association's Legislative Committee, and would thus help keep them current on legislative changes and provide access to legislative experts who can interpret the complex requirements of the Affordable Care Act.

SP's originally proposed prices of 22.68% for the DOE Referred mark-up rate and 29.78% for Vendor Recruited consultants were reduced by .25 in SP's BAFO resulting in rates of 22.43% and 29.53%, respectively, which match the current contract rates. Subsequent negotiations resulted in an additional reduction of 1.00, leading to final rates of 21.43% and 28.53%, respectively and saving an additional $150,000.

While SP's rate for DOE Referred consultants is lower than the proposed pricing of the other vendors, its rate for Vendor Recruited consultants is higher than PAI by 0.53 within the "less than or equal to $300,000" class and 1.53 in the "greater than $300,000" category. However, as Vendor Recruited services account for only 2% of the current DOE volume of business, the difference is more than offset by SP's lower DOE Referred rate. In addition, SP's offer to provide "a NYCDOE user-searchable database of previously utilized consultants" for which the lower DOE Referred rate will apply if the candidate is selected from the database, offers the DOE both a unique efficiency and cost-saving opportunity.

Since SP's pricing is lower than the current contract rate and will remain flat for the term of this contract (except for any additional government mandated payroll tax increases which may occur during the term of this contract and will be a pass through as part of the percentage fee mark-up), pricing can be determined to be fair and reasonable.

A comprehensive background check for School Professionals identified no significant adverse information. DHR has confirmed that the vendor has provided satisfactory services in the past. Therefore, School Professionals has been determined to be responsible.

Provision of Universal PreKindergarten Services (RA #5)

REQUEST FOR AUTHORIZATION TO CONTRACT WITH PROVIDERS OF EARLY CHILDHOOD EDUCATION SERVICES FOR FOUR-YEAR-OLDS IN THE UNIVERSAL PREKINDERGARTEN (UPK) PROGRAM (RFP R1015) (RA #5)

Estimated Annual / Total Contract Amounts	Funding Source	Contract Term	Options	Estimated Option Amount	Procurement Method	Is Contract Retroactive?	Contract Type
$477,900 /$1,433,700	New York State Education Department (NYSED), Tax Levy	Three Years	Options to Extend for Two 1-Year Periods or One 2-Year Period	$955,800	Request for Proposals (RFP)	No	Requirement

Vendor Name & Address	All My Children Daycare and Nursery School 175-44 Mayfield Rd. 2nd Fl Jamaica, NY 11432

Contract Manager	Lead Contracting Officer	Division of Contracts & Purchasing Contact
Xanthe Jory Executive Director, Expansion Planning Division of Early Childhood Education	Sophia Pappas Executive Director Division of Early Childhood Education	Toby Reyes Director of UPK Procurement

PURPOSE

Authorization is requested to contract with the vendor listed above to provide high-quality instructional programming as part of the Universal Prekindergarten (UPK) program.

DISCUSSION

In 1997, the New York State Education Department (NYSED) established the Universal Prekindergarten program (UPK), which entitles eligible four-year-olds to receive 2 hours and 30 minutes of instructional programming for 180 days at no charge to families. In March 2014, the State legislature approved a $300 million grant to expand full-day pre-kindergarten access in New York City. The legislation allows for high-quality UPK programs to be awarded new full-day UPK seats or to convert existing half-day seats to full-day seats.

The UPK program operates citywide in public and non-public school settings. Achieving universal access to prekindergarten services depends on the partnerships that link community-based organizations with the NYC public school system.

A Request for Proposals (RFP) was released in December 2013, seeking to award eligible early childhood providers who are willing to collaborate with the DOE's Division of Early Childhood Education (DECE) to implement the UPK Program in New York City districts with a need for more seats than the DOE is able to offer within public schools. The RFP contained two components, each to be evaluated and awarded separately:

- Component A – Full-Day
- Component B – Half-Day

In support of Mayor de Blasio's plan to expand full-day UPK, the NYCDOE encouraged any provider interested in offering full-day UPK to apply to the RFP.

