

## **EDUCATIONAL IMPACT STATEMENT:**

### **The Proposed Co-location of a New Public Charter School, East Harlem Scholars Academy Charter School II (84MTBD) with Existing Schools J.H.S. 13 Jackie Robinson (04M013), Central Park East I (04M497), Central Park East High School (04M555), and East Harlem Scholars Academy Charter School (84M518) in School Building M013 Beginning in 2013-2014**

#### **I. Summary of Proposal**

The New York City Department of Education (“DOE”) is proposing to site the kindergarten through eighth grades of East Harlem Scholars Academy Charter School II (84MTBD, “EHS II”) in building M013 (“M013”), located at 1573 Madison Avenue, Manhattan, NY 10029 in Community School District 4 (“District 4”). If this proposal is approved, EHS II would be co-located with J.H.S. 13 Jackie Robinson (04M013, “J.H.S. 13”), a middle school serving students in grades six through eight; Central Park East I (04M497, “CPE I”), an elementary school serving students in kindergarten through fifth grade and one section of full-day pre-kindergarten; Central Park East High School (04M555, “CPE HS”), a high school serving students in grades nine through twelve; and East Harlem Scholars Academy Charter School (84M518, “EHS I”), an existing charter elementary school that is phasing in and currently serves students in kindergarten through second grade.<sup>1</sup>

If this proposal is approved, EHS II will open in September 2013 and will serve 100-120 students in kindergarten and first grade, and will add one grade each year until it reaches full scale in M013 in 2020-2021. At that time, EHS II would serve approximately 450-540 students in kindergarten through eighth grade.

In a separate Educational Impact Statement (“EIS”), published on January 22, 2013, the DOE has proposed to gradually phase out and eventually close J.H.S. 13 because of its poor performance and inability to improve quickly to better support student needs. If the phase-out proposal is approved, J.H.S. 13 will no longer admit sixth grade students after the conclusion of the 2012-2013 school year. One grade will then be phased out in each subsequent year. During the 2013-2014 school year, J.H.S. 13 will serve students in seventh and eighth grade and in 2014-2015 it will serve students in eighth grade. J.H.S. 13 will then close in June 2015.

In a separate EIS published on January 22, 2013, the DOE has proposed to extend EHS I’s co-location in building M013 through the conclusion of the 2015-2016 school year, at which point EHS I will move to a private facility. If EHS I is unable to move into a private facility at the end of the 2015-2016 school year, EHS I will explore options to serve its students in a temporary space.

If the proposal to extend EHS I’s co-location in M013 is approved, and the proposal to phase out J.H.S. 13 is also approved, EHS II will expand into the space vacated by J.H.S. 13 as it phases out and by EHS I after it moves to private space. For the purposes of this proposal, it is assumed that the proposal to phase-out J.H.S. 13 will be approved by the Panel for Educational Policy (“PEP”). However, if the proposal to phase out J.H.S. 13 is not approved, this EIS and the accompanying Building Utilization Plan (“BUP”) will be

---

<sup>1</sup> A “co-location” means that two or more school organizations are located in the same building and may share common spaces like auditoriums, gymnasiums, and cafeterias.

revised as necessary.

On October 2, 2012 EHS II's charter authorizer, the State University of New York Charter Schools Institute ("SUNY CSI"), approved EHS II to serve students in kindergarten through fifth grade. EHS II has informed the DOE that it intends to apply to SUNY CSI to expand its grade span to serve students in kindergarten through eighth grade, reaching full scale in 2020-2021. Only SUNY CSI has the authority to approve or deny that request. Should SUNY CSI deny EHS II's request to expand, or if EHS II fails to make this request, EHS II will only serve its currently approved grade span of kindergarten through fifth grade. EHS I has also informed the DOE that it intends to apply to SUNY CSI to expand its grade span to serve students in kindergarten through eighth grade, though its expansion would occur at its private facility and so does not impact this proposal.

For the purposes of this EIS describing the proposal to open and co-locate EHS II, it is assumed that both the proposal to phase out J.H.S. 13 and the proposal to extend the co-location of EHS I in M013 until the conclusion of the 2015-2016 school year will be approved by the PEP. It is also assumed that EHS II's request to SUNY CSI to expand to serve students in grades kindergarten through eight will be approved. However, if the proposal to phase out J.H.S. 13 and/or the proposal to extend the co-location of EHS I in M013 until the conclusion of the 2015-2016 school year are not approved, this EIS and the accompanying BUP will be revised as necessary. In addition, Should SUNY CSI deny EHS II's request to expand to serve students in kindergarten through eighth grade, or if EHS II fails to make this request, EHS II will serve students in its currently authorized grade span of kindergarten through fifth grade and this EIS and the accompanying BUP will be revised accordingly.

If this proposal is approved by the Panel for Educational Policy ("PEP"), EHS II will open in September 2013, serving students in kindergarten and first grade. If EHS II's application to expand to serve students in kindergarten through eighth grade is also approved, EHS II will continue to add one grade per year until it reaches full scale in 2020-2021. EHS II will provide a preference to District 4 students in its charter school lottery application process.<sup>2</sup>

As stated above, M013 currently houses four school organizations: J.H.S. 13, CPE I, CPE HS, and EHS I. J.H.S. 13 is an existing District 4 choice middle school that serves students in grades six through eight. CPE I is an existing DOE choice elementary school that serves students in kindergarten through fifth grade and offers a pre-kindergarten program. CPE HS is an existing DOE high school that serves students in grades nine through twelve. EHS I is a charter elementary school currently serving students in kindergarten through second grade. M013 also houses two community-based organizations ("CBOs"), the Harlem Family Institute and Girls Inc. This proposal is not expected to impact the siting of either CBO.

