

With your referral, kindly include audiograms, medical clearance for amplification, family contact information, and child's name, date of birth, and school he or she attends. Also, please have the parent sign a short statement that a Special Education evaluation is being requested based on the results showing a hearing loss. Please indicate any other last names which the child may use. If the child does not attend school, please refer to the CSE in which the family lives.

COMMITTEES ON SPECIAL EDUCATION 10/25/2016
