The Proposed Grade Expansion of Professor Juan Bosch Public School (06M178) from a K-2 School to a K-5 School Beginning in 2013-2014

I. Description of the subject and purpose of the proposed item under consideration.

The New York City Department of Education (“DOE”) is proposing to expand Professor Juan Bosch Public School (06M178, “P.S. 178”) to serve kindergarten through fifth grades. P.S. 178 is an existing zoned district elementary school serving students in kindergarten through second grades in building M178 (“M178”) at 12-18 Ellwood Street, New York, NY 10040, in Community School District 6. P.S. 178 is an early childhood center (“ECC”). ECCs are small elementary schools that focus on early childhood education, typically kindergarten through second grade.

P.S. 178 currently serves 224 students in kindergarten through second grade. It currently offers a Spanish dual-language program and an ASD Nest program, in addition to a monolingual program. If this proposal is approved, second-grade students currently enrolled in P.S. 178 would be able to stay at P.S. 178 for third through fifth grades. P.S. 178 would add one grade each year until 2015-2016, when it would reach full scale and serve students in kindergarten through fifth grade.

M178 has a capacity of 292 students and currently serves 224 students in kindergarten through second grades, yielding a utilization rate of 77%. If this proposal is approved, the building would serve approximately 320-380 students and have a utilization rate of 110-130% in 2015-2016 when P.S. 178 reaches full scale. This utilization rate is expected to decrease in later years after 2015-2016, as larger cohorts graduate. As discussed in section III.B. of the Educational Impact Statement (“EIS”), the building has sufficient space to provide P.S. 178 with at least its baseline room allocations. Therefore, M178 has the capacity to accommodate the proposed grade expansion of P.S. 178.

The proposal to expand P.S. 178 initially came from the school community. In February 2012, the P.S. 178 School Leadership Team submitted a letter of intent to the Office of New Schools to expand the grades served by the school. That application was supported by parents and the broader school community. This suggests a high level of satisfaction within the school and its parent body and the expectation that an expanded P.S. 178 will suit the needs of the children in District 6.

In addition to this proposal for the grade expansion of P.S. 178, the DOE expects to submit a proposal to the Community Education Council (“CEC”) for District 6 to make P.S. 178 a choice elementary school, rather than a zoned elementary school. P.S. 178 currently shares a zone with P.S. 152 Dyckman Valley (06M152, “P.S. 152”), which serves kindergarten through fifth grade and offers a pre-kindergarten program at 93 Nagle Avenue, New York, NY 10040, less than one-tenth of a mile from M178. Students who live within this zone currently receive priority for admission at either P.S. 178 or P.S. 152. If P.S. 178 becomes a choice school, all students in the zone would continue to be zoned to P.S. 152. The proposal to make P.S. 178 a choice elementary school must be approved by the District 6 CEC before it can take effect. As a choice school, P.S. 178 would be open for admission to all students in District 6, without giving priority to students who live in the school’s current zone.