The vendors were expected to propose a consistent weekly schedule for full-day programs (6 hours and 20 minutes) between 8:00 am and 4:30 pm and/or half-day programs (2 hours and 30 minutes per day), 5 days per week for 180 days of the school year.

The Division of Early Childhood Education (DECE) performed a needs analysis to determine areas to target for full-day seats and a separate analysis to determine high-needs half-day areas; however, the RFP made clear that, should additional funding become available, contract awards would be made citywide, prioritizing areas with the largest gaps in full-day UPK options. DECE measures this seat gap by evaluating the difference between kindergarten students enrolled in public District and Charter schools and the full-day UPK options available to families in the same area.

Keeping in line with the Mayor's vision, and in light of receiving additional funding made available through State legislation passed in March, the DOE prioritized proposals for full-day pre-k or full-day and half-day pre-k. This request is for contracts offering only full-day seats or a combination of full-day and half-day seats.

The New York State Education Department (NYSED) provides funding up to $224,000,000 for half-day UPK seats and up to $300,000,000 for full-day expansion.

Of 707 sites proposed, 482 were for full-day, 97 for half-day, and 128 for both full-day and half-day programs. Three proposals were submitted past the deadline. These vendors were notified that their proposals were found to be non-responsive and none protested. 199 vendors were recommended for award and approved in the May 2014 Panel for Education Policy contract meeting. 62 vendors were recommended for award and approved in the June and July 16, 2014 Panel for Education Policy contract meetings. There are 46 vendors recommended for award of full-day and half-day programs on this Request for Authorization.

The UPK full-day expansion allows for limited start-up funds for programs expanding from half-day to full-day programs or beginning new full-day programs. Vendors requiring start-up funds were offered additional resources outside of their negotiated per child rate for the first year of their contract. These funds will support facilities improvements necessary for their required Department of Mental Health and Hygiene permit or for furniture and other materials for their new classrooms. The average award for start-up funds is $20,440, or $536 per child for those sites.

To evaluate proposals, each Early Childhood Field Office convened a three-member evaluation committee that included two instructional professionals and one operations professional. Proposals were scored using the following evaluation criteria:

Response Category	Maximum Points
Program Plan	15
Organizational Capacity	15
Demonstrated Effectiveness	15
Site Visit	55
Total	**100**

All vendors in areas where additional seats are needed who met the minimum qualifications, scored at or above the 80 points, and presented fair and reasonable prices are recommended for award. In areas where the capacity of vendors exceded the estimated demand for services, awards were made based on vendor scores.

The RFP selection process was used because the qualitative evaluation of program, staff, and site environment are the most important criteria for award.

All My Children Daycare and Nursery School and their principal owners and officers were subject to a comprehensive background check. While the background checks have not been completed for this vendor, no contract shall be submitted to the Comptroller for registration until the background check is complete. Should noteworthy information become known to the DOE after the Panel meeting, it will be reported to the Panel.

Contract Manager	Lead Contracting Officer	Division of Contracts & Purchasing Contact
Janice Zapinsky, Manager Contracts Management Unit Office of School Support Services	Lisa D'Amato, Director Contracts Management Unit Office of School Support Services	Fior Castellon Procurement Analyst

PURPOSE

Authorization is requested on behalf of the Office of School Food (OSF) to contract with the vendors listed above to provide food service distribution for approximately 1,215 OSF-operated kitchens citywide. These contracts will replace current contracts set to expire on October 31, 2014. This RA covers contracts that resulted from two separate RFBs.

DISCUSSION

The DOE's School Food Meal Program serves approximately 41.5 million breakfasts, 115.8 million lunches, and 16.9 million snacks and suppers during the regular school year and an additional seven million meals during the summer. To handle the high volume of food products, the DOE contracts with food distributors responsible for the acquisition, warehousing, handling, and distribution of approximately 450 food items. These distributors are also responsible for the receipt, storage, and distribution of approximately 60,000 cases of donated goods per year from the New York State Office of General Services (OGS) and 2.4 million cases of food items purchased directly from contracted manufacturers.

