PRE-K
FOR ALL

January 2017

Dear NYC Families,

Providing free, high-quality early childhood education to all children is a critical investment in the future of our City. Our vision of Equity and Excellence for All is to ensure that every child—from pre-Kindergarten through twelfth grade—should be on a path to college and a meaningful career.

The Pre-K for All initiative, together with the NYC Department of Education's Equity and Excellence for All initiatives, will provide your child with a critical foundation to thrive in school and life. We have worked hard to ensure that every four-year-old in New York City has access to free, full-day, high-quality pre-K to support our youngest learners on a path to success. Every program is held to the same high standards and must adhere to New York State's curriculum expectations.

This year, the pre-K application opens on Tuesday, January 17, 2017. Families may apply to programs at NYC Department of Education district schools, Pre-K Centers, and full-day NYC Early Education Centers (NYCEECs) using a single application. We encourage you to review the preliminary program information available in this Pre-K Directory, as well as new programs that will be listed on Pre-K Finder (maps.nyc.gov/prek), before you complete your application.

The deadline to submit your application is Friday, February 24, 2017. You may apply online at nyc.gov/prek, over the phone by calling 718-935-2067, or in person at a Family Welcome Center.

We look forward to helping you through the pre-K application process and partnering with you as your child embarks on his or her educational journey. With Pre-K for All, Opportunity Starts Now for our children.

Sincerely,

Mayor Bill de Blasio
Chancellor Carmen Fariña

WELCOME

TO PRE-K ADMISSIONS

New York City offers every four-year-old child a free, full-day, high-quality pre-K seat through the Pre-K for All program. Your child is eligible to attend pre-K in the year that he/she turns four. Pre-K programs are free and provide a year of education before kindergarten, giving your child an important foundation for success in school, home, and life. Many New York City families send their children to pre-K, and we hope you will, too. This directory will guide you through Pre-K Admissions.

1.0 PARTICIPATING IN PRE-K FOR ALL

New York City offers every four-year-old child a free, high-quality pre-K seat through the Pre-K for All program. Pre-K for All is a program that runs five days a week from September through June. All families with children born in 2013 are eligible to begin pre-K in September 2017. All students, including students with disabilities, should apply to pre-K. Please see Section 6.1 for more information on students with disabilities. Pre-K for All programs build on the strengths and backgrounds of all students and families. See Section 6.3 for more information on students from culturally and linguistically diverse backgrounds. All of these students should apply for pre-K.

Most pre-K programs are full-day, or 6 hours and 20 minutes long. All Pre-K for All programs are carefully selected, and receive ongoing support each year to ensure they meet our quality standards. Pre-K for All teachers and administrators are talented educators who meet the NYC Department of Education's stringent qualification requirements. Through Pre-K for All, four-year-olds citywide have the opportunity to develop the language, literacy, social-emotional, physical and cognitive skills described in the New York State Prekindergarten Foundation for the Common Core (PKFCC) learning standards.

This year, the NYC Department of Education (DOE) is providing a new tool for families – the Pre-K Quality Snapshot – to share information about each pre-K program's instructional practices and learning environment. The Pre-K Quality Snapshot will be available for families during the application period at: schools.nyc.gov/Academics/EarlyChildhood.

To learn more about the about the benefits of pre-K, visit schools.nyc.gov/Academics/EarlyChildhood/ParentFamilies.

To learn more about the PKFCC learning standards, visit www.p12.nysed.gov/ciai/common_core_standards/pdfdocs/nyslsprek.pdf.

There are four steps to participate in Pre-K Admissions:

- 1 Understand your pre-K options
- 2 Apply to pre-K
- 3 Receive a pre-K offer
- 4 Accept your offer and pre-register

2.0 UNDERSTAND YOUR PRE-K OPTIONS

The DOE offers pre-K at district schools, Pre-K Centers, New York City Early Education Centers (NYCEECs), and charter schools. In each setting, your child will be in a safe learning environment with many opportunities to explore, create, and participate in engaging learning activities and to interact with other children and adults. Programs build on the strengths and diverse backgrounds children and families bring to the classroom to support all learners in gaining foundations for success in school, at home, and in life.

2.1 Explore Pre-K Programs

There are four different types of pre-K programs offered in New York City.

District Schools: District schools are programs located within public elementary schools and overseen by the school's principal. District schools prioritize students for admission whose home address is zoned for that school, live in that school's district, or who have a sibling at that school.

