Chancellor

The Proposed Opening and Co-location of a New Public Charter School Math, Engineering, and Science Academy (84KTBD) with Existing Schools J.H.S. 291 Roland Hayes (32K291) and Bushwick Community High School (32K564) in Building K291 Beginning in 2013-2014

I. Description of the subject and purpose of the proposed item under consideration.

The New York City Department of Education (“DOE”) is proposing to open and co-locate Math, Engineering, and Science Academy (84KTBD, “MESA”), a new public charter school that will serve students in ninth through twelfth grade in building K291 (“K291”), located at 231 Palmetto Street Brooklyn, NY 11221, in Community School District 32 beginning in 2013-2014. MESA will be co-located in K291 with J.H.S. 291 Roland Hayes (“J.H.S. 291”), an existing zoned and academic screened middle school that serves students in sixth through eighth grades, and Bushwick Community High School (32K564, “Bushwick Community HS”), an existing transfer school serving students in grades nine through twelve. In addition, K291 houses a United Federation of Teachers (“UFT”) Training Center, a school safety office, and the District 32 Office of School and Food Nutrition. Three community based organizations (“CBOs”) are also located in building K291: a Beacon program operated by the YMCA (“Beacon”), Brooklyn College Community Partnership (“Brooklyn College”), and the St. Nick’s Alliance (“St. Nick’s Alliance”).

This amended notice corrects an error made in the original notice regarding MESA’s charter authorizer. MESA’s charter authorizer is the State Education Department (“SED”) and not the State University of New York Charter Schools Institute (“SUNY CSI”).

In November 2012, MESA’s charter was authorized by SED to serve students in ninth through twelfth grade. MESA will be independently managed. MESA will open with ninth grade in 2013-2014, and will add one grade each year until it serves students in ninth through twelfth grade in 2016-2017 in K291. The school will admit students via the charter lottery application process, with preference given to returning students, the siblings of enrolled students, English Language Learners (“ELLs”) residing in District 32, ELLs outside of District 32, students and residents of District 32, and then residents living outside of District 32.

The DOE has identified building K291 as an under-utilized building. Building K291 has the capacity to serve 1,892 students, but in 2012-2013, J.H.S. 291 is currently enrolling 591 students in sixth through eighth grade and Bushwick Community HS is enrolling 346 students in ninth through twelfth grade. This yields a building utilization rate of approximately 50%, which demonstrates that the building is “under-utilized” and has space to accommodate additional students. If this proposal is approved, in 2016-2017, building K291 would serve 1,295-1,440 students from MESA, J.H.S. 291, and Bushwick Community HS collectively, which yields a projected utilization rate of 68%-76%. Thus, building K291 has sufficient space to accommodate the proposed co-location.