RFB# B2147

On August 3, 2012, the Division of Contracts and Purchasing (DCP) released Request for Bids (RFB) B2147 for Food Distribution Services, which covered three food categories: frozen, groceries, and fresh produce. The bid included the following aggregate classes (AC) based on geographical locations:

- Aggregate Class 1 - Bronx and Upper Manhattan (District 6)
- Aggregate Class 2 - Mid, Lower Manhattan (Districts 1-5) and West Brooklyn
- Aggregate Class 3 - North/South Brooklyn Staten Island
- Aggregate Class 4 - Queens and East Brooklyn

Bids were received from six vendors for all classes except for AC1, which received five bids. As per the RFB, awards were to be limited to a maximum of one class per bidder. This restriction was imposed to prevent the DOE from becoming too dependent on individual vendors and to reduce the risk of supply disruptions if a vendor was not able to perform. Award determinations were to be made in each class according to the combination of awards that would provide the lowest overall program cost. Table 1 provides the bid results, showing the prospective awardees for each class.

DiCarlo Distributors was determined to be non-responsible. The company's owners, John DiCarlo, Sr. and Vincent DiCarlo, Sr. pled guilty to violations of the Sherman Antitrust Act as part of a bid rigging conspiracy related to DOE food distribution contracts in 2001. The company protested the DOE decision but the non-responsibility determination was upheld.

Chef's Choice did not have the capacity to perform AC2 on its own, instead proposing to subcontract a portion of the class to another vendor. Chef's Choice's pricing, however, was higher than what the proposed subcontractor independently bid for the same work. As result, the DOE elected to rebid this class.

H. Schrier met all bid requirements. However, the recommendation to award class AC 3 to H. Schrier was contingent on removing Stuart Libertoff, a principal officer convicted of bid rigging, from the company before presentation of the contract to the Panel for Educational Policy for approval. Mr. Libertoff remained at H. Schrier and the DOE did not move forward with any of the recommendations for award at that time.

Driscoll and Maramont, the low bidders for AC1 and AC4 respectively, met all bid requirements and were recommended for awards.

Since the prospective lowest bids in AC2 and AC3 were significantly higher than the two lowest bidders in those classes, it was ultimately determined to be in the DOE's best interests to re-solicit those classes. The Department intentionally delayed obtaining Panel approval for the recommended vendors in AC1 and AC4 in order to have these contracts and those awarded pursuant to the re-solicitation run concurrently. After the DOE notified all submitting vendors of its intent to re-solicit, Maramont exercised its option to withdraw its bid, as it was able to do 120 days after the date of the bid opening. As a result, it was necessary to re-solicit AC4 as well.

RFB# B2442

On March 12, 2014, DCP released RFB B2442 including what was not awarded in B2147, AC Nos. 2, 3, and 4. To increase competition, the Department elected to divide the original three into five separate aggregate classes. Bidders were limited to award of 2 of the combined 6 ACs (including B2147).

The classes for B2442 were:

Aggregate Class 1: Manhattan (Districts 1-5)
Aggregate Class 2: Brooklyn 1 (Districts 13, 14, 16, 19, 23, and 32)
Aggregate Class 3: Brooklyn 2 (Districts 15, 17, 18, 20, 21, and 22)

Aggregate Class 4: Staten Island
Aggregate Class 5: Queens

Bids were received from five vendors for all classes except AC 4, which received four bids. As in the previous bid, awards were made in each class according to the combination that provided the lowest overall program cost to the DOE. Table 2 provides the bid results, showing the prospective awardees for each class.

Although Chef's Choice was the apparent low bidder for AC1 and AC4, they did not have adequate organizational capacity to handle both classes. Chef's Choice was, therefore, recommended for only AC4.

Comprehensive background checks were conducted on the four food distributors. No significant adverse information was uncovered for Driscoll Foods. However, the following noteworthy information was identified for Teri Nichols, Chef's Choice, and Maramont:

Teri Nichols: A self-reported caution in VENDEX refers to an investigation by the Special Commissioner of Investigation for the New York City School District (SCI) regarding one of the firm's delivery assistants caught stealing $52 from a school cafeteria. His employment was immediately terminated and, as a result of this investigation, Teri Nichols has implemented the following practices to prevent such events from recurring:

- Third party background checks on individuals hired.
- New employee orientation process.
- Installation of audio/video surveillance in delivery vehicles.
- Random field inspections of personnel.
- Immediate removal of the truck and employees from service and notification of SCI when notice is received about a problem involving delivery personnel.

