P.S. 207 to perform for kindergarten and first grade students. As the Madison students played, the children in the audience were engrossed in the performances and sang along with the more recognizable songs played for them, such as *Twinkle Twinkle Little Star* and *Old MacDonald*.

Madison students were touched by the children's enthusiasm and hope to get the chance to work with them again. All those who participated agreed that it was a positive experience that would leave a lasting impression.
