## **The Proposed Re-Siting and Co-Location of I.S. 381 (22K381) with J.H.S. 240 Andries Hudde (22K240) in Building K240 Beginning in the 2017-2018 School Year**

### **I. Description of the subject and purpose of the proposed item under consideration.**

The New York City Department of Education (“DOE”) is proposing to re-site and co-locate I.S. 381 (22K381) with J.H.S. 240 Andries Hudde (22K240, “Andries Hudde”) in the 2017-2018 school year. I.S. 381 is an existing District 22 middle school currently serving students in sixth through eighth grades in building K197 (“K197”), located at 1599 East 22nd Street, Brooklyn, NY 11229. In K197, I.S. 381 is co-located with P.S. 197 (22K197), a district elementary school serving students in kindergarten through fifth grade, and offering a pre-kindergarten (“pre-k”) program. If this proposal is approved, I.S. 381 will be re-sited to building K240 (“K240”), located at 2500 Nostrand Avenue, Brooklyn, NY 11210 where it will be co-located with Andries Hudde, an existing District 22 middle school also currently serving students in sixth through eighth grades in K240. K240 also houses a community-based organization (“CBO”): CAMBA.

The re-siting of I.S. 381 to K240 will provide the school with access to resources that support middle school students and will provide opportunities for collaboration between I.S. 381 and Andries Hudde. I.S. 381 is currently offering arts, music, and creative programming through a partner organization due to limited resources. Additionally, I.S. 381 has not been able to offer a librarian, or provide a science lab appropriate for middle school students. If this proposal is approved and I.S. 381 is re-sited and co-located in K240, this will provide I.S. 381 with a librarian, and a science lab suitable for middle school students. There is also the opportunity for the two middle schools to collaborate on existing programming such as arts and music classes offered at Andries Hudde.

Additionally, District 22 currently has an elementary school seat deficit. Elementary schools in the surrounding neighborhoods have needed to remove specialized programming in order to accommodate zoned students, have high utilization rates and historically have had zoned waitlists at kindergarten. The re-siting and co-location of I.S. 381 would create space in the K197 building that would add much needed elementary school capacity in this area

Building K240 has the capacity to serve a total of 1,416 students. If this proposal is approved, in the 2017-2018 school year, I.S. 381 will serve a projected 285-315 students in sixth through eighth grades in K240. Based on the projected enrollments of I.S. 381 and Andries Hudde, K240 will have a total projected building enrollment of 1,070-1,130 students, yielding a projected building utilization rate of 76%-80% in the 2017-2018 school year.
