

CLARIFICATION OF POSTPONED HEARING: Proposed Expansion of the Co-location of Community Roots Charter School (84K536) with Existing Schools P.S. 067 Charles A. Dorsey (13K067) and District 75 School (75K369) in Building K067

Dear Community Roots, P.S. 67, and P369K@P067K Families,

A joint public hearing was originally scheduled to be held at Building K067 regarding the proposal to expand the co-location of Community Roots Charter School in Building K067 on Monday, April 11.

After receiving public input, the DOE has determined to postpone Monday's hearing. The DOE intends to issue a revised proposal to expand the co-location of Community Roots Charter School at Building K067, and will subsequently hold another hearing on the revised proposal. The revised proposal, which will be posted in the following days, modifies the Building Utilization Plan, among other changes. We will notify you of the new hearing date as soon as possible.

The notice will also notify you of the date of the Panel for Educational Policy's vote on the proposal to expand and co-locate Community Roots in K067. We apologize for any inconvenience this may have caused.

Thank you.
