Proposed Charter Revision	The charter school education corporation proposes to change its corporate name to "Success Academy Charter School - Bronx 1" and to modify its at-risk design admissions factors to include a variable set-aside for English language learners ("ELLs"), which would be set at 20 percent of the incoming class for the 2012-13 school year, and thereafter be based on several factors including, but not limited to, an evaluation of the New York City School District's and the surrounding CSDs' ELL percentages, either current or from the previous school year, and/or an analysis of the ELL percentages of students enrolled at the school, with a view toward achieving ELL enrollment comparable to the enrollment figures for ELLs in the School District. The school would also eliminate its at-risk admissions priority for applicants attending failing schools.

This school is authorized by the SUNY Charter Schools Institute. More information can be accessed at: <http://www.newyorkcharters.org/>.
