**SCHOOL OVERVIEW**

Essex Street Academy (ESA) prepares all students for success in college and careers by treating them as individuals with specific strengths and needs and appealing to their intellectual curiosity. We offer elective courses that challenge students to develop their own ideas and push them to learn by doing. Students design and conduct experiments, develop historical theses, analyze works of literature, and develop solutions and proofs for mathematical problems. Small class size makes a personalized approach to education possible, enabling teachers to develop an individual relationship with each student. At ESA, our students are active learners and graduate from our school confident in their ability to tackle any problem they encounter.

**SCHOOL OVERVIEW**

Our school graduates lifelong learners who are leaders in their communities. We are a small school with teachers who care deeply for our students and work their hardest to nurture them for the opportunities that await them after graduation. We prepare our students academically, socially, and emotionally through project based learning, art integration with studio classes, a College 101 course, and a four-year advisory program. We foster a college-going culture and provide a great deal of support to our students for college and career readiness. In choosing FHS, you are choosing to join a dynamic learning community, to think deeply about yesterday, today, and tomorrow, and to envision how to make a positive difference in the world.

**SCHOOL OVERVIEW**

We offer an academically challenging CTE program focusing on the culinary arts and finance. Since we believe that food is fundamental to personal, social, economic, and ecological health, the themes of food and finance are integrated into our curriculum and school environment. Cornell University, our lead partner, brings expertise in science, sustainable food production, nutrition, and other topics. Students develop critical thinking skills while engaged in projects, portfolio development, internships, and entrepreneurial ventures. In addition to the state endorsed CTE diploma, students are expected to take a series of industry-recognized certification examinations.

## SCHOOL OVERVIEW

The Harvest Collegiate School offers a rich and challenging intellectual education that engages students in the natural process of experience, questioning, the pursuit of precision, and reflection—how people really learn. We believe in cultivating students’ power to produce and reflect, rather than simply consume, as a fundamental way of being in the world. We aspire to being and contributing creatively to a ‘sane society,’ one of peace, growth, and joy. We believe all young people flourish in conditions that challenge and support. We prepare students for success in college and for participatory leadership that promotes values of active responsibility for mankind and our world.

## SCHOOL OVERVIEW

Our mission is to create a climate that promotes excellence in learning. Our students develop into intelligent, critical thinkers who are supportive members of their communities. We accomplish this through collaboration and a personal learning atmosphere. Our culture celebrates success with high expectations for students as well as adults. The students will be immersed in the study, inquiry, and advocacy of law, with required involvement in community service, thus enabling them to realize their individual potential throughout the greater community. Our hope is that students will view themselves as pioneers of the new millennium, and we expect them to be counted among the great success stories of tomorrow.

## SCHOOL OVERVIEW

We believe that education is not a solitary endeavor; students and teachers must be active learners. We strive for excellence through a challenging, innovative, student-centered curriculum where students develop analytical skills to become critical, independent thinkers and lifelong learners. Students gain knowledge about the public sector, law, and their ability to make positive changes in the community. Parents, caregivers, and staff work together to provide students with opportunities to become invested in their communities through service learning, internships, mentoring programs, and partnerships. Their experiences allow them to apply their academic knowledge to real-life settings.

**SCHOOL OVERVIEW**

HSMSE at City College provides a unique and unparalleled collaborative educational experience. The school’s mission is to encourage students to develop the habits of inquiry, written and verbal expression, and critical thinking. Students are drawn from all five boroughs, making it one of the most ethnically diverse schools in New York City. The academically rigorous learning environment focuses on mathematics, science, and engineering, while emphasizing civic responsibility and the value of acquiring knowledge for its own intrinsic reward. The deep professional and personal experiences of the faculty enrich the learning community; many faculty members have earned doctorates and distinguished themselves in business, engineering, and other fields.

**SCHOOL OVERVIEW**

Independence High School is a high school which embraces teaching and learning in a small, caring environment with high academic standards. We offer multicultural, interdisciplinary curriculum with an infusion of the arts and technology. Through enhanced guidance services, an advisor works with each student and parent to achieve academic goals and set post-secondary plans. We envision our high school community, which encompasses students, staff, and parents to be actively engaged in maintaining academic excellence, to help foster self-esteem, and to develop healthier decision-making skills so that students may develop and work up to their full potential. We nurture a passion for learning and problem-solving skills using Restorative Practices in an environment built on high accountability and high support. Families will be encouraged to maintain a high level of engagement with the school. College visits, career fairs, and guest speakers from local and distant colleges are frequently set throughout the year. Our students explore entry-level careers via collaboration with a successful community-based organization.

