Notice of Amended Educational Impact Statement: Grade Expansion of Queens Gateway to Health Sciences Secondary School (28Q680)

**Please note: The Educational Impact Statement posted on March 5, 2010 has been amended to include additional information.

I. Description of the subject and purpose of the proposed item under consideration.

In the 2010-2011 school year, Queens Gateway to Health Sciences Secondary School (28Q680, "Queens Gateway"), an existing school that serves grades 7-12, will implement a grade reconfiguration plan to expand its current grade configuration to 6-12. Queens Gateway is currently located in school building Q680, located at 150-91 87 Road, Queens in Community School District 28 ("District 28"). However, prior to the start of the school year, construction of Queens Gateway's new facility will be completed and the school will move to a new facility, school building Q695 (hereinafter referred to as "Q695"), which is located at 160-20 Goethals Avenue, Queens in District 28. A District 75 program will be co-located with Queens Gateway in Q695. Q695 has a capacity of 805, no target utilization rate is available because the building has not been completed and is not currently occupied by a school. Q695 has sufficient space for Queens Gateway and the D75 program to operate at full organizational capacity with the grade expansion of Queens Gateway.

Beginning in 2010-2011, Queens Gateway will add grade 6 and will serve grades 6-12. The grade expansion of Queens Gateway will create approximately 80-110 new grade 6 seats in District 28.

This proposal addresses the need to create grade alignment and to increase access to high quality middle school options in District 28.