M013 has been identified as an under-utilized building.<sup>3</sup> According to the 2011-2012 Enrollment Capacity Utilization Report (the "Blue Book"), M013 has the capacity to serve 1,227 students.<sup>4</sup> During the current 2012-2013 school year the building serves 1,019 students,<sup>5</sup> yielding a building utilization rate of 83%<sup>6</sup> and demonstrating that the building is "underutilized" and has space to accommodate additional students.

---

<sup>2</sup> Applicants who reside in the district in which a charter is located receive preference for admission. For more information about the charter school lottery application process, please consult the DOE's Directory of NYC Charter Schools, which can be accessed on the DOE's Web site: <http://schools.nyc.gov/community/planning/charters/For+Parents>.

<sup>3</sup> The most recent Under-Utilized Space Memorandum and List was updated on November 20, 2012, and can be accessed at: [http://schools.nyc.gov/NR/rdonlyres/6D8EA76A-82FA-4740-9ED1-66BCABEE8BFB/134525/UnderutilizedSpaceMemorandum112012\\_vFINALforprint.pdf](http://schools.nyc.gov/NR/rdonlyres/6D8EA76A-82FA-4740-9ED1-66BCABEE8BFB/134525/UnderutilizedSpaceMemorandum112012_vFINALforprint.pdf)

<sup>4</sup> 2011-2012 Enrollment, Capacity, Utilization, Report (the "Blue Book"). The Enrollment Capacity Utilization Report is an annual document that provides information on organization capacity and school building utilization. The utilization data is derived by using information from the Annual Facilities Survey where principals report on how spaces are being used during a given school year.

<sup>5</sup> 2012-2013 Unaudited Register (as of October 26, 2012) or charter headcount as of October 1, 2012.

In 2015-2016, the final year of EHS I's co-location in M013, M013 has a total projected enrollment of 1,108-1,303 students served in M013. This results in a projected building utilization rate of 90%-106%.

In 2020-2021, when EHS II has reached full scale, M013 has a total projected enrollment of 1,093-1,278 students, resulting in a building utilization rate of 89% - 104%. As discussed in Section III.B and in the attached Building Utilization Plan ("BUP"), while the anticipated utilization rate is in excess of 100% in several school years, as detailed in the BUP, all schools will receive space that meets their instructional needs, and the building has the space to accommodate J.H.S. 13, CPE I, CPE HS, EHS I, and EHS II as J.H.S. 13 phases out, and EHS I and EHS II both phase in.

The DOE does not anticipate that this proposal will affect student enrollment, the admissions process or instructional programming at J.H.S. 13, CPE I, CPE HS, and EHS I.

The DOE strives to ensure that all students in New York City have access to a high-quality school at every stage of their education. To create quality educational options, the DOE is proposing to site EHS II in M013, adding an additional elementary school option for students and families in District 4.

EHS II will be managed by the East Harlem Tutorial Program ("East Harlem Tutorial"), a CBO that has provided after-school education to 15,000 East Harlem students for 52 years. The DOE supports the siting of EHS II in District 4 in order to provide an additional educational opportunity for students and families.

## II. Proposed or Potential Use of Building

If the proposal to phase out J.H.S. 13 along with the proposals to extend the co-location of EHS I through the end of the 2015-2016 school year and to co-locate EHS II in M013 are approved, the grade spans served by each of the current and proposed school organizations in M013 will be as follows:

Grade Spans										
DBN	School Name	2012-2013	2013-2014	2014-2015	2015-2016	2016-2017	2017-2018	2018-2019	2019-2020	2020-2021
04M013	J.H.S. 13 Jackie Robinson	6-8	7-8	8	-	-	-	-	-	-
04M497	Central Park East I	K-5								
04M555	Central Park East High School	9-12	9-12	9-12	9-12	9-12	9-12	9-12	9-12	9-12
84M518	East Harlem Scholars Academy Charter School	K-2	K-3	K-4	K-5	-	-	-	-	-
84MTBD	East Harlem Scholars Academy Charter School II	-	K-1	K-2	K-3	K-4	K-5	K-6	K-7	K-8

<sup>6</sup> All references to building utilization rates in this document are based on target capacity data from the 2011-2012 Blue Book and enrollment data from the 2012-2013 Unaudited Register (as of October 26, 2012) or charter headcount as of October 1, 2012. This methodology is consistent with the manner in which the DOE conducts planning and calculates space allocations and funding for all schools. In determining the space allocation for co-located schools, the Office of Space Planning will conduct a detailed site survey and space analysis of the building to assess the amount of space available in the building.

According to the 2011-2012 Enrollment Capacity Utilization Report (the “Blue Book”),<sup>7</sup> M013 has the capacity to serve 1,227 students. In 2012-2013, the building serves 1,019 students,<sup>8</sup> yielding a building utilization rate of 83%.

In 2020-2021, when EHS II has reached full scale in M013, the building will have a total projected enrollment of 1,093-1,278, resulting in a building utilization rate of 89% - 104%.

