

#NYCSchoolSurvey

Every year, all parents, teachers, and students in grades 6-12 take the [NYC School Survey](#). The survey ranks among the largest surveys of any kind ever conducted nationally. It helps school leaders understand what key members of the school community say about the learning environment at each school. The information captured by the survey is designed to support a dialogue among all members of the school community about how to make the school a better place to learn.

Starting February 27, 2017 we will invite parents, teachers and students to complete their surveys before March 31, 2017. Join us! You can be part of the online conversation!

1. Does your school have Twitter or Facebook profiles? Do you have a personal/professional profile? **#NYCSchoolSurvey** can be a good opportunity to connect with families and students.
