This report contains the findings and recommendations of the New York City Department of Education (NYC DOE) regarding the charter school’s application for charter renewal. This report is based on a cumulative record of the school’s progress, including but not limited to oversight visits, annual reports, and formal correspondence between the school and its authorizer, the NYC DOE Chancellor, all of which are conducted in order to evaluate and monitor the charter school’s academic, fiscal, and operational performance. Additionally, the NYC DOE, on behalf of the Chancellor, incorporates into this report its findings from the renewal application process, which includes a written application, review of student achievement data, and a school visit by the Office of School Design and Charter Partnerships (OSDCP) and other staff from the NYC DOE. Upon review of all the relevant materials, a recommendation is made to the NYC DOE Chancellor. The Chancellor’s determination, and the findings on which that decision is based, is then submitted to the New York State Board of Regents.

For more information on how OSDCP makes renewal recommendations to the Chancellor, please see the NYC DOE OSDCP Accountability Handbook available on the NYC DOE web site at <http://schools.nyc.gov/community/charters/contacts/DOEresources.htm>.

Part 1: Summary of Renewal Recommendation

Charter School Background

Staten Island Community Charter School is an elementary school located in District 31 in the Stapleton neighborhood of Staten Island. The school is located in private space and is not co-located with any other New York City public schools.¹

The school is in its second charter term.

School Mission

As reported by the school, the school's mission is as follows: Staten Island Community Charter School was founded by parents, grandparents and educators from Staten Island's North Shore. These community residents wanted a different kind of public school for their children and grandchildren; they wanted to have a voice in setting school policy, designing curriculum and applying educational philosophy. Staten Island Community Charter School promotes student achievement through strong, supportive relationships, emphasizes teamwork, critical thinking and relationship-building that prepares students for global citizenship, develops social-emotional skills to enhance classroom instruction by encouraging cooperation, appreciation of diversity, and responsible decision-making. The school recognizes that student achievement is directly correlated with daily attendance and provides a rigorous, content-rich, technology-supported, academic curriculum that enables students to achieve. The school reinforces student development by cultivating strong relationships with parents and contributes to community improvement.

Renewal Recommendation

Staten Island Community Charter School was previously renewed for a one-and-a half-year short term renewal in the 2014-15 academic year with the following conditions:

- The school must demonstrate academic growth, as measured by the school's median adjusted growth percentile in ELA, for each year of the charter term. The median adjusted growth percentile for the school's students will be at or above 50 percent of city percent of range for ELA in each year of the charter term.
- The school must demonstrate academic growth, as measured by the school's median adjusted growth percentile in math, for each year of the charter term. The median adjusted growth percentile for the school's students will be at or above 50 percent of city percent of range for math in each year of the charter term.
- By the time of evaluation for renewal, the School must have met or exceeded 70 percent of the applicable DOE mandated goals, as well as all applicable absolute performance goals, as set forth herein in Exhibit D in order to be eligible for renewal. Failure to meet at least 70 percent of the mandated goals may result in NYC DOE recommendation to the Regents for non-renewal at the conclusion of the charter term.

Staten Island Community Charter School has partially satisfied currently applicable conditions placed upon it for future renewal.

Based on the evidence presented herein and detailed in this report, the NYC DOE recommends a non-renewal of the charter agreement.

Part 2: Background on the Charter Renewal Process

Renewal Process

In the final year of its charter, a Chancellor-authorized charter school seeking renewal must demonstrate its success during its most recent charter term and establish goals and objectives for its next charter term. The renewal process offers an opportunity for the school to reflect on its experiences during its current term; to make a compelling, evidence-based case that it deserves an additional charter term; and, if renewed, to build an ambitious plan that will positively impact future students. Schools up for renewal must submit a complete renewal application no later than November 2, 2015.

The NYC DOE Chancellor-Authorized Charter School Accountability Framework (framework), developed by the Office of School Design and Charter Partnerships (OSDCP), is aligned with the New York State Charter Schools Act [Ed.L. §§2851(4)] and is used to evaluate a charter school's renewal application. A school must be able to demonstrate, supported by the school's renewal application and other data, that it can satisfy the three essential questions of the framework:

1. Is the school an academic success?
2. Is the school effective and well run?
3. Is the school financially viable?

Schools are asked to present a compelling, evidence-based case that they have, over the course of their charter term, been academically successful, effective and well run, and financially viable. Schools are also asked to detail their plans for the proposed charter term, including ambitious and measurable objectives as well as any requested revisions to the school's original charter application, and responses to any conditions set for the school previously.

