School:

Dear Parent/Family of ,

We are proud to share ARIS Parent Link with you. ARIS Parent Link is a new online tool that will help you get the information you need about your child's academic progress. In ARIS Parent Link you will be able to view detailed information about your child – including information about attendance, course grades, and scores on state tests and in-class assessments. You will also be able to learn how your child's school compares with other NYC schools.

To view your child's information in ARIS Parent Link:

**Log in at** [www.ARISParentLink.org](http://www.ARISParentLink.org)

**Student ID:** For security purposes, this information cannot be included in the same letter with your child's temporary password. Your child's school is sending home another letter that contains your child's ID. If you already know your child's student ID you can use that to log in.

**\*Temporary Password:** (You can get this from the Parent Coordinator at your child's school.)

**About your password:** The first time you log in you will be asked to create a permanent password and to store your email address. If you ever forget your password, you can get a new temporary password sent to the email address you use when you register.

**What if I need an email address?** You can register for a free email address through Gmail, Hotmail, or Yahoo.

**What If I need help getting to a computer?** Visit your nearest public library. You will need to register for a library card, and then will be able to use computers with internet access for free. You can also ask your child's school if there are computers you can use.

**What if I need more help?** If you need more help, contact the Parent Coordinator at your child's school. He or she can help you log in to ARIS Parent Link, and help with any questions you have about this new system. Call 311 if you need help locating the Parent Coordinator at your child's school.

\*This password was created on April 14, 2009. If you have already logged in to ARIS Parent Link, this temporary password will not work. If you need a new temporary password, you can get one through your child's school. Ask the Parent Coordinator at your child's school for help.

Sincerely,

Joel I. Klein, Chancellor