Therefore, in light of the resolution of the SCI matter and the vendor's satisfactory performance for the DOE, the vendor has been determined to be responsible.

Chef's Choice: In 2001, FHR and its owner Frank Russo, who previously owned Chef's Choice, pled guilty to antitrust conspiracy and mail fraud charges in connection with a bid-rigging scheme involving DOE food contracts and contracts with Odyssey House, a substance abuse treatment organization that received significant funding from New York State. Mr. Russo, along with his company FHR, were ordered to pay at least $2.1 million to the DOE as part of a $12.3 total restitution order against all the defendants. According to the Assistant United States Attorney assigned to the case, Mr. Russo and his company paid an additional $166,000 in 2006 (unpaid costs spread among all defendants in the aftermath of the case). Mr. Russo also was sentenced to 21 months in prison and 36 months of supervised release. Frank Russo's son, Pasquale Russo, took over Chef's Choice in August 2000. The SCI thanked the vendor for its "substantial assistance" during the investigation. The company's more recent record of satisfactory performance and the passing of Frank Russo in 2008 lead the DOE to conclude these matters should not preclude a finding that Chef's Choice is a responsible vendor.

Maramont: Prior to the renewal of a predecessor contract for these services in 2009, the DOE learned of an investigation by the Securities and Exchange Commission (SEC) and United States Department of Justice involving Maramont's current VP of Administration who, while working as a manager for another company, American Italian Pasta Company (AIPC), pled guilty to conspiring to engage in various fraudulent accounting practices which overstated earnings and concealed AIPC's actual financial condition from stockholders from 2002 to 2004 in order to deprive holders of the stock their right to honest services. AIPC paid a $7.5 million penalty and the SEC filed a civil suit against the entity, resulting in approximately $100,000 in penalties. The DOE advised Maramont to self-report this matter in its VENDEX Vendor Questionnaire, which it did. Moreover, the CEO of Maramont has attested that the company was aware of the pending investigation when the VP was hired in 2005 and

has not found any inaccuracies related to his work at Maramont. Maramont currently has a contract with the City of Philadelphia to service 250 schools for over $20 million per annum. It also has smaller contracts with Jersey City and the New York City Housing Authority. In 2013, a report by an inspector general for Chicago's public school system (CPS) found that Preferred Meals Systems, an affiliate of Maramont, provided perks to government employees for preferential treatment. Reports indicate that CPS continues to work with Preferred Meal Systems and the company took action regarding the employees implicated in the matter. In light of the size of the company, which generated more than $240 million in revenue in 2013, and Maramont's history of satisfactory performance on contracts with the DOE and the Department of Homeless Services, the DOE does not believe these matters preclude a determination that the vendor is responsible.

The Department engaged Ernst & Young to review financial statements of the recommended vendors to determine if they had 30 days of working capital for their prospective contracts. This is the amount the Department concluded was sufficient to assure financial strength to perform under the contract. All recommend vendors met that qualification.

The cost/price analysis of the recommended vendors' bids determined that the Delivery Mark-up rates for 77% of the 5 biggest product lines across all 6 AC's are lower than the those currently being paid, resulting in a net average reduction of 2.5% for those product lines' rates. Product costs that are passed through by the distributor to the DOE are verified for accuracy by the program office throughout the term of the contract. We note that while overall product costs have increased, many items have been reformulated due to USDA requirements and quantities of fresh produce have increased by about 45%. This analysis plus the competitive nature of the bids (at least 4 bids for each AC) supports the determination that the prices are fair and reasonable.

TABLE 1: RFB # B2147

VENDOR NAME	ANNUAL BID VALUE / 5-YR TOTAL	DETERMINATION
AGGREGATE CLASS 1

		1, 2

Service Requestor / Contract Manager	Division of Contracts and Purchasing Contact
Morayo Oyemade Director, Contracts & Operations Division of Teaching and Learning	Joy Gentolia Director, Instructional Service Procurement

PURPOSE

Authorization is requested on behalf of the Division of Teaching and Learning to contract with the Bank Street College of Education for professional development for school leaders and teachers. These programs will be provided at the discretion of each participating school or central office operating on behalf of a school or consortium of schools.