**SCHOOL OVERVIEW**

IEC is a career and technical education school partnered with Microsoft, NY Presbyterian Hospital, and Guttman Community College. Through project-based learning, students earn a CTE high school diploma with technical certifications, an Associate’s Degree— at no cost — and work-based experience preparing them for technology related careers. Our students are future engineers, game and device designers, finance and business leaders, medical professionals, artists, and entrepreneurs. Students have up to six years to earn either their associate’s degree in information technology or in business management before deciding to move directly into the job market or continue their education through the Bachelor’s Degree level and beyond.

**SCHOOL OVERVIEW**

LoMA is a small, multicultural school that focuses on academic excellence through the arts. We support each student’s intellectual, emotional, and cultural growth with the goal of success in a four-year college or career. Our students take additional math, science, reading, internship, and arts classes. Students work with artists during academic classes to create high quality, standards-based learning performances. We partner with many Lower East Side arts organizations so that every student takes part in an Extended Day Program at least twice a week. To support our students’ success at meeting these higher standards, we maintain an intimate, nurturing community with a large number of adults watching over and taking care of our students.

**SCHOOL OVERVIEW**

We are a college preparatory high school. Course offerings and high standards enable students to succeed after graduation at the nation’s most selective colleges. Our teachers provide each student with personalized attention and guidance. We provide four years of science and math with extensive liberal arts. Every freshman will take a year long writing intensive small class-size English course to prepare them for college. Most students take Advanced Placement (AP) courses. Many of our students take college courses through Columbia University DDC and CUNY College Now program. Our students participate in scientific research with university mentors, some resulting in publication. A new SAT/ACT initiative helps students’ competitive standings.

## SCHOOL OVERVIEW

Through close partnerships with the Borough of Manhattan Community College (BMCC) and with the advertising and media industry, our school prepares students for success at four-year colleges and competitive careers. Students have the option to remain at our school for up to six years and can earn an Associate Degree at no cost in addition to their CTE-endorsed high school Regents diploma. In the first four years, students participate in job shadowing, field trips, training seminars, and summer internships. All of our community members are accountable for our five pillars: Scholarship, Creativity, Character, Responsibility, and Empathy. Students are held to high standards and expected to participate in the development of our community.

**SCHOOL OVERVIEW**

Our mission is to provide a challenging academic program. Students take core curriculum courses in grades nine and ten that includes a two-year sequence of biology, chemistry, English, math, and global studies. They choose their courses in grades 11 and 12. Every entering ninth grader is assigned an advisor and an advisory group of 15 to 20 students for all four years. We offer a comprehensive college counseling program, which includes direct instruction and individualized support in the college application process from our college counselors. An 18-week college process curriculum, spanning 11th and 12th grades, is delivered to advisory groups during dedicated sessions throughout the school day.

**SCHOOL OVERVIEW**

Our school was founded in September 2004 with the help of Replications, Inc., a nonprofit organization dedicated to the creation of new, small, successful schools. Our school is based on the same concepts of the nationally renowned Mott Hall Middle Schools. Utilizing a challenging curriculum, we focus on academics, college, and career preparation. Students use laptops and engage in cutting edge technology in the classroom as active participants, sharing their learning and education. Experiential, hands-on learning is an important part of the school’s curriculum. We are committed to helping students develop into leaders, independent thinkers, and enthusiastic lifelong learners.

**SCHOOL OVERVIEW**

The mission of Murry Bergtraum (MBHS) is to equip our students with the skills and knowledge to enter and succeed in post-secondary institutions. The Ninth Grade Academy provides the academic support, skills, and resources in a small nurturing environment needed for students to graduate in four years. As students progress, internships and mentoring opportunities support our academic goals with real-world experiences. The Blazer Early College Preparatory Academy, a STEM program, emphasizes analytical and critical thinking skills through an early reinforcement of college learning across a rigorous curriculum. Relationships established with our corporate and academic partners are at the foundation of our program.

■ SCHOOL OVERVIEW

We offer a unique program that uses the city’s museums to enrich the curriculum. We currently partner with the Metropolitan Museum of Art, the Museum of the City of New York, Japan Society, and the Rubin Museum of Art, who each become extensions of our classrooms, affording the hands-on experience needed to make learning deep, challenging, and engaging. By studying in class, museums, and other institutions, students learn to emulate the work of scholars in the fields of science, history, technology and the arts. Classroom instruction draws upon learning that takes place in the field, and deepens it with content that compels questioning, reflection, and insight.