The renewal application consists of the following parts: Executive Summary; Application Narrative; Required Attachments; Supporting Documents and Evidence; Revised Charter and Summary of Revisions; Required Exhibits for Revised Charter.

The OSDCP Charter Authorizing Team will review and may respond to a submitted renewal application with clarifying questions and requests for additional information. Each school's Charter Authorizing Team point of contact will work with the school to establish an appropriate timeframe for complying with these requests. If the school's application is incomplete, it will be returned to the school with feedback from the team. In addition to the school's renewal application, the Charter Authorizing Team will conduct a renewal visit at the school. Based on the school's application, the renewal site visit, review of documentation submitted to the NYC DOE and the New York State Education Department (NYSED) during the school's charter term, and previous oversight reports, the Charter Authorizing Team will prepare a draft of its findings to share with the school for factual corrections, and will ultimately submit a renewal recommendation to the Chancellor and the Board of Regents.

Schools are advised to carefully review the instructions and guidelines provided in this document, as well as the amended New York State Charter Schools Act, to prepare a renewal application for submission to Charter Authorizing Team.

Statutory Basis for Renewal

The determination of whether to approve a renewal application rests in the sole discretion of a charter school's authorizer. The Act states the following regarding the renewal of a school's charter:

§ 2851(4): Charters may be renewed, upon application, for a term of up to five years in accordance with the provisions of this article for the issuance of such charters pursuant to section twenty-eight hundred fifty two of this article; provided, however, that a renewal application shall include:

- (a) A report of the progress of the charter school in achieving the educational objectives set forth in the charter.
- (b) A detailed financial statement that discloses the cost of administration, instruction and other spending categories for the charter school that will allow a comparison of such costs to other schools, both public and private. Such statement shall be in a form prescribed by the board of regents.
- (c) Copies of each of the annual reports of the charter school required by subdivision two of section twenty-eight hundred fifty-seven of this article, including the charter school report cards and the certified financial statements.
- (d) Indications of parent and student satisfaction.
- (e) The means by which the charter school will meet or exceed enrollment and retention targets as prescribed by the board of regents or the board of trustees of the state university of New York, as applicable, of students with disabilities, English language learners, and students who are eligible applicants for the free and reduced price lunch program which shall be considered by the charter entity prior to approving such charter school's application for renewal. When developing such targets, the board of regents and the board of trustees of the state university of New York shall ensure (1) that such enrollment targets are comparable to the enrollment figures of such categories of students attending the public schools within the school district, or in a city school district in a city having a population of one million or more inhabitants, the community school district, in which the charter school is located; and (2) that such retention targets are comparable to the rate of retention of such categories of students attending the public schools within the school district, or in a city school district in a city having a population of one million or more inhabitants, the community school district, in which the proposed charter school would be located.

Such renewal application shall be submitted to the charter entity no later than six months prior to the expiration of the charter; provided, however, that the charter entity may waive such deadline for good cause shown.

Renewal Outcomes

After the NYC DOE's review of the school's renewal application, and completion of the renewal site visit, the Charter Authorizing Team will release a draft report of their findings. The report will align to the framework and may include assessment results, evidence from classroom observations, leadership interviews, NYC DOE School Survey results, public hearings and other community feedback, as well as a variety of other data. Schools will be given the opportunity to correct factual errors in the report. If the Charter Authorizing Team approves the renewal application and the Chancellor recommends renewal for the school, prior to the school's charter expiration date, the Charter Authorizing Team will send the renewal report and recommendation along with the school's renewal application and other supporting evidence to the Board of Regents for its approval. If the Charter Authorizing Team determines that renewal is not warranted, the school will be informed in writing of the reasons for the non-renewal.

The Charter Authorizing Team may recommend three potential outcomes for charter schools applying for renewal: full-term renewal (with or without conditions), short-term renewal (with or without conditions), or non-renewal. More information on each type of renewal is below.

Full-Term Renewal

In cases where a school has clearly and consistently demonstrated high academic performance, a compliant environment that supports the health, safety, and well-being of all students, operational stability, and financial viability, a five-year renewal may be recommended (with or without conditions).

