The Proposed Opening and Co-location of New High School 29Q313 with Business, Computer Applications & Entrepreneurship High School (29Q496), Mathematics, Science Research and Technology Magnet High School (29Q492), Law, Government and Community Service High School (29Q494), Humanities & Arts Magnet High School (29Q498) and Institute for Health Professions at Cambria Heights (29Q243) in School Building Q490 Beginning in 2014-2015

I. Description of the subject and purpose of the proposed item under consideration.

On May 2, 2013, the New York City Department of Education (“DOE”) issued an Educational Impact Statement (“EIS”) describing a proposal to open and co-locate 29Q313 (“29Q313” or “New School”), a new district high school, in school building Q490 (“Q490”) on the Campus Magnet Educational Campus (“Campus Magnet”), beginning in the 2014-2015 school year. Campus Magnet is located at 207-01 116th Avenue, Queens, NY 11411, within the geographical confines of Community School District 29 (“District 29”). If this proposal is approved, 29Q313 will be co-located with the following district schools: Business, Computer Applications & Entrepreneurship High School (29Q496, “BCAE”), an existing high school serving students in grades nine through twelve; Mathematics, Science Research and Technology Magnet High School (29Q492, “MAST”), an existing high school serving students in grades nine through twelve; Law, Government and Community Service High School (29Q494, “LGCS”), an existing high school serving students in grades nine through twelve; Humanities & Arts Magnet High School (29Q498, “Humanities and Arts”), an existing high school serving students in grades nine through twelve; and Institute for Health Professions at Cambria Heights (29Q243, “29Q243”), a new high school that will open during the 2013-2014 school year, to serve students in the ninth grade. 29Q243 would gradually phase in by adding one grade per year. 29Q243 is expected to reach full scale in 2016-2017 and would serve students in grades nine through twelve. In addition, building Q490 houses a School Based Health Center program.

Please be advised that this proposal will now be voted on at the November 26, 2013 meeting of the Panel for Educational Policy (“PEP”). Details on the new Panel for Educational Policy meeting date and location are included in Section VI.

On March 11, 2013, the PEP approved proposals to phase out and eventually close BCAE and LGCS. Additionally, the PEP approved a proposal to open and co-locate 29Q243 as part of the replacement plan for LGCS.

Those proposals can be accessed on the DOE's Web site:

<http://schools.nyc.gov/AboutUs/leadership/PEP/publicnotice/2012-2013/Mar112013Proposals.htm>.

At that time, the DOE also anticipated opening a new school in September 2014 in Q490 as part of the replacement strategy for BCAE and indicated that a separate EIS for such a proposal would be posted at a later date. 29Q313 is intended to serve as the replacement strategy for BCAE.

Both BCAE and LGCS stopped admitting new ninth-grade students at the end of the 2012-2013 school year. However, both schools will continue to serve students currently enrolled in the school. The enrollment at both schools will decrease gradually over the next three years, and the schools will complete phasing out in June 2016.

The proposed opening and co-location of 29Q313 in Q490 is part of the DOE's central goal to create new school options that will better serve future students and the community at large. 29Q313 would be open to students through the Citywide High School Admissions Process and would have a limited unscreened selection method, giving priority to students residing in Queens. 29Q313 may also offer a rigorous academic program with a career and technical education ("CTE") component that would be open to students through the Citywide High School Admissions Process and would have a limited unscreened selection method, giving priority to students residing in Queens. The CTE program would prepare students for post-secondary education and work. The DOE will continue to work with the community to determine what program offerings at 29Q313 will best serve the needs of the students at Campus Magnet. (Detailed information about the High School Admissions Process, over-the-counter admissions, and the proposed school's admissions criteria can be found in Section III.A of the EIS.)

According to the 2011-2012 Enrollment, Capacity, Utilization Report ("Blue Book"), Q490 has a target capacity of 2,009 students and in 2012-2013; the building ~~is serving~~served only 1,603 students, yielding a building utilization rate of 80%.

If this proposal is approved, 29Q313 would open during the 2014-2015 school year, when it would serve approximately 105-115 students in the ninth grade. 29Q313 would gradually phase in by adding one grade per year. The school is expected to reach full scale in 2017-2018 and would serve approximately 420-460 students in grades nine through twelve.

In 2017-2018, once BCAE and LGCS have completed their respective phase-outs and 29Q243 and 29Q313 are at full scale, it is projected that there will be approximately 1,715-1,875 students served in Q490, thereby yielding an estimated utilization rate of approximately 85%-93%.