DISCUSSION

Professional development (PD) for school leaders and teachers is necessary to support instructional strategies that are designed to increase students' learning and academic success. These PD services include developing educators' expertise in integrating process and content for academic counseling services, sustainable leadership, postsecondary readiness, and improved teaching practices. The awarded vendors will provide professional development to school leadership and instructional staff across content areas, with an overall focus on improving the classroom environment for learning and leadership development, while providing best practices to prepare students for the challenges of postsecondary education and work. Awarded vendors will also assist administrators in understanding the concepts of sustainable leadership, particularly in an environment where principals have discretion in decision-making, and are accountable for student success.

Vendors proposed for one or more of the following focus areas: 1) Leadership Development, 2) Curriculum Development, 3) Postsecondary Readiness, 4) Classroom Management and Youth Development Principles, and 5) Shifting Pedagogical Practice: Data-Driven Decision-Making and Teacher Accountability.

Thirty-seven proposals were received and evaluated by a minimum of three members drawn from a pool of 36 evaluators. These proposals were evaluated by a committee whose members have school-based and/or administrative experience, and many of whom are former teachers, former principals, literacy coaches, math coaches, program directors, or operations staff from DOE central offices. Proposals were scored based on program plan (25 points), organizational capacity (25 points), pricing (25 points), and demonstrated effectiveness (25 points). Successful vendors were required to achieve a minimum score of 80 points.

Thirty-two vendors were recommended for contract awards under previous RAs and one is recommended here.

Recommended vendors offer instructional programs and job-embedded professional development, including teacher and leader effectiveness training. These services help schools improve classroom instruction through focused conversations and data-driven inquiry and decision making. Program delivery methods include à la carte service packages, workshops, and coaching.

Bank Street College's (BSC) program provides curriculum and leadership development focused on K-8 teachers, coaches, and school leaders, particularly in content areas that are identified as areas with the greatest need for improved curriculum development. BSC combines workshops and institutes with in-class coaching. BSC's PD is customized to meet the needs of each school. It helps school leaders to develop common core learning standards-based curricula, offer differentiated research-based instruction, and build their capacity to work as instructional leaders.

BSC's PD can host up to 75 participants for on-site sessions; curriculum development and mentoring programs can host smaller groups of up to five people.

BCS's average hourly pricing was negotiated from $360 per hour to $286 per hour for a 21 percent price improvement. Pricing has been determined to be fair and reasonable based on a comparison with hourly rates for like services by vendors contracted under this solicitation.

The estimated annual contract amount for BSC was based on the previous contract's average expenditures for similar services.

Background checks included VENDEX, the Uniform Commercial Code, the Federal Tax Lien, and the Federal Excluded Parties List System. As required, a comprehensive background check was performed by DCP on BSC. No significant adverse information was revealed. BSC has performed services satisfactorily for the past five years under a previous contract. BSC has therefore been determined to be responsible to provide approved services.

It is necessary to contract for these services because the DOE does not possess the expertise necessary to meet the objectives of this program.

The MTAC process is the preferred procurement method as this process allows the DOE to award contracts for similar services to multiple vendors in order to meet demand for such services and to offer a choice among vendors.

As a part of the MTAC process, all service requests over $25,000 must go through a competitive process for procurement of services. Users will be required to create a scope of services and conduct a mini-solicitation process among the awarded vendors in their component areas. Vendors will be required to provide a statement of work and pricing based on their contracted services, which will be evaluated and scored by the user. Upon completion of this mini-solicitation process, schools will be able to secure services via purchase order. This process is to ensure competition among the large number of vendors who have been awarded contracts as a result of this procurement. Future RAs for these services will be submitted in batches as new providers are presented for award of contracts.

Item: 12

Description:

Hotline support system for students who feel bullied.