Short Term Renewal

In cases where a school has demonstrated mixed academic results or uncertain organizational or financial viability, a short-term renewal may be recommended (with or without conditions).

Non-Renewal

Renewal is not automatic. In cases where a school has failed to demonstrate significant progress, has low levels of student achievement, is in severe financial distress, or is in violation of its charter, non-renewal may be recommended.

Charter schools that receive non-renewal decisions are provided with due process, including an opportunity to submit a written response and an opportunity to make an oral presentation, whereby these schools may appeal the non-renewal decision.

Part 3: Findings

An important note about meeting the standards of the framework:

We measure a school's ability to meet the standards of the framework by looking at aggregated outputs. Standards in Essential Question 1 are measured for all students who completed exams at all grade levels.

If a school met the standard each year of the charter term, the standard will be marked "Met." If a school met the standard in one or more years during the charter term, but did not meet the standard each year of the charter term, the standard will be marked "Partly Met." If a school did not meet the standard for any year during the charter term, the standard will be marked "Not Met."

Essential Question 1: Is the school an academic success?

The OSDCP Charter Authorizing Team reviewed the following primary and secondary evidence to evaluate whether Staten Island Community Charter School met or did not meet the standards for Essential Question 1:

- Primary Evidence: New York State (NYS) assessments including Regents, Grades 3-8 English Language Arts (ELA) and Math³, Grades 4 and 8 Science, and New York State Alternative Assessment (NYSAA); Graduation rates; Post-secondary enrollment; Charter school academic goals
- Secondary Evidence: NYC DOE School Quality Reports; College and Career Preparatory Course Index (CCPCI); College Readiness Index (CRI), NYS Mean Growth Percentile

At the time of this school's renewal, Staten Island Community Charter School has not demonstrated academic success.

The school was last renewed in December 2014. As a result, the NYC DOE has 1 year of NYS assessment data and 1 year of other academic indicator(s) to evaluate the academic achievement and progress of the students at Staten Island Community Charter School.

For additional academic data, including grade-level proficiency on NYS assessments, please see Appendix B. For detailed information on the school's progress in meeting the academic goals outlined in its charter agreement, please see Appendix C.⁴ These goals relate to academic performance, academic growth, college and career readiness, and closing the achievement gap.

Detail on OSDCP's findings for Essential Question 1 is below.

³ Grade 3-8 ELA and Math proficiency rates are based on attribution using BEDS day enrollment for the applicable school year.

⁴ Please note that in analyzing a school's progress towards its academic goals as outlined in its charter agreement, the NYC DOE did not review goals that measured a school's academic performance relative to 75% absolute proficiency for school years 2012-13 and beyond because of the move to Common Core Learning Standards in 2012-13. In addition, beginning with the 2013-14 school year, due to a change in state regulation, the NYC DOE will not review goals that are related to standardized assessments for students in grades K-2 or NYC DOE Progress Report grades.

Overall Proficiency¹⁰

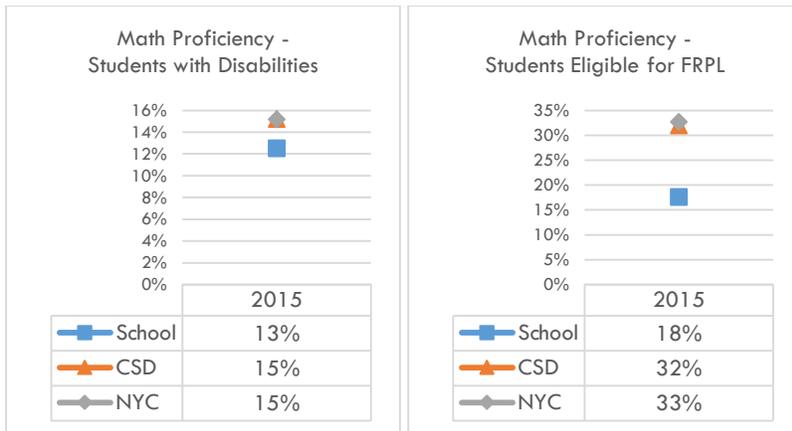

Closing the Achievement Gap – English Language Arts¹¹

¹⁰ Due to the length of the prior charter term (1.5 year), this school only has one year of assessment data available. For a comparison of the school’s current academic results to the previous year’s academic results, please see Appendix F. Note that Appendix F is provided for informational purposes, not evaluative purposes.