The table below demonstrates the current and projected enrollment of each school within M013 and the building’s utilization rates for 2012-2013 through 2020-2021:<sup>9</sup>

DBN	School Name	2012-2013 Enrollment	2013-2014 Projected Enrollment	2014-2015 Projected Enrollment	2015-2016 Projected Enrollment	2016-2017 Projected Enrollment	2017-2018 Projected Enrollment	2018-2019 Projected Enrollment	2019-2020 Projected Enrollment	2020-2021 Projected Enrollment
04M013	J.H.S. 013 Jackie Robinson	189	105 - 125	50 - 60	-	-	-	-	-	-
04M497	Central Park East I	202	188 - 248	183 - 243	193 - 253	193 - 253	198 - 258	198 - 258	198 - 258	198 - 258
04M555	Central Park East High School	468	445 - 480	445 - 480	445 - 480	445 - 480	445 - 480	445 - 480	445 - 480	445 - 480
84M518	East Harlem Scholars Academy Charter School	160	180 - 220	225 - 275	270 - 330	-	-	-	-	-
84MTBD	East Harlem Scholars Academy Charter School II	-	100 - 120	150 - 180	200 - 240	250 - 300	300 - 360	350 - 420	400 - 480	450 - 540
<b>Total Building Enrollment</b>		1,019	1,018 - 1,193	1,053 - 1,238	1,108 - 1,303	888 - 1,033	943 - 1,098	993 - 1,158	1,043 - 1,218	1,093 - 1,278
<b>Utilization<sup>10</sup></b>		83%	83% - 97%	86% - 101%	90% - 106%	72% - 84%	77% - 89%	81% - 94%	85% - 99%	89% - 104%

As discussed in Section III.B, and in the attached BUP, while the anticipated utilization rates may exceed 100% in several school years, the building has space to accommodate J.H.S. 13, CPE I, CPE HS, EHS I,

<sup>7</sup> The Blue Book is available at <http://www.nycsca.org/Community/CapitalPlanManagementReportsData/Enrollment/2011-2012-BlueBook.pdf>.

<sup>8</sup> Based on the 2012-2013 Unaudited Register as of October 26, 2012 or charter headcount as of October 1, 2012.

<sup>9</sup> In separate EISs, the DOE has proposed to phase out J.H.S. 13 beginning in the 2013-2014 school year and to extend the co-location of EHS I until the conclusion of the 2015-2016 school year.

<sup>10</sup> All references to building utilization rates in this document are based on target capacity data from the 2011-2012 Blue Book and enrollment data from the 2012-2013 Unaudited Register (as of October 26, 2012) or charter headcount as of October 1, 2012. This methodology is consistent with the manner in which the DOE conducts planning and calculates space allocations and funding for all schools. In determining the space allocation for co-located schools, the Office of Space Planning will conduct a detailed site survey and space analysis of the building to assess the amount of space available in the building.

and EHS II students because each school can receive at least its baseline allocation of space pursuant to the Citywide Instructional Footprint.

Despite the possibility of a utilization rate slightly over 100%, the building has sufficient space to provide all schools with at least their baseline room allocations. Although a utilization rate in excess of 100% may suggest that a building will be over-utilized or over-crowded in a given year, this rate does not account for the fact that rooms may be programmed for more efficient or different uses than the standard assumptions in the utilization calculation. In addition, charter school enrollment plans are frequently based on larger class sizes than target capacity, contributing to building utilization rates above 100% while not impacting the utilization of the space allocated to the traditional public schools. Therefore, the M013 building has the capacity to accommodate J.H.S. 13, CPE I, CPE HS, EHS I, and EHS II .

As described in more detail in the 2011-2012 Enrollment, Capacity, Utilization Report (the “Blue Book”), which is available at

[http://www.nycsca.org/Community/CapitalPlanManagementReportsData/Enrollment/2011-2012\\_Classic.pdf](http://www.nycsca.org/Community/CapitalPlanManagementReportsData/Enrollment/2011-2012_Classic.pdf), a building’s target utilization rate is calculated by dividing the aggregated enrollment of all school organizations in the building by the aggregated “target capacities” of those organizations. Each school organization’s “target capacity” is calculated based upon the scheduled use of individual rooms as reported by principals during an annual facilities survey, the DOE’s goal classroom capacities (which are lower than the United Federation of Teachers contractual class sizes and differ depending on grade level), and the efficiency with which classrooms are programmed (i.e., the frequency with which classes are scheduled in a given classroom).

The most recent year for which target capacity has been calculated for buildings is 2011-2012. The DOE’s projected utilization rates for the 2012-2013 school year and beyond are based on the 2011-2012 target capacity, which assumes that the components underlying that target capacity (scheduled use of classrooms, maximum classroom capacity, etc.) remain constant. Thus, projected utilization rates for 2012-2013 and beyond provide only an approximation of a building’s usage because each of the factors underlying target capacity may be adjusted by principals from year to year to better accommodate students’ needs. For example, changing the use of a room from an administrative room to a homeroom at the high school level will increase a building’s overall target capacity because for high schools administrative rooms are not assigned a capacity. Holding enrollment constant would result in a lower utilization rate. Similarly, if a room previously used as a kindergarten classroom is subsequently used as fifth grade classroom, the building’s target capacity would increase because we expect that a fifth grade class will have more students than a kindergarten class. This is reflected in the fact that the DOE’s goal classroom capacity is higher for fifth grade classrooms than for kindergarten classrooms. In this example, as well, assuming enrollment is constant, the utilization rate would decrease. Finally, the target capacity of a building could change based on whether it is serving elementary grade students or middle or high school grade students.

The attached BUP sets forth the baseline number of rooms to be allocated to each school pursuant to the Footprint, as well as the total number of rooms in the building to provide a more complete picture of the availability of space in the building.

### III. Impact of the Proposal on Affected Students, Schools, and Community

#### A. Students

The proposed co-location of EHS II in M013 is not expected to impact future student enrollment, instructional programming, or the admissions process at J.H.S. 13, CPE I, CPE HS, and EHS I.

#### *Impact on Current and Future Students Attending J.H.S. 13*

J.H.S. 13 is a middle school that admits students through the District 4 Middle School Choice Process. J.H.S. 13 has a screened program. In screened programs, students are ranked by the school based on a range of factors which may include final report card grades from the prior school year, reading and math standardized test scores, and attendance and punctuality. Any remaining seats at J.H.S. 13 are filled through the over-the-counter (“OTC”) placement process, described in detail below. This proposal is not anticipated to impact the current or future students of J.H.S. 13. If this proposal is approved, students will continue to have access to a broad range of middle school options through the District 4 Middle School Choice Process, as described further below and outlined in the tables at the end of this section.