REQUEST FOR AUTHORIZATION TO CONTRACT WITH NEW YORK CITY COMMUNITY LEARNING SCHOOLS INITIATIVE (NYCCLSI) TO PROVIDE SUPPORT TO THE BRAVE HOTLINE

Estimated Annual / Total Contract Amount	Funding Source	Contract Term	Options	Procurement Method	Is Contract Retroactive?	Contract Type
$35,500	City Council	One Year (7/1/13 – 6/30/14)	None	City Council Allocation, per Section 1-03(c) of DOE Procurement Policy & Procedures	Yes	Full Value

Vendor Name & Address	New York City Community Learning Schools Initiative 52 Broadway New York, NY 10004

Contract Manager	Lead Contracting Officer	Division of Contracts and Purchasing Contact
Stephanie Keating Chief Administrative Officer Division of Operations	Robert Weiner Chief Operating Officer Office of Safety and Youth Development	Denesia Stroom-Blair Procurement Analyst Central Office Procurement

PURPOSE

Authorization is requested to contract with the New York City Community Learning Schools Initiative (NYCCLSI) to support the Building Respect, Acceptance and Voice through Education (BRAVE) hotline.

DISCUSSION

NYCCLSI will partner with the Mental Health Association (MHA) to support to the BRAVE hotline, which offers educators, parents, and students access to the tools, knowledge, and support necessary to being proactive in confronting and stopping bullying. Services include call-ins and texting, which are facilitated by mental health professionals supplied by MHA, as well as online resources. The City Council has funded this contract with MHA each of the last two years with an allocation of $150,000. This year the City Council augmented the MHA program with an additional allocation of $35,500 to NYCCLSI.

NYCCLSI was launched in 2012 by the United Federation of Teachers (UFT) in collaboration with the New York City Council, the Partnership for New York City, and Trinity Wall Street, a non-profit organization that advocates for children in the public schools. The UFT previously managed the contract with MHA and will still provide workshops for teachers as well as assistance with the development of lesson plans. The UFT also produces flyers, posters, and other items in an effort to inform the school community of the BRAVE hotline's services.

This contract is retroactive because the allocation to the vendor for these services came late in the fiscal year. Additionally, the time that was required for NYCCSLI as a newly established non-profit organization to clear the Mayor's Office of Contracts background check also contributed to the delay in the contracting process.

The Division of Operations has experience with the vendor providing these services and confirms that they have performed satisfactorily. The Division of Contracts and Purchasing has reviewed the

vendor's background in its files and VENDEX systems and found no significant adverse information. The vendor has therefore been determined to be responsible.

A competitive sealed bid was not done for this procurement and a contract for these services is necessary because the City Council discretionary allocation specifically named this vendor for the amount stated above. To have these services provided by another party would be contrary to the City Council allocation process.

Contract Manager	Lead Contracting Officer
Jennifer Davilla Director Instructional Materials Unit Division of Contracts and Purchasing	Susan Dick - McKeon Chief Administrator School Based Procurement Division of Contracts and Purchasing

PURPOSE

Authorization is requested to contract with Cengage Learning Inc. to provide published and copyrighted textbooks and ancillary materials to public and participating non-public schools.

DISCUSSION

Cengage provides textbooks in the subject areas of Mathematics, Science, and Health. Cengage's contract will also provide the following imprints/brands:

- Delmar Publishers: Healthcare and Technology textbooks and workbooks
- South-Western Publishing: Business and Economics textbooks and workbooks
- Heinle Publisher: Multi-level English Language Programs
- Wadsworth, Inc.: Humanities, Behavioral and Social Sciences textbooks and workbooks

These materials can only be purchased from Cengage and are not available through other channels of distribution. Because these materials cannot be purchased in the open marketplace, a competitive sealed bid process is impractical. The proposed contract requires that the prices the DOE pays will be the lowest offered to any customer.

Cengage's initially proposed prices reflecting an average increase in price for textbooks and delivery of $12.74 or an 8.1% over the current price. However, at the DOE's request it eliminated the 10% delivery charge, which the DOE had been paying under the current contract. This represents an annual savings of $124,446 annually and $871,127 over the seven years of the contract. While the CPI for educational books and supplies increased 8.5% during the period from 2007 to 2014, Cengage's prices under the current seven year contract remained constant. Therefore, the elimination of the delivery charge and the fixed pricing for new contract's seven year term lead to a determination that Cengage's prices are fair and reasonable.

