

At I.S. 5, we talk like scholars, write like experts, think like innovators, and live like leaders. Students appreciate that I.S. 5 provides them with a nurturing learning environment which is focused on developing their academic, emotional, and social needs. They also enjoy the smaller learning communities our academies provide as they can readily communicate with administrators and/or teachers as it relates to their growth. I.S. 5 consists of three smaller learning communities commonly referred to as Academies: Law & Humanities, Media & the Arts, and Science & Technology. Our school community is currently engaging in opportunities for project-based learning, with hands-on projects that highlight the importance of global citizenship and the legacies of our contributions in the community at large. We have a closed circuit television studio.