The proposal to phase out and close J.H.S. 13, and its impact on current J.H.S. 13 students, is outlined in a separate EIS available at: <http://schools.nyc.gov/AboutUs/leadership/PEP/publicnotice/2012-2013/Mar112013Proposals.htm>. If the proposal to phase out J.H.S. 13 is approved, J.H.S. 13 will no longer admit new sixth grade students after the end of this school year and will subsequently phase out one grade per year. During the course of the phase out of J.H.S. 13, EHS I will continue phasing into M013 through the conclusion of the 2015-2016 school year, when it will serve students in kindergarten through fifth grade. EHS I will move to its private facility at the conclusion of the 2015-2016 school year. EHS II will continue to phase into M013 by adding one additional grade per year.

J.H.S. 13 currently offers Integrated Co-Teaching (“ICT”) classes, Self-Contained (“SC”) classes, and Special Education Teacher Support Services (“SETSS”). It also has an English as a Second Language (“ESL”) program for English Language Learners (“ELLs”). Current students will be able to continue in their existing ICT and SC classes and SETSS will continue to be provided as J.H.S. 13 phases out. Students with disabilities will continue to receive mandated services in accordance with their Individualized Education Programs (“IEPs”). Current students at J.H.S. 13 who receive ELL services will continue to receive their mandated services as the school phases out.

According to the District 4 Middle School Directory, J.H.S. 13 currently offers the following special programs, partnerships, extra-curricular activities and sports:<sup>11</sup>

Special Programs:

- Technology, Chorus, Art, Student Success Programs (Advisory)
- Mentoring (Solomons/Regis High School/East Harlem Tutorial Program)
- Specialized High School Exam Course
- National Junior Honor Society (NJHS)
- Saturday Academy
- Leadership Development Program
- Peer Mediation

<sup>11</sup> The District 4 Middle School Directory is available on the DOE Web site at <http://schools.nyc.gov/NR/rdonlyres/D74B0726-8851-48CC-AA8D-6F512B2AC35D/0/201213D11MSD.pdf>

- Academic Intervention Services (ELA & Math)
- Wilson Reading System Program
- Rewards Program
- SkillsTutor Program
- READ 180
- SPINS 4 Peer Leadership
- First Steps to Success
- fastnyc
- Asphalt Green
- Cooperative, Healthy, Active, Motivated, Positive Students (CHAMPS)

Partnerships:

- Hunter College
- Behind the Book
- Children for Children
- East Harlem Tutorial Program
- AmeriCorps/City Year
- Harlem Center for Education
- Asociación Tepeyac de New York
- NJHS
- Tabula
- Lincoln Center
- Los Pleneros de la 21
- Mount Sinai Medical Center
- Yorkville Common Pantry
- Girls Inc.
- The Princeton Review
- Clearing House
- Health Service Consortium of East Harlem
- American Dairy Association
- National Football League (NFL)
- Terence Cardinal Cooke Health Care Center
- WBSL
- Power 105

Extra-curricular Activities:

- Video Club
- Basketball Club
- Math Club
- Chorus
- Step Team
- Arts & Crafts
- Cooking
- Guitar
- Dance
- Robotics
- Floor Hockey
- School Newspaper

- Yearbook
- Cheerleading

Sports:

- Basketball
- Soccer
- Flag Football
- Indoor Track

This proposal will not prevent J.H.S. 13 from continuing to offer any of these options. If the proposal to phase out J.H.S. 13 is approved, the number and range of programs offered may gradually diminish due to declining student enrollment as the school phases out. It is difficult to predict precisely how those changes might be implemented as decisions will rest with school administrators and will be made based on student interests and available resources. That is true for any City school as all schools modify extra-curricular offerings annually based on student demand and available resources.

The DOE will work with other school organizations in the building to foster opportunities for them to work with the community organizations that have supported J.H.S. 13 students in the past.

If this proposal is approved, students at J.H.S. 13 would continue to share common spaces such as the cafeteria, auditorium, gymnasium, and outdoor school yard. The proposed Shared Space Plan in the attached BUP demonstrates that these spaces can accommodate all schools.

#### *Impact on the Pre-Kindergarten Program*

CPE I's pre-kindergarten program serves one section of full-day pre-kindergarten and currently occupies one full-size equivalent room in M013. CPE I will continue to offer its pre-kindergarten program, subject to continued demand and the availability of funding.

#### *Impact on Current and Future Students Attending CPE I*

This proposal is not expected to impact the admissions, offerings, and activities of CPE I.

CPE I is a choice elementary school that admits students through a school based application process, with the following admissions preferences:<sup>12</sup>

- 1) District 4 students whose siblings will be enrolled in kindergarten through fifth grade in September 2013;
- 2) District 5 students whose siblings will be enrolled in kindergarten through fifth grade in September 2013;
- 3) Students who reside outside of District 4 or 5 whose siblings will be enrolled in kindergarten through fifth grade in September 2013;
- 4) District 4 students without siblings in the school;
- 5) District 5 students without siblings in the school;
- 6) Students who reside outside of District 4 or 5 without siblings in the school.

CPE I currently offers Integrated Co-Teaching ("ICT") classes, and Special Education Teacher Support Services ("SETSS"). Students with disabilities will continue to receive mandated services in accordance

<sup>12</sup> For more information, visit <http://schools.nyc.gov/NR/ronlyres/6929B960-7BE9-4C99-8D8A-750229A3C321/0/201314ESDManhattanD4.pdf>.

with their Individualized Education Programs (“IEPs”). Current students at CPE I who receive ELL services will continue to receive appropriate services as the school phases out.