¹¹ Please note that the school did not serve the minimum number of English Language Learner students in any school year to receive data on the ELA proficiency of English Language Learner students.

Closing the Achievement Gap – Math¹²

¹² Please note that the school did not serve the minimum number of English Language Learner students in any school year to receive data on the Math proficiency of English Language Learner students.

Essential Question 2: Is the school effective and well run?

The OSDCP Charter Authorizing Team reviewed the following primary and secondary evidence to evaluate whether Staten Island Community Charter School met or did not meet the standards for Essential Question 2:

- Primary Evidence: NYC DOE School Survey; Attendance data; Retention data (ATS); Student discipline data; Received complaints and other feedback; board by-laws and meeting minutes; School leadership, board, and staff interviews; Operational policies and procedures; School records pertaining to health, safety, and civil rights; Charter and charter agreement; NYSED BEDS data; NYSED TEACH system data
- Secondary Evidence: Student/Family and Staff Handbooks; Parents Association meeting calendar and minutes; School visit observations; Operational organizational chart; Professional development plans and resources; Other school records

At the time of this school's renewal, Staten Island Community Charter School has demonstrated its effectiveness, including a supportive environment, operational stability, and compliance with applicable laws and regulations.

Curriculum

The school is in its first year of implementing Common Core aligned curricula. Teachers are using *Journeys* as the English Language Arts (ELA) curriculum and *Go Math!* as the mathematics curriculum. The school has block scheduled ELA and math periods and students have the opportunity to work in rotating centers during each block. Through these centers, students have daily exposure to small group instruction, online adaptive software (iReady), and independent practice. The school's emphasis on ELA and math allows little time for social studies and science to be taught as discrete subjects; social studies and science content are infused into ELA and math lessons, when applicable. Teachers were observed implementing *Journeys* and *Go Math!* with fidelity.

Assessments and Use of Data

This September, the school implemented the Northwest Evaluation Association Measures of Academic Progress (NWEA MAP) assessment as a strategy to gather more precise data on student achievement. In the past, the school had relied on data from Terra Nova interim assessments; the school found that the Terra Nova data points were not aligned to Common Core Learning Standards and did not accurately predict NYS exam results. The school believed that Terra Nova exams results were not reported quickly enough in order for teachers to make informed changes to instruction. Currently, in addition to NWEA MAP, students take iReady assessments every 21 days.

Enrichment Opportunities

The school provides numerous opportunities for students to engage with the community through volunteer and enrichment opportunities. Each class participates in quarterly community service projects, which are designed and implemented by each class.

Special Populations

The school currently has 10 sections of Integrated Co-Teaching (ICT) classrooms, with the majority of the ICT classrooms in kindergarten. 87% of students at the school are eligible for free and reduced priced lunch, which is significantly higher than the district average, which is 56%. The school has designed a robust Response to Intervention (Rtl) program that addresses both academic and social-emotional needs of its general education students. This year, the school is servicing a significant number of students who require Rtl Tier 2 supports; the school had to rethink how they address the multifaceted needs of these students. Additionally, 22% of the school's population are newcomers from West African nations. While these students do not qualify for English Language services, they require many of the same supports as ESL students. The school is responsive to these students' need by providing them with small group literacy push-in and pull-out support.

Staffing

33% or 10 instructional staff members did not return for the 2015-16 school year. The school now has 34 instructional staff members and 22 non-instructional staff, the majority of whom work in Operations.

Professional Development

The school has designed a Teacher Leadership Institute where veteran teachers participate in professional development and then coach and mentors other teachers in the implementation of *Journeys* and *GoMath!* Students are dismissed early every Wednesday to allow for teacher professional development. Some topics covered at the time of the renewal visits included the Danielson Framework and support around the implementation of Common Core curriculum. Administrators frequently visit classrooms and give teachers formal and informal feedback on a regular basis.

Supportive Environment

The school reported 56 incidents that led to out-of-school suspensions in the 2014-15 school year; as of November 2, 2015, the school reported two incidents and no suspensions. This is attributed to the principal and her administration developing a strong sense of culture and developing an RtI programs that support the emotional needs of students.