Pre-K Centers: Pre-K Centers are run by NYC Department of Education staff but, unlike District Schools, they only offer pre-K. These are located either in existing district school buildings or standalone DOE sites. Pre-K Centers prioritize students for admission that live in the district where the Pre-K Center is located.

NYC Early Education Centers (NYCEECs): NYCEECs are community-based organizations that contract with the NYC Department of Education (DOE) or Administration for Children's Services (ACS) to provide pre-K. These programs are selected through a rigorous evaluation process and are supported by the DOE's Division of Early Childhood Education. NYCEECs prioritize students for admission currently enrolled in their three-year-old program, siblings in any grade at the NYCEEC, and families who receive free or subsidized social services from the organization that operates the NYCEEC.

Charter Schools: Charter schools are free public schools that are open to all NYC students. Charter schools operate independently from the NYC Department of Education. Instead, charter schools operate under a performance contract, or "charter" issued by a New York State authorizer. Charter schools are held accountable for meeting specific academic goals and often try different approaches to ensure their students meet those goals. Any student eligible for admission to a traditional district school is eligible for admission to a public charter school in NYC.

If you would like to apply for pre-K at a charter school, please contact the charter school directly to learn about the application options available and how the charter school prioritizes applicants for placement.

2.2 Visit Programs

Many programs offer tours so families can visit and learn more about them. To find out when you can visit a program, contact programs directly or visit nyc.gov/prek.

2.3 Use the Pre-K Directory

Use this directory to research your pre-K options. This directory provides a list of pre-K programs in Queens for the 2017-2018 school year. Programs are listed by district and a map of pre-K programs appears for each district.

As decisions are made to add new programs or extend the contract of existing providers, the list of pre-K programs available will change. For the most up-to-date program listings and information, please check the Pre-K Finder (maps.nyc.gov/prek).

This sample program page shows you the typical information listed for a pre-K program; keep reading to learn how to use this information to research choices for your Pre-K Application.

Note: Translated directories are available at nyc.gov/prek.

2.3.5 Program Notes: Throughout the program listing, you may see the following program notes. Read below for explanations of each.

7.0

- **May have income or other eligibility requirements.** This note indicates a NYCEEC program that has eligibility criteria related to household income, address of residence, government services received, and/or child care needs. Some NYCEEC pre-K programs receive Head Start and/or Child Care funding from the NYC Administration for Children’s Services (ACS). Other programs may receive Head Start funding directly from the federal Administration for Children and Families’ Office of Head Start.

Please contact these programs directly, before completing your application, to find out about additional eligibility requirements.

If your child is currently enrolled in one of these programs, you still must apply in order to receive an offer to attend that program (or another program). Furthermore, as your child already attends one of these programs as a three-year-old, you are strongly encouraged to apply to the same site for pre-K.

If you receive an offer to one of these programs, you will need to provide documentation verifying your eligibility in order to accept the offer (in addition to the required documents necessary to pre-register for pre-K). NYCEECs that have additional eligibility criteria in some or all classrooms are indicated in the program listings in this Pre-K Directory and on the Pre-K Finder. Be sure and look for this indicator as you review program options.

NYCEEC programs receiving this additional funding are also typically able to provide free or low-cost extended day services to eligible families. While full-day pre-K is free and available to all NYC four-year-olds, programs with ACS EarlyLearn contracts (Child Care funding) that provide extended care hours may require a fee due to the subsidized wrap-around services provided. These extended care hours are typically until 6 pm.

It is very important to contact NYCEECs that have these additional eligibility criteria **before** completing your application, in order to find out about their requirements for enrolling your child, what schedules are offered, including the first day of services, and whether there are any fees associated for subsidized services. You should only apply to these programs if you believe your family will meet their eligibility criteria, which you can check by calling the program directly. You can also check if you are eligible for ACS programs by visiting www1.nyc.gov/site/acs/early-care/eligibility.page or calling 311.

Note: If your child already attends a Head Start program, he or she will continue to remain eligible for Head Start services when he or she turns four. Similarly, families with an active Child Care subsidy case remain eligible for one year, after which they must recertify their eligibility through ACS.

- **May utilize flexible scheduling policy.** NYCEECs have some flexibility in how they choose to schedule program hours. A NYCEEC may choose to schedule program hours on weekends and/or holidays while continuing to meet the minimum requirement of 31 hours and 40 minutes of program instruction per week for full-day programs.