CPE I currently offers the following special programs, and partnerships:<sup>13</sup>

Programs:

- Cross-age groupings

Special Programs

- Chorus
- Violin workshop
- Guitar workshops
- Theatre and movement classes
- Art program
- Weekly “All School Sing”
- Weekly ice-skating during winter months

Partnerships:

- Opus 118
- Musica Viva
- The Metropolitan Opera

If the proposal is approved, students at CPE I will continue to share common spaces such as the cafeteria, auditorium, and gymnasium. The proposed Shared Space Plan in the attached BUP demonstrates that these spaces can accommodate all schools.

### *Impact on Current and Future Students Attending CPE HS*

This proposal is not expected to impact the admissions, enrollment, or programs at CPE HS. CPE HS is a high school that currently enrolls students through the Citywide High School Admissions Process. CPE HS has a program with a humanities and interdisciplinary interest area with a screened method of admission. Screened admissions programs rank students based on the student’s final seventh grade report card grades and reading and math standardized test scores. Attendance and punctuality are also considered. There may also be other items that schools require to screen applicants such as an interview, essay or additional diagnostic test score.<sup>14</sup>

According to the 2012-2013 Directory of New York City Public High Schools, CPE HS currently offers the following programs, partnerships, extra-curricular activities, and sports:<sup>15</sup>

Programs:

- Weightlifting

If this proposal is approved, CPE HS will continue to offer extracurricular programs based on student interests, available resources, and staff support for those programs. The proposed co-location will not impact those opportunities, and is not expected to significantly change the way these programs are already configured as part of the current co-location. However, decisions will rest with school administrators and will be made based on student interests and available resources. That is true for any City student as all schools modify extracurricular offerings annually based on student demand and available resources.

CPE HS currently offers ICT classes, and SETSS. The existing special education classes and SETSS services will continue to be provided, and students with disabilities will continue to receive mandated services in accordance with their IEPs. Current and future students with IEPs will continue to receive appropriate services at CPE HS. CPE HS' English Language Learner ("ELL") students will also continue to receive mandated services.

If this proposal is approved, students at CPE HS will continue to share common spaces such as the cafeteria, auditorium, and gymnasium. The proposed Shared Space Plan in the attached BUP demonstrates that these spaces can accommodate all schools.

### *Impact on Current and Future Students Attending EHS I*

In a separate EIS, the DOE is proposing to extend EHS I's co-location in M013 through the conclusion of the 2015-2016 school year. EHS I is a charter elementary school currently serving students in kindergarten through second grade, and phasing in one grade every year. If EHS I is unable to move into its private facility at the end of the 2015-2016 school year, EHS I will explore options to serve its students in a temporary space.

EHS I currently enrolls kindergarten and first grade students through a lottery, as mandated by New York State Charter Law, and will continue to do so if this proposal is approved.

All pre-kindergarten age students and all kindergarten students residing in District 4 have the opportunity to apply through the charter application lottery to enter kindergarten or first grade at EHS I. EHS I's lottery prioritizes applicants in the following order:

1. Returning students;
2. Siblings of currently attending students;
3. 20% of remaining admission slots will be reserved for applicants who are deemed English Language Learners (ELLs). Within this preference, first priority will be given to ELLs who reside in District 4. Any remaining slots will given to ELLs who do not reside in District 4;
4. Other applicants who reside in District 4.

The proposed co-location of EHS II in M013 is not expected to impact current instructional programming at EHS I.

According to the school's leadership, EHS I currently offers the following extra-curricular activities:

- **Clubs and Activities:** Monday through Friday after-school enrichment, Martial Arts
- **Athletics:** Daily Physical Education for all students

If this proposal is approved, EHS I will continue to offer extracurricular programs based on student interests, available resources, and staff support for those programs. The proposed co-location of EHS II would not impact those opportunities, and is not expected to significantly change the way these programs are already configured as part of the current co-location.

If the proposal is approved, students at EHS I will continue to share common spaces such as the cafeteria, auditorium, gymnasium, and outdoor school yard. The proposed Shared Space Plan in the attached BUP demonstrates that these spaces can accommodate all schools.

### *Impact on Other Organizations Located in M013*

For the 2012-2013 school year, M013 also houses two CBOs, the Harlem Family Institute and Girls Inc. This proposal is not expected to impact the siting of either CBO.

### *Impact on Future Elementary School Students in District 4*

If this proposal is approved, all pre-kindergarten age students and all kindergarten students residing in District 4 will have the opportunity to apply through the charter application lottery to enter kindergarten or first grade at EHS II. EHS II's lottery will prioritize applicants in the following order:

1. Returning students;
2. Siblings of currently attending students;
3. 20% of remaining admission slots will be reserved for applicants who are deemed English Language Learners (ELLs). Within this preference, first priority will be given to ELLs who reside in District 4. Any remaining slots will given to ELLs who do not reside in District 4;
4. Other applicants who reside in District 4.

The proposal to site EHS II in M013 is not expected to impact the admissions process at CPE I or EHS I. EHS I will continue to admit students through the charter school lottery admission process. CPE I will continue to admit students through a school based application process, as it has in the past and in

accordance with Chancellor's Regulation A-101. The full details of A-101 can be found at: <http://schools.nyc.gov/RulesPolicies/ChancellorsRegulations/default.htm>.

Students with IEPs, with the exception of those recommending placement in a District 75 school, are admitted to schools in the same manner as general education students. Schools will create programs that meet the needs of all students, ensuring students with IEPs access to learn alongside their non-disabled peers a general education curriculum to the greatest extent possible. Therefore, placement for students with IEPs is the same as described above.

In accordance with DOE policy, ELL students will also attend any district choice schools they choose to attend in the same manner as their peers who are not ELL students. Any students requiring ELL services will continue to receive appropriate services any district choice schools they choose to attend.