A background check identified noteworthy information for Cengage. There are two cautions in VENDEX:

- In July 2007, the former president of Delmar Learning, at that time an operating division of Cengage (nee Thomson Learning), pled guilty to possession of child pornography and destruction of a tangible object in a federal investigation. The individual's employment was terminated by Cengage on or about January 31, 2007. The vendor has confirmed that it blocks such websites, but that the individual did not use company equipment for the activities for which he was arrested and convicted.

- On July 2, 2013 Cengage Learning filed for Chapter 11 Bankruptcy protection to restructure its $5.8 billion debt. On February 3, 2014, the company announced a plan to eliminate $4 billion of the company's outstanding debt while allowing it to continue to service its customers. In March 2014, Cengage emerged from bankruptcy and

Accordingly, the DOE does not believe this precludes a determination that the vendor is responsible. Particularly since this is primarily commodity procurement, we do not believe any of these matters precludes a determination that Cengage is responsible.

The estimated contract amount is based on prior contract usage by various public and non-public schools.

Xanthe Jory Executive Director, Expansion Planning Division of Early Childhood Education	Sophia Pappas Executive Director Division of Early Childhood Education	Toby Reyes Director of UPK Procurement

PURPOSE

Authorization is requested on behalf of the Division of Early Childhood Education (DECE) to contract with the 10 vendors listed in the attached table to provide high-quality instructional programming as part of the Universal Prekindergarten (UPK) Program.

DISCUSSION

In 1997, the New York State Education Department (NYSED) established the Universal Prekindergarten program (UPK), which entitles eligible four-year-olds to receive 2 hours and 30 minutes of instructional programming for 180 days at no charge to families. In March 2014, the State legislature approved a $300 million grant to expand full-day pre-kindergarten access in New York City. The legislation allows for high-quality UPK programs to be awarded new full-day UPK seats or to convert existing half-day seats to full-day seats.

The UPK program operates citywide in public and non-public school settings. Achieving universal access to prekindergarten services depends on the partnerships that link community-based organizations with the NYC public school system.

A Request for Proposals – R1015 (RFP) was released in December 2013, seeking to award eligible early childhood providers who are willing to collaborate with the DOE's Division of Early Childhood Education (DECE) to implement the UPK Program in New York City districts with a need for more seats than the DOE is able to offer within public schools. The deadline for proposals was February 18, 2014.

DECE received a record number of proposals from all five boroughs. Over 10,000 full-day seats were awarded by the Panel for Education policy in May, with an additional 3,000 seats submitted to the June and July Panel meetings. However, there are remaining needs for full-day seats in neighborhoods throughout the City. To quickly address these needs in time for the start of the 2014-15 school year, a negotiated services procurement was the preferred method to secure these services. Vendors were invited to submit an application to provide prekindergarten services in time to begin services in September, 2014. The application was posted on DECE's webpage and was emailed to all current Department of Health & Mental Hygiene Early Childhood certificate holders.

All providers have been subject to rigorous review and a site visit. The education director at each site was interviewed as part of the site visit.

Written proposals were scored in three areas:

- Program plan (including pedagogy, curriculum, and family engagement)
- Organizational capacity
- Demonstrated effectiveness

Each of these areas was evaluated for a maximum score of 15 points and the site visit was worth 55 out of the total score of 100 points. Vendors were required to score an 80 to pass before proceeding to negotiate the rate per child with their respective DECE field office.

These providers submitted a half-day proposal in response to the RFP, but later decided to submit a proposal under the Negotiated Services application to provide full-day seats instead. The providers were inadvertently recommended for award under the RFP in the July 16th and July 30th Panel meetings. This RA will provide approval of these same vendors as previously provided, albeit as negotiated services rather than by way of the RFP.

All of the vendors and their principal owners and officers were subject to a comprehensive background check. While the background checks have not been completed for all vendors, no contract shall be submitted to the Comptroller for registration until the background check is complete. Should noteworthy information become known to the DOE after the panel meeting, it will be reported to the Panel.

PURPOSE

Authorization is requested to contract with the 2 vendors listed in the attached table to provide high-quality instructional programming as part of the Universal Prekindergarten (UPK) program.