## SCHOOL OVERVIEW

We offer a college preparatory program and New York City’s only comprehensive three-part theater arts sequence, where students hone their skills in music, dance, and acting. Students completing our program graduate with an Advanced Regents diploma with Arts Endorsement in Theatre. Our location in Times Square supports our school’s focus. Our small size offers students an intimate environment to explore all aspects of theater from production to performance. Students participate in many student productions and a school-wide musical production each year. Our students maintain high academic standards and possess the willingness to explore all the imagination and creativity of theater arts.

**SCHOOL OVERVIEW**

Are you hoping four years of high school will lead you to college, a challenging career, or both? Do you like projects, working with your hands, and learning by doing? How about field trips and exploring outdoors all year? Are you creative, inquisitive, action-oriented, responsible, a positive risk-taker, collaborative, and conscientious? At our school you will prepare for college and beyond through hands-on/minds-on learning and skills training. Partnered with the National Park Service (NPS), our school offers CTE pathways in the specialized building arts or landscape stewardship, all through the lens of historic preservation. You will build a strong academic foundation and learn solid trade skills, opening doors to a successful future.

**10** 10<sup>th</sup> Grade Seats Also Offered

**ACADEMICS**

- College classes are offered through Syracuse University Project Advance (SUPA) with college credits that are awarded on Syracuse transcripts.
- Incoming freshmen attend "Freshman Kickoff", an overnight trip where peers develop relationships in a team building setting (such as rope climbing!)
- All ninth graders take an Introduction to Historic Preservation course with six work based learning field trips.
- In 10th grade, students choose one of the CTE pathways in the Building Arts (Carpentry, Masonry, Decorative Finishing) or Landscape Management.
- Juniors and seniors complete paid internships with the National Park Service, National Parks of NY Harbor, and Prospect Park.

**SCHOOL OVERVIEW**

We are a small, screened-by-audition school whose students come from culturally diverse backgrounds in all five boroughs. We are a caring, tight-knit school community located on the Upper East Side. Students must audition to demonstrate exceptional talent in the performing arts and be prepared to meet high academic standards. We offer a student-centered, interdisciplinary approach to instruction. Our vision is to cultivate and nurture a community of compassionate, college-ready artists dedicated to lifelong learning and collaboration. Our mission is to empower our collective school community to achieve artistic and academic excellence through arts integration, while actively contributing to a creative and caring learning ensemble.

**SCHOOL OVERVIEW**

This is a small CTE high school with big dreams of helping students prepare for health careers not only in pharmacy and dentistry, but also in many other Science, Technology, Engineering and Math (STEM) areas. The focus on STEM helps students market their skills in the growing job industries. Our unique project-based instructional approach uses activities that engage students' interest and motivation as they solve problems using an inquiry approach. These activities are designed to answer a question or solve a problem and generally reflect the types of learning and work people do in the everyday world outside the classroom.

**ACADEMICS**

Urban Assembly New York Harbor School focuses on Marine Science, Marine Technology, and Marine Policy. We believe in learning by doing. Students should expect to spend time outdoors in sites all over New York Harbor in all seasons. With our partners, we work to develop authentic activities on, around, and related-to the water that create a sense of responsibility to New York Harbor and develop a new generation of maritime advocates, enthusiasts, workers, and decision-makers. New York Harbor School’s location on Governors Island is easily accessible from Lower Manhattan, Brooklyn, and Staten Island.

## SCHOOL OVERVIEW

The Urban Assembly School for Emergency Management (UASEM) provides students with real-world learning opportunities. Students at UASEM have the unique opportunity to participate in career-related courses, internships, and emergency simulations with our partners Federal Emergency Management Agency (FEMA), American Red Cross, Department of Homeland Security, and more. With our partners, we develop curricula and activities in Emergency Management that create a sense of personal responsibility and empowerment among our students, parents, and staff. Students will develop leadership skills, learn how to use mapping and emergency response software as well as CPR, and learn how to recognize and respond to hazardous materials, among other abilities.

## ACADEMICS

- CTE program(s) in: Information Technology, Law and Public Safety
- Emergency Management, Response and Recovery and Emergency Technology and Communications
- Students choose a pathway in 11th and 12th grade. Students participate in at least one major emergency simulation

## SCHOOL OVERVIEW

The Young Women’s Leadership School of East Harlem opened in 1996 as the first in a national network of all-girls college prep schools. TYWLS nurtures the intellectual curiosity and creativity of young women by supporting the whole girl in order to maximize academic achievement, social and emotional well-being, and post-secondary success. Our support structures include daily advisory, after-school academic tutoring, and regular contact with parents. The Young Women’s Leadership Network supports our school with a wide range of leadership programs. The CollegeBound Initiative (CBI) provides college access support with a full-time CBI college counselor on our staff who guides each of our students through the college application process.