School Culture

Parents and staff interviewed expressed that, under the new principal, the school developed a strong sense of culture that increased the safety of students, created a respectful rapport between teachers and students, and provided students with a “larger picture” of the community through stewardship opportunities. A teacher reported “before this principal, the school was ‘on fire’...students did not even wear uniforms.” Over the course of the renewal visits, the Charter Authorizing Team observed orderly classrooms with all students on task.

Public Hearing

On November 12th, 2015 a public hearing was held to solicit comments from the school community. Over 200 people attended and 16 speakers were in favor of the school’s renewal and no speakers were in opposition of the renewal.

Governance

The school has a total of eight Board members. The Board has met quorum for all meetings and has submitted, in a timely manner, all necessary documents to New York State Education Department and the New York City Department of Education.

For detailed information on the school’s progress in meeting the operational goals outlined in its charter agreement, please see Appendix C. These goals relate to school environment, leadership, governance, and compliance.

For detailed information on the efforts the school is taking to enroll and retain students with disabilities (SWDs), English Language Learners (ELLs), and students who are eligible for Free or Reduced Price Lunch (FRPL), as per the NYS Charter Schools Act, please see Appendix D.

Detail on OSDCP’s findings for Essential Question 2 is below.

Supportive Environment

<i>Standard</i>	<i>Met</i>	<i>Partly Met</i>	<i>Not Met</i>
School program differentiates instruction for SWD			
School program differentiates instruction for ELLs			
School schedule and program offers defined opportunities for remediation and acceleration			
School utilizes an interim assessment system			
School has a compliant, formal, and posted procedure for parents and staff to express concerns to school leadership, the Board, and the authorizer			
Parent, staff, and student responses on the NYC DOE School Survey exceed Citywide averages ¹³			
Student attendance rate exceeds CSD average			
Student attendance rate exceeds Citywide average			
Improved student retention rate over course of charter			

Partly Met Standards — Supportive Environment

- Over the course of the renewal visits, the Charter Authorizing Team noticed mixed evidence in classrooms and lessons plans of differentiated instruction for students with disabilities.
- Over the course of the renewal visits, the Charter Authorizing Team noticed mixed evidence in classrooms and lessons plans of differentiated instruction for English Language Learners.

Operational Stability

<i>Standard</i>	<i>Met</i>	<i>Partly Met</i>	<i>Not Met</i>
School has an operations manual			
School meets all DOE deadlines for annual reporting requirements			
School meets all DOE deadlines for the Annual NYC DOE Charter School Survey			
School meets all DOE deadlines for renewal application documents			
School has documented teacher evaluation procedures			
School has documented professional development opportunities			
School has a formal process for evaluating progress against charter school goals			
Board has a formalized governance structure including lines of accountability for the board, school leadership, and all staff			
Board has developed a succession plan for board and school leadership			
Board has access to legal counsel			
Board meetings consistently meet quorum			

¹³ Students in grades K-5 do not participate in the NYC DOE school survey.

Compliance (with all applicable laws & regulations)

