April 28, 2009

Dear High School Students and Parents/Guardians,

On April 29<sup>th</sup> and May 1<sup>st</sup>, high school students will be taking *practice* Regents Exams in order to prepare them for the Regents Exams they will be taking in June.

Please be advised that there will be modified schedules for the students. Students are to arrive at school as regularly scheduled and be prepared with pens, pencils, a graphing calculator (if applicable), and either a book to read or class work to work on. Some students will be attending classes and are expected to be prepared for these classes.

The morning testing session for Grade 10 will be Math B for those students that are taking the Regents in June. Grade 10 students not taking the Regents in June will follow a modified schedule according to their Math section.

10<sup>th</sup> grade students taking the Geometry Regents in June will take the Practice Geometry Regents in room 302 with Ms. Nuss.

Students must remain in the testing room until the test is over and the teacher dismisses the students for lunch. If a student has an 8<sup>th</sup> and/or 9<sup>th</sup> period class on Wednesday, they must attend that class once finished with the practice Regents exam. Any student that does not have an 8<sup>th</sup> and/or 9<sup>th</sup> period class may be dismissed when finished with the practice exam but no earlier than 1:50.

**Wednesday, April 29th-Students will be administered the practice Regents Exams in their homerooms.**

Practice Regents Exam Schedule

	Grade 9	Grade 10**
8:20-11:18	Geometry Practice Regents Exam	Math B Practice Regents Exam