This proposal may have a mild impact on enrollment at other District 4 elementary and middle schools as some students who would have attended other schools will instead choose to attend EHS II. However, at present there is no way to reliably predict which schools will be impacted, or by how many seats.

### *Impact on Future Middle School Students in District 4*

This proposal is not expected to impact future middle school students in District 4. If the proposal to phase out J.H.S. 13 is approved, though students will no longer be admitted to J.H.S. 13, students will continue to have access to a broad range of middle school options through the District 4 Middle School Choice Process.

There are several other middle schools that are available to District 4 students and families. Through the District 4 Middle School Choice Process, all District 4 students are offered the opportunity to apply to a range of middle schools within their district, and/or schools with borough-wide or Citywide eligibility. Students may also choose to apply to a number of schools that manage their own admission processes. Middle School options include:

- Choice middle schools or programs with a screened admissions method (admission is based on criteria designated by the school);
- Choice middle schools or programs with an limited unscreened admissions method (limited unscreened schools admit students on the same basis as unscreened schools except that they give preference to students who have attended a school information session);
- 6-12 schools with an limited unscreened, or screened admissions method for middle school students;
- Schools with borough-wide or Citywide eligibility with unscreened, limited unscreened, or screened admissions method.

Students may also choose to apply to a number of schools that manage their own admissions processes. In this way, the DOE is able to offer individual students the widest breadth of options across a large number of schools.

Middle school students who have IEPs or are ELLs are admitted to schools in the same manner as general education students. Schools will create programs that meet the needs of all students, ensuring them access to a general education curriculum to the greatest extent possible. Therefore, placement for such students is the same as described above.

Information about all of these options is printed in each district's Middle School Choice Directory, which can be found on the DOE's Web site at: <http://schools.nyc.gov/ChoicesEnrollment/Middle/Publications/Manhattan>. Please note that this directory is updated yearly. General information about the Middle School Choice Process can be found on the DOE's

Web site at: <http://schools.nyc.gov/ChoicesEnrollment/Middle/default.htm>.

In addition to the Middle School Choice Process, J.H.S. 13 currently admits students through the over-the-counter (“OTC”) admissions process. OTC placement is a term that refers to the method of enrolling students who need a school assignment because they were not part of any admissions process for entry grades and/or were not enrolled in a New York City school at the time school started. These students fall into one of four categories:

- New to the New York City school system;
- Left the New York City school system and have returned;<sup>16</sup>
- Are seeking transfers (based on the guidelines outlined in Chancellor’s Regulation A-101); or
- Students who did not participate in the middle school admissions process for some other reason.

When a student eligible for middle school needs an OTC placement, his or her school assignment is determined by his or her interest, home address, which schools have available seats, and, where applicable, transfer guidelines. Students are eligible to attend middle school based on the district of elementary school attendance or the district to which the student’s address is zoned for middle school. In middle school choice districts such as District 4, the student visits a Borough Enrollment Office where he or she meets with a counselor who reviews options that will meet the student’s needs. However, in many districts, students may simply report to their zoned middle school at the start of the school year.

Middle school students with IEPs, with the exception of those students recommended for a District 75 placement, are admitted in the same manner as general education students. Schools will create programs that meet the needs of all students ensuring access to a general education curriculum to the greatest extent possible. Therefore, placement for students with IEPs is the same as described above.

Similarly, ELL students are admitted to middle schools in the same manner as their non-ELL peers. Any students requiring ELL services will continue to receive appropriate services in accordance with DOE policy.

Detailed information about new middle schools is published annually in the new schools directory, available in print at a Borough Enrollment Center or on the DOE Web site:  
<http://schools.nyc.gov/ChoicesEnrollment/Middle/Publications/default.htm>.

#### *Impact on Future High School Students in District 4*

This proposal will not affect the manner in which students are admitted to CPE HS. In New York City, high school admission is based on a Citywide choice process, with students ranking up to 12 high school programs in order of preference.

For high school admissions for the 2013-2014 school year, there are two rounds in the High School Admissions Process:

**Round One:** All eighth-grade and interested first-time ninth-grade students participate in this round. All students, including applicants to the Specialized High Schools, will receive match results in March 2013.

**Round Two:** All eighth-grade and first-time ninth-grade students are eligible to apply to schools

---

<sup>16</sup> As detailed in Chancellor’s Regulation A-101, students have the “right to return” to their prior school within one calendar year following discharge, subject to available seats. Therefore, it is possible that non-zoned students arriving for an OTC placement may be granted admission to a zoned school. Chancellor’s Regulation A-101 can be accessed at:  
<http://docs.nycenet.edu/docushare/dsweb/Get/Document-11/A-101%20Final.pdf>.

in Round Two. Any student who does not receive a match in Round One must apply to the available school programs in Round Two to be matched to a choice made on the application. Beginning this year, any student who received a match in Round One may reapply to available programs in Round Two. A student who participates in Round Two and has already received a Round One match will have his or her Round One match nullified if the student receives a match in Round Two. The available programs for Round Two include school programs with remaining seats and new schools that will open the following September. Students will receive Round Two results at the end of May 2013.

For more information about the High School Admissions Process, please visit:  
<http://schools.nyc.gov/ChoicesEnrollment/High>.

High school students with IEPs, with the exception of those students recommended for a District 75 placement, are admitted in the same manner as general education students. Schools will create programs that meet the needs of all students ensuring access to a general education curriculum to the greatest extent possible. Therefore, placement for students with IEPs is the same as described above.

Similarly, ELL students are admitted to high schools in the same manner as their non-ELL peers. Any students requiring ELL services will continue to receive appropriate services in accordance with DOE policy.