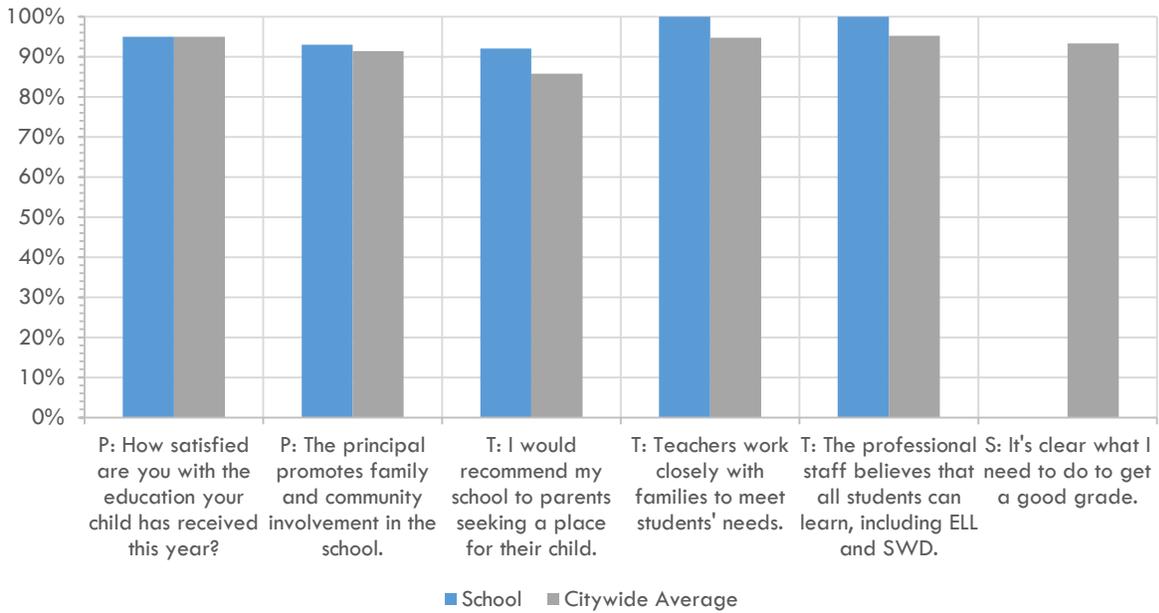

<i>Standard</i>	<i>Met</i>	<i>Partly Met</i>	<i>Not Met</i>
School's SwD enrollment rate exceeds CSD rate			
School's ELL enrollment rate exceeds CSD rate			
School's FRPL enrollment rate exceeds CSD rate			
School's SwD retention rate exceeds CSD rate			
School's ELL retention rate exceeds CSD rate			
School's FRPL retention rate exceeds CSD rate			
School is in compliance with its charter and its charter agreement			
School is in good standing with authorizer			
School has discipline policy that is consistent with due process and with state and federal laws and regulations governing the placement of SWD			
School has required facility documents (lease, certificate of occupancy, fire and safety inspections)			
School is in compliance with teacher certification requirements proscribed in N.Y. Educ. Law § 2854(3)(a-1)			
School is in compliance with employee fingerprinting requirements			
School has an appropriate safety plan			
School has appropriate insurance documentation			
School is meeting Department of Health immunization requirements			
School has submitted its Annual Report to NYSED and posted it online			
School has followed all applicable lottery and enrollment regulations			
Board held the required number of meetings			
School and board follows posting and procedural requirements of NYS Open Meetings Law			
School and board follows posting and procedural requirements of Freedom of Information Law (FOIL) ¹⁴			N/A

Partly Met Standards — Compliance

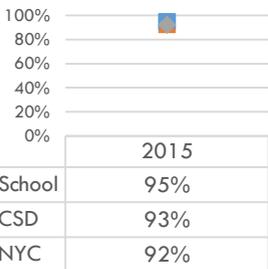

- The Board held the minimum number of meeting as required by their bylaws (10 meeting per year) but the NYS Charter Law states that schools must meet every month of the year (12 meetings).

¹⁴ The New York Charter Schools Act makes charter schools subject to FOIL (§2854[1][e]). The New York City Department of Education monitors charter school compliance with FOIL through the complaint process outlined in §2855(4) of the New York State Charter Schools Act. All complaints received through this process are investigated by the Office of School Design and Charter Partnerships. Noncompliance with any applicable laws and regulations, including FOIL, are addressed and documented.

Essential Question 3: Is the school financially viable?

The OSDCP Charter Authorizing Team reviewed the following primary and secondary evidence to evaluate whether Staten Island Community Charter School met or did not meet the standards for Essential Question 3:

- Primary Evidence: Audited financial statements; Projected budgets
- Secondary Evidence: Quarterly financial statements; Escrow accounts and other fiscal reporting documents

At the time of this school's renewal, Staten Island Community Charter School has demonstrated financial viability.

An independent audit performed for fiscal year 2015 (FY15) showed no material findings.

For detailed information on the school's progress in meeting the financial goals outlined in its charter agreement, please see Appendix C. These goals relate to short- and long-term financial viability.

Detail on OSDCP's findings for Essential Question 3 is below.

