

**Department of
Education**

EDUCATIONAL PRIORITIES SURVEY FOR NEW HIGH SCHOOL IN QUEENS:

A new high school is being built in Maspeth at 54-40 74th Street. It will serve approximately 1,000 high school students (250 students per class) and a D75 program. It will be open to all NYC residents, although residents of District 24 will receive priority for admission.

Please tell us a little about yourself.

Name: _____ CSD in which you reside: _____

Contact Info (phone and/or email address): _____

Affiliation with Community: _____

(parent, elected official, CEC member, community member, etc)

If parent, the name of the school your child(ren) attend: _____

If parent, the grade(s) your child(ren) is currently in: _____

All schools provide New York State standards aligned curriculum. All schools also make choices about how to use their resources to focus additional attention on specific areas, programs, or instructional models. Of the following, what do you think is most needed for your community? :

Additional Program offerings

(Please CHECK all that apply)

International Baccalaureate (IB) program

Test Preparation (Regents, SAT, etc.)

Advanced placement classes

Programs for under credited youth

College prep

Special education services (in addition to mandated services)

Career and Technical Education

Literacy/reading support

English Language Learner focus

Project-based learning

Foreign language offerings

Extended Day

Internship/job opportunities

School uniforms

Other: _____

Please mail completed survey to: Maspeth Survey ♦ c/o Sara Kaufman ♦ 52 Chambers Street ♦ Room 413 ♦ New York, NY 10007

Survey is also accessible through the NYC DOE website:

<http://schools.nyc.gov/community/planning/changes/queens/District24.htm>

For the following questions, please respond in the space provided (use back of sheet if necessary).

Programming Information

1. Cite specific school-based programs in your district that you feel have been most beneficial to students. (For example: an internship program with the local hospital, dual language program, business and finance program, theater program, after school program, etc.) What about those programs have been successful?

2. What programs or qualities do you feel are missing from schools in your community? Have you seen examples in other communities of what you would like to see in your local schools? If so, please cite specific examples:

3. Many new schools partner with local community organizations to provide internship opportunities, service learning experiences or after school activities. What organizations provide valuable services to your community that you think can/should be connected to a new school in the location mentioned above?

Student Populations

4. What student populations do you think are most important to serve by schools or programs in the location mentioned above (for example, English Language Learners, gifted students, students in need of special education services, transient student populations, etc.)? Why?

Additional Information

5. Is there any other information you think we should know/take into consideration regarding educational priorities in your community?

Please mail completed survey to: Maspeth Survey ♦ c/o Sara Kaufman ♦ 52 Chambers Street ♦ Room 413 ♦ New York, NY 10007

Survey is also accessible through the NYC DOE website:
