2013-2014

The School Quality Snapshot provides families with information about the quality of a school by taking a balanced look at the school’s practices, environment, and performance. The report is based on multiple measures, including a review by an experienced educator, survey responses of teachers and parents, and a variety of achievement and progress measures. The report also helps families identify what the school is doing well and areas for doing better.

This report, along with the Elementary School Directory, can help families with the school admissions process by helping them identify which schools best meet the interests and needs of their child. The Snapshot also provides useful information to families about their child’s current school so that families can have meaningful conversations with school leaders about how to make the school a better place to learn.

SCHOOL OVERVIEW

(from Directory)

The Elementary School of New York uses engaging, project-based learning activities to inspire inquiry and creativity in our students, and to develop their critical thinking and problem-solving skills. In addition to strong academic achievement, we emphasize social and emotional growth. Our technology program includes SMART Boards in all classrooms, a computer lab, web-based class projects, and a robotics program. Students can develop their artistic skills and interests through our partnerships with arts programs and museums throughout the city.
