# HERE ARE SOME SOLUTIONS

IF YOU WANT  
TO STAY CLEAN  
GO GREEN!

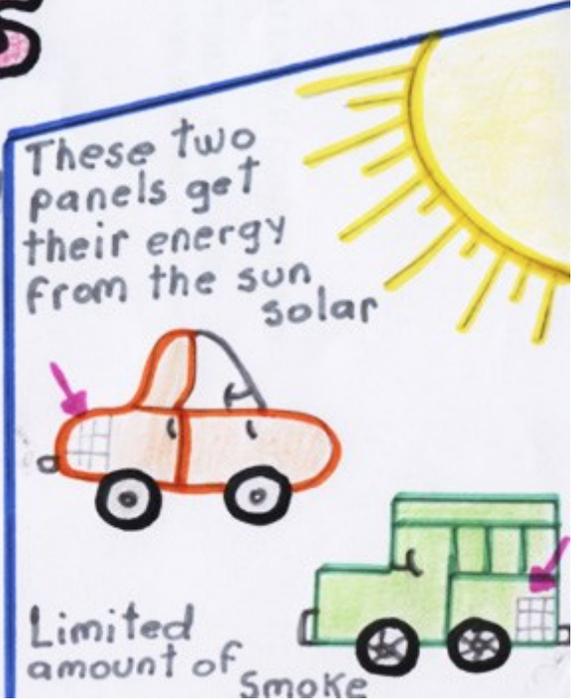

Smoke in the air creating  
pollution.

Cars and other  
types of  
transportation  
pollute the  
air and make  
it thick, black,  
and blurry.

Solar powered  
transportation  
does not  
create as  
much smoke.

These two  
panels get  
their energy  
from the sun

Limited  
amount of  
smoke