The New York City High School Directory, which is available in print at DOE middle schools, Borough Enrollment Offices, or on the DOE's Web site at:  
<http://schools.nyc.gov/ChoicesEnrollment/High/Publications> offers a full list of high schools Citywide.

In addition to the High School Admissions Process, some students may receive a placement at CPE HS through the OTC process. CPE HS also accepts students via the OTC process, and this proposal will not impact their ability to continue to do so.

When a student arrives for an OTC placement, his/her school assignment is determined by his/her interest, home address and which schools have available seats, and, where applicable, transfer guidelines. The student visits a Borough Enrollment Office where he/she meets with a counselor who reviews options that will meet the student's needs.

There is a peak enrollment period occurring just prior to and into the opening of school when thousands of students arrive. Prior to the start of the peak enrollment period, schools are reminded about the number of OTC students they can expect. This number is based on a school's enrollment projection and the results of the admissions process.

If the Division of Portfolio Planning determines that additional OTC seats may be needed, the number of seats available are reviewed and – if space allows – adjusted in those schools where the admissions methods are limited unscreened, educational option, or unscreened.

Screened programs (those that have academic criteria) which have a two year track record of not meeting their enrollment targets through the High School Admissions Process are “de-screened” for OTC in order to increase the number of options for students. In addition, screened and audition schools, transfer schools,<sup>17</sup>

---

<sup>17</sup> Transfer schools are small, academically rigorous high schools designed to re-engage students who have dropped out of high school or have fallen behind. These schools are designed to create a personalized learning environment and to provide students with connections to college. Students graduate with a high school diploma from the transfer school they attend. For more information about transfer schools, please visit the DOE Web site at: [www.goingforme.org](http://www.goingforme.org).

international schools, and alternative programs are offered through referral.<sup>18</sup> In this way, the DOE is able to offer individual students the widest breadth of options across a large number of schools.

The number of schools that admit students during the peak enrollment period has grown steadily over time, which means that students arriving during this period are being offered more options than in the past. In the 2012-2013 school year, 599 schools that serve grades nine through twelve accepted students during the peak enrollment period, compared to 504 five years ago. Moreover, in Manhattan, the number of schools that admitted students during this period has increased from 122 in 2007-2008 to 144 in 2012-2013.

Detailed information about new high schools is published annually in the new schools directory, available in print at a Borough Enrollment Center or on the DOE Web site:

<http://schools.nyc.gov/ChoicesEnrollment/High/Publications>.

## B. Schools

As discussed above, M013 has adequate capacity to accommodate the co-location of EHS II's kindergarten through eighth grades. If this proposal is approved, The current and projected enrollments for J.H.S. 13, CPE I, CPE HS, EHS I, and EHS II are shown in Section IV below.

In 2020-2021 once EHS II has reached full scale, J.H.S. 13 has phased out and EHS I has moved out of M013, CPE I, CPE HS and EHS II are projected to serve 1,093-1,278 students in total, for a building utilization rate of 89%-104%. This means that by 2020-2021, M013 would enroll more students, and the space would be more efficiently utilized than it is during the 2012-2013 school year.

Despite the possibility of a utilization rate slightly over 100%, the building has sufficient space to provide all schools with at least their baseline room allocations in every year of this proposal. Although a utilization rate in excess of 100% may suggest that a building will be over-utilized or over-crowded in a given year, this rate does not account for the fact that rooms may be programmed for more efficient or different uses than the standard assumptions in the utilization calculation. In addition, charter school enrollment plans are frequently based on larger class sizes than target capacity, contributing to building utilizations above 100% while not impacting the utilization of the space allocated to the traditional public schools. Therefore, the M013 building has the capacity to accommodate CPE I, CPE HS, J.H.S. 13 as it phases out, EHS I throughout its phase-in and co-location, and EHS II as it phases in.

As described in more detail in the attached BUP that accompanies this EIS, if this proposal is approved, although the projected utilization rates for several school years exceed 100%, there will be sufficient space to accommodate EHS I, J.H.S. 13, CPE I, CPE HS, and EHS II pursuant to the Citywide Instructional Footprint ("Footprint"). Please visit the DOE's Web site to access the Footprint, which guides space allocation and use in City schools: <http://schools.nyc.gov/community/planning/changes/default.htm> The Footprint can be found in the "Key Documents" section.

The Footprint sets forth the baseline number of rooms that should be allocated to a school based on the grade levels served by the school and number of classes per grade. For existing schools, the Footprint is applied to the current number of classes and class size for which a school has been programmed and is confirmed by a walk-through of the building by the Borough Director of Space Planning and the school's principal.

For elementary schools serving grades kindergarten through five (and for all pre-kindergarten programs), the Footprint assumes that classes are self-contained. Therefore, the Footprint allocates one full-size room for each general education or Integrated Co-Teaching section and a full-size or half-size room to

---

<sup>18</sup> International schools are designed to provide quality education for recently arrived immigrant students through a unique educational model.

accommodate each Self-Contained special education section served by the school. In addition to these rooms, schools serving grades kindergarten through five receive an allocation of cluster or specialty rooms proportionate to the number of students enrolled. These spaces can be used at the principal's discretion for purposes such as art and/or music instruction, among other things.

For grades six through twelve, the Footprint assumes that students move from class to class and that classrooms should be programmed at maximum efficiency. The Footprint does not require that every teacher have his or her own designated classroom. Principals are asked to program their schools efficiently so that classrooms can be used for multiple purposes throughout the course of the school day. The Footprint allocates the number of baseline classrooms for student support services, resources rooms, and administrative space based on the grades a school serves and its enrollment at scale. Any space remaining beyond the baseline shall be allocated equitably among the co-located schools. In determining an equitable allocation, the DOE may consider factors such as the relative enrollments of the co-located schools, the instructional and programmatic needs of the co-located schools, and the physical location of the excess space within the building.