DISCUSSION

In 1997, the New York State Education Department (NYSED) established the Universal Prekindergarten program (UPK), which entitles eligible four-year-olds to receive 2 hours and 30 minutes of instructional programming for 180 days at no charge to families. In March 2014, the State legislature approved a $300 million grant to expand full-day pre-kindergarten access in New York City. The legislation allows for high-quality UPK programs to be awarded new full-day UPK seats or to convert existing half-day seats to full-day seats.

The UPK program operates citywide in public and non-public school settings. Achieving universal access to prekindergarten services depends on the partnerships that link community-based organizations with the NYC public school system.

A Request for Proposals (RFP) was released in December 2013, seeking to award eligible early childhood providers who are willing to collaborate with the DOE's Division of Early Childhood Education (DECE) to implement the UPK Program in New York City districts with a need for more seats than the DOE is able to offer within public schools. The RFP contained two components, each to be evaluated and awarded separately:

- Component A – Full-Day
- Component B – Half-Day

In support of Mayor de Blasio's plan to expand full-day UPK, the NYCDOE encouraged any provider interested in offering full-day UPK to apply to the RFP.

The vendors were expected to propose a consistent weekly schedule for full-day programs (6 hours and 20 minutes) between 8:00 am and 4:30 pm and/or half-day programs (2 hours and 30 minutes per day), 5 days per week for 180 days of the school year.

The Division of Early Childhood Education (DECE) performed a needs analysis to determine areas to target for full-day seats and a separate analysis to determine high-needs half-day areas; however, the RFP made clear that, should additional funding become available, contract awards would be made citywide, prioritizing areas with the largest gaps in full-day UPK options. DECE measures this seat gap by evaluating the difference between kindergarten students enrolled in public District and Charter schools and the full-day UPK options available to families in the same area.

Keeping in line with the Mayor's vision, and in light of receiving additional funding made available through State legislation passed in March, the DOE prioritized proposals for full-day pre-k or full-day and half-day pre-k. This request is for contracts offering only full-day seats or a combination of full-day and half-day seats.

The New York State Education Department (NYSED) provides funding up to $224,000,000 for half-day UPK seats and up to $300,000,000 for full-day expansion.

Of 707 sites proposed, 482 were for full-day, 97 for half-day, and 128 for both full-day and half-day programs. Three proposals were submitted past the deadline. These vendors were notified that their proposals were found to be non-responsive and none protested. 199 vendors were recommended for award and approved in the May 2014 Panel for Education Policy contract meeting. 62 vendors were recommended for award and approved in the June and July 16, 2014 Panel for Education Policy contract meetings. There are 46 vendors recommended for award of full-day and half-day programs on this Request for Authorization.

The UPK full-day expansion allows for limited start-up funds for programs expanding from half-day to full-day programs or beginning new full-day programs. Vendors requiring start-up funds were offered additional resources outside of their negotiated per child rate for the first year of their contract. These funds will support facilities improvements necessary for their required Department of Mental Health and Hygiene permit or for furniture and other materials for their new classrooms. The average award for start-up funds is $20,440, or $536 per child for those sites.

To evaluate proposals, each Early Childhood Field Office convened a three-member evaluation committee that included two instructional professionals and one operations professional. Proposals were scored using the following evaluation criteria:

Response Category	Maximum Points
Program Plan	15
Organizational Capacity	15
Demonstrated Effectiveness	15
Site Visit	55
Total	**100**

All vendors in areas where additional seats are needed who met the minimum qualifications, scored at or above the 80 points, and presented fair and reasonable prices are recommended for award. In areas where the capacity of vendors exceded the estimated demand for services, awards were made based on vendor scores.

The RFP selection process was used because the qualitative evaluation of program, staff, and site environment are the most important criteria for award.

These awards are pursuant to a protest. Additional information will be included in the final RA.

The vendor and their principal owners and officers were subject to a comprehensive background check. While the background checks have not been completed for these vendors, no contract shall be submitted to the Comptroller for registration until the background check is complete. Should noteworthy information become known to the DOE after the Panel meeting, it will be reported to the Panel.