Short-term Financial Viability

<i>Standard</i>	<i>Met</i>	<i>Partly Met</i>	<i>Not Met</i>
Cash position – school has at least 60 days of cash on hand to cover operating expenses			
Liabilities – school has sufficient cash flow to cover 100% of liabilities expected over the next 12 months			
Projected revenues – actual enrollment should be within 15% of projected (budgeted) enrollment			
Debt management – school is meeting all current debt obligations			

Long-term Financial Sustainability

<i>Standard</i>	<i>Met</i>	<i>Partly Met</i>	<i>Not Met</i>
Total margin – school operated at a surplus during the previous fiscal year (more total revenues than expenses)			
Aggregated three-year total margin – school operates at a surplus over three-year period		N/A	
Debt to assets ratio less than 1.0			
Aggregate assets to liabilities ratio greater than 1.0		N/A	
One-year cash flow – positive cash flow over previous two fiscal years (change in cash balance is positive)			
Multi-year cash flow – positive cash flow over previous three fiscal years		N/A

Appendix C: Charter School Goals

According to annual reports submitted to NYSED over each year of the school's charter term, the school achieved/met its goals as follows:

- Academic Goals:¹⁷
 - 0 of 4 applicable academic charter goals in its most recent year
 - 0 of 4 applicable academic charter goals over the course of the charter term
- Operational Goals:
 - 3 of 5 applicable operational charter goals in its most recent year
 - 3 of 5 applicable operational charter goals over the course of the charter term
- Financial Goals:
 - 1 of 1 applicable financial charter goals in its most recent year
 - 1 of 1 applicable financial charter goals over the course of the charter term

Charter Goals		2014-2015
Academic Goals	For each year of the school's next charter term, the school will show academic performance with a percent of students proficient at or above Level 3 that meets or exceeds the percent proficient of the Community School District (CSD) of location and also meets or exceeds the citywide percent proficient on the New York State ELA examination. (Relevant for schools serving grades 3-8.)	Not Met
	For each year of the school's next charter term, the school will show academic performance with a percent of students proficient at or above Level 3 that meets or exceeds the percent proficient of the Community School District (CSD) of location and also meets or exceeds the citywide percent proficient on the New York State math examination. (Relevant for schools serving grades 3-8.)	Not Met
	For each year of the school's next charter term, each grade-level cohort will demonstrate growth with a reduction by a half the gap between the percent at or above Level 3 on the previous year's NYS ELA exam (baseline) and the CSD or citywide percent (whichever is higher) of students proficient at or above Level 3 on the current year's State ELA exam. For schools in which the number of students scoring above proficiency in a grade-level cohort exceeded the CSD or citywide percent proficient (whichever is higher) on the previous year's ELA exam, the school is expected to demonstrate growth comparable to the CSD in the current year (relevant for schools serving grades 3-8).	Not Met

¹⁷ Because of the move to Common Core standards in 2012-13, the NYC DOE did not evaluate goals that measure a school's actual performance relative to 75% or greater absolute proficiency on the NYS ELA and math exams or goals that measure reducing the performance gap of a cohort in ELA and math assessments in its analysis of progress towards goals for the 2012-13 school year. Goals that refer to comparative academic performance of the school (e.g., to the CSD) were included in the analysis. In addition, beginning with the 2013-14 school year, the NYC DOE will not evaluate goals that are related to NYC DOE Progress Report Grades or, due to a change in state regulation, goals that are related to standardized assessments for students in grades kindergarten through two in its analysis of progress towards goals.

	proficient (whichever is higher) on the previous year's math exam, the school is expected to demonstrate growth comparable to the CSD in the current year <i>(relevant for schools serving grades 3-8)</i> .	
Operational Goals	Each year, the school will have an average daily student attendance rate of at least 95 percent.	Met
	Each year, 95 percent of all students enrolled on the last day of the school year will return the following school year.	Not Met
	Each year, 90 percent of all instructional staff employed during the prior school year will return and/or be asked to return the following school year.	Not Met
	In each year of the charter term, parents will express satisfaction with the school's program, based on the NYC DOE School Survey. On key questions as identified in the NYC DOE Charter Schools Accountability Handbook, the school will have a percentage of parents that agree or strongly agree that meets or exceeds citywide averages. The school will only have met this goal if 50% or more parents participate in the survey.	Met
	In each year of the charter term, staff will express satisfaction with the school's program, based on the NYC DOE School Survey. On key questions as identified in the NYC DOE Charter Schools Accountability Handbook, the school will have a percentage of staff that agree or strongly agree that meets or exceeds citywide averages. The school will only have met this goal if 50% or more staff participate in the survey.	Met
Financial Goals	Each year, the school will operate on a balanced budget and maintain a stable cash flow.	Met