As in other situations where schools are co-located, the schools would need to share large common and specialty rooms in the building, namely the cafeteria, the gymnasium, the auditorium, and the library. Specific decisions regarding the allocation of the shared spaces will be made by the Building Council, consisting of principals from all co-located schools, in conjunction with the DOE's Office of Space Planning. A Shared Space Committee will also meet a minimum of four times a year and report back to the Building Council regarding shared space questions. Any unallocated space would be equitably distributed among the schools based on factors such as student enrollment and the physical location of space within the building.

## C. Community

The DOE supports parent choice and strives to ensure that all families have access to high-quality schools that meet their children's needs. The co-location of EHS II in M013 is intended to meet those goals by providing a new elementary and middle school option for students in District 4.

This proposal is not expected to impact the ability of community members and organizations to obtain school building use permits at M013.

If approved, EHS II would continue to operate alongside eight other existing charter schools currently serving elementary and/or middle school grades in District 4:

---

---

**Charter Options**

**School Performance Data**

No performance data is available, as the testing grades of EHS have not yet phased in.

*East Harlem Scholars Academy Charter School II*

**Admissions Data**

<b>Current Admissions</b>	N/A
---------------------------	-----

<sup>34</sup> All figures represent total headcount as of October 1, 2012.

<sup>35</sup> In a separate EIS the DOE has proposed to extend the co-location of EHS I in building M013 through the 2015-2016 school year, after which EHS I will move to private space. The enrollment table reflects only those grades that will be served in M013.

<sup>36</sup> All figures are as a percentage of total students from the 2012-2013 Unaudited Register (as of October 26, 2012).

<b>Admissions After the Co-location of EHS II</b>	Charter Lottery; preference to students who reside in District 4

**Demographic Data**

There is no demographic data available for the school because EHS II has not yet opened.

**School Performance Data**

There is no performance data available for the school because EHS II has not yet opened.

**V. Initial Impact on Budget and Cost of Instruction**

The General Education Charter School per-pupil rate is determined by the New York State Education Department, and is based on a formula used for all traditional public school districts. The formula divides the district’s Approved Operating Expenditures by Total Allowable Pupil Units. Special education funding is an allocation that charter schools may qualify for and receive for serving students that receive special education services for more than 20% of the week as mandated by an IEP.

<sup>37</sup> All projections referenced for the 2013-2014 school year and beyond reflect the charter school’s authorized enrollment pursuant to its charter application.

In accordance with New York State Charter Schools Act of 1998 (as amended), the Chancellor or his/her designee must first authorize in writing any proposed capital improvement or facility upgrade in excess of five thousand dollars, regardless of the source of funding, made to accommodate the co-location of a charter school within a public school building. For any such improvements or upgrades that have been approved by the Chancellor, capital improvements or facility upgrades shall be made in an amount equal to the expenditure of the charter school for each non-charter school within the public school building.

At present, M013 is not expected to undergo any capital improvements or facilities upgrades that would require matching funds. Thus, the DOE does not believe that the proposal will incur any initial costs or savings.

This proposal is not expected to impact the operating budget or costs of instruction at J.H.S. 13, CPE I, CPE HS, or EHS I.

Please refer to the FSF Guide and FY13 School Allocation Memoranda for additional information on cost of instruction and how the changes to FSF funding and other school allocations may be impacted as a result of any register changes at J.H.S. 13, CPE I, and CPE HS.

The FSF Guide is available at:

[http://schools.nyc.gov/offices/d\\_chanc\\_oper/budget/dbor/allocationmemo/fy12\\_13/FY13\\_PDF/FSF\\_Guide.pdf](http://schools.nyc.gov/offices/d_chanc_oper/budget/dbor/allocationmemo/fy12_13/FY13_PDF/FSF_Guide.pdf).

The FY13 School Allocation Memoranda is available at:

[http://schools.nyc.gov/offices/d\\_chanc\\_oper/budget/dbor/allocationmemo/fy12\\_13/AM\\_FY13\\_CAT.html](http://schools.nyc.gov/offices/d_chanc_oper/budget/dbor/allocationmemo/fy12_13/AM_FY13_CAT.html).

## VI. Effect on Personnel Needs, Administration, Transportation and Other Support Services

### A. Personnel Needs

The proposed co-location of EHS II in building M013 is not expected to change the number of personnel positions at J.H.S. 13, CPE I, CPE HS, or EHS I nor is it expected to alter the duties of current staff at J.H.S. 13, CPE I, CPE HS, or EHS I.

If this proposal is approved, EHS II will hire additional teachers as each new grade is added and as the total number of sections increases as the school phases in.

### B. Administration

No change in school supervisory or administrative positions at J.H.S. 13, CPE I, CPE HS, or EHS I is expected as a result of this proposal.

If this proposal is approved, new administrative staff and non-pedagogical positions will be created at EHS II over the course of the school's phase-in.

### C. Transportation

Transportation will be provided according to Chancellor's Regulation A-801:  
<http://schools.nyc.gov/NR/ronlyres/21A1B11A-886B-4F74-9546-E875EE82A14C/40303/A801.pdf>.  
There will be no change to existing transportation practices at J.H.S. 13, CPE I, CPE HS, or EHS I.

#### **D. Other Support Services**

The provision of certain support services is described above. Other support services would be provided consistent with Citywide policy as EHS II is co-located.

## VII. Building Information

<b>Building</b>		M013
<b>Type of Building</b>		MIDDLE
<b>Year Built</b>		1958
<b>Overall BCAS rating</b>		2.38
<b>2011-2012 Target Building Utilization</b>		81%
<b>2011-2012 Target Building Capacity</b>		1,227