Appendix D: Enrollment & Retention of Special Populations

NYC DOE Chancellor-authorized charter schools are required to meet enrollment and retention targets in addition to demonstrating the means by which they will meet or exceed these targets for students with disabilities (SWDs), English Language Learners (ELLs), and students who are eligible for Free or Reduced Price Lunch (FRPL). As per the NYS Charter Schools Act, enrollment and retention targets have been finalized by the Board of Regents and the Board of Trustees of the State University of New York. As part of their mandated Annual Report to NYSED, schools are required to describe the efforts they have made towards meeting these targets and any plans for meeting or making progress towards these targets in the future.

Staten Island Community Charter School uses the following strategies to attract and recruit parents of English Language Learner (ELL) students, students with disabilities (SWD), and students who are eligible for the free or reduced priced lunch:

- Advertising
- School website
- School brochures and promotional materials
- Visits to community-based organizations and preschools
- Open Houses at the school
- Parent tours
- Ensuring the Special Education Coordinator is available to talk to prospective parents

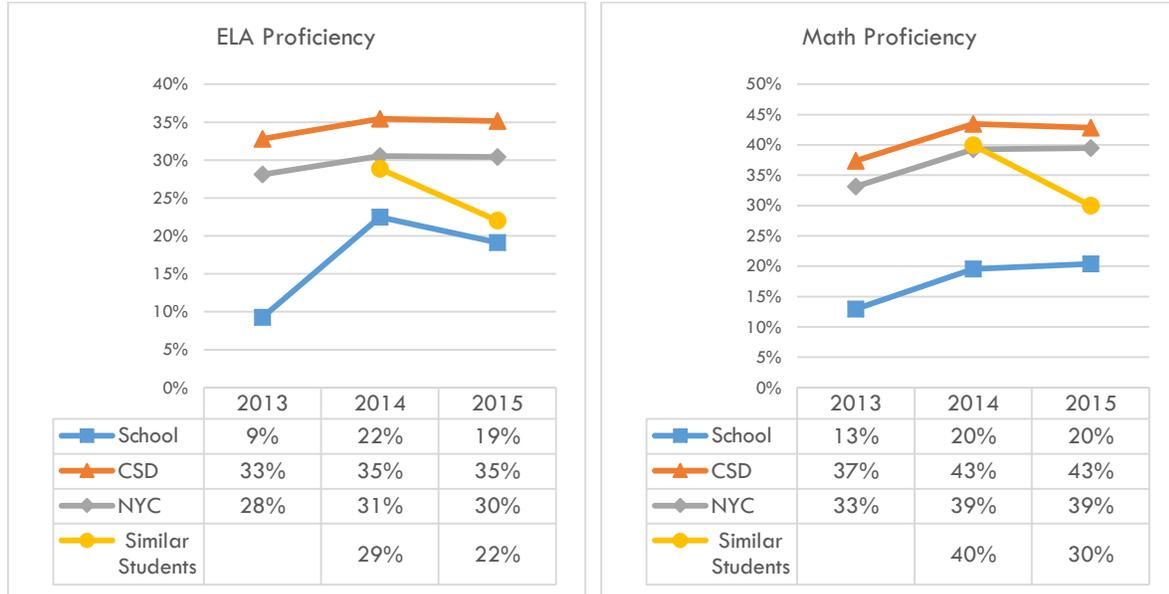

Appendix E: Additional Accountability Data

Please refer to additional accountability reports for this school on the NYC DOE's web site at <http://schools.nyc.gov/community/charters/information/doeauthorizedschools.htm>.

The NYC DOE's School Quality Reports are available on the NYC DOE's web site at <http://schools.nyc.gov/Accountability/tools/report/default.htm>. These reports may provide Chancellor-authorized school communities with additional data, but please note that the reports are not specific to the terms of the charter or to the [2015-16 Accountability Framework for NYC DOE Chancellor-Authorized Charter Schools](#).

Appendix F: Historical Academic Performance

Due to the length of the prior charter term (1.5 year), this school only has one year of assessment data available for evaluative purposes. Below are the school's academic results from previous years, for purely informational purposes.