Some providers may also choose to schedule a short break in the middle of the day for non-program activities. These break times will not count toward DOE required operating hours. If a NYCEEC chooses to offer non-program activities during these break times, they are optional, and families who wish their children to participate must submit a written authorization. Before completing your application, please contact programs directly to learn about specific scheduling policies.

- **Single Gender Classrooms.** Some NYCEECs operate single-gender classrooms, either as part of a single-gender program or within a multi-classroom program that serves both genders. Any programs that offer single-gender classrooms are noted in this directory. Before completing your application, please contact these programs directly if you have any questions about the single-gender nature of their classrooms.
- **If your child has an IEP recommending Related Services and/or SEIT, contact the program directly for more information before applying.** This note indicates a program that only has Special Class in an Integrated Setting classrooms. Due to classroom ratio requirements, children recommended for SEIT and/or Related Services may not be able to enroll in these programs. For more information, please see section 6.1.2.
- **Magnet School.** If the program is in a magnet school, it is also noted in this section. A magnet school is a public school that offers a school-wide curriculum designed around a specific theme. While some schools have the word “magnet” in their school’s name, only those schools that received Magnet Schools Assistance Program (M.S.A.P) funding will be designated as magnet in this directory.

2.4 Use Pre-K Finder

Use Pre-K Finder (maps.nyc.gov/prek) on desktop or mobile device to find and research pre-K programs near you or in other boroughs. Check back often, starting in mid-January 2017, for newly added programs that you can add to your Pre-K Application.

2.5 List Your Program Choices

You can list up to 12 programs on your Pre-K Application. You should rank the programs on your list in order of your preferred choices.

We will try to give you an offer to the highest choice on your application. Since some programs are not big enough to accommodate all families who apply, we recommend that you list more than one program choice on your Pre-K Application. If we are not able to offer your child a placement at any of the programs listed on your application, we will offer your child a placement to a pre-K program with available seats, as close as possible to your home address.

When there are more families who apply to a program than space available, we use admissions priorities to determine who will receive an offer. As you explore your options, consider what priority you have for each program. Read more about admissions priorities in Section 4.1 and think about the following questions to understand which programs your child has a priority to attend.

- **Does your child currently attend a NYCEEC program as a three-year-old?**
- **What is your zoned school?**
- **What school district do you live in?**
- **Does your child have a sibling attending a program offering pre-K at a NYCEEC or district school?**

Review the program pages in this directory to learn which groups of students got an offer last year at each program.

Call 311 or visit schools.nyc.gov/SchoolSearch to learn what school is your zoned school and what district you live in.

4.0 RECEIVE A PRE-K OFFER IN APRIL 2017

We will send you an offer letter in the mail by late April 2017. This letter will let you know which pre-K program has a seat for your child in September 2017. If you apply online, you will also receive an email that tells you how to access your offer letter online.

Most families will receive an offer to one of the program choices listed on their Pre-K Application. The more programs you list on your application, the more likely you will receive an offer to one of the programs you prefer.

If there is no space at the programs listed on your Pre-K Application, we will offer you placement at another program with available seats, as close as possible to your home address. Your child will also be placed on the waitlist for all the programs you listed on your Pre-K Application.

4.1 Admissions Priorities

When there is not enough space at a program for all its applicants, offers are made by the NYC Department of Education based on admissions priorities. Admissions priorities are different for each pre-K program type. Below are the admissions priorities for District Schools, Pre-K Centers, and NYCEECs. Charter schools manage their own admission process; contact charter schools directly for information on their admissions process.

4.1.1 Admissions Priorities for District Schools:

1. Students residing in the zone, who will have a sibling at the school in grades K-5 in September 2017.
2. Students residing in the zone, who do not have a sibling at the school.
3. Students residing in the district, who will have a sibling at the school.
4. Students residing outside the district, who will have a sibling at the school.
5. Students residing in the district, who do not have a sibling at the school.
6. Students residing outside the district, who do not have a sibling at the school.

There are district schools without zones in New York City called non-zoned schools. For non-zoned schools, the first two admissions priorities above do not apply. District 1 (Lower East Side, Manhattan), District 7 (South Bronx) and District 23 (Brownsville, Brooklyn) are choice districts, which means they do not have any zoned schools.

A sibling is defined as a brother or sister—including half-brothers, half-sisters, stepbrothers, stepsisters, foster brothers, and foster sisters—of the applicant, who lives in the same household. For district schools, this priority only applies when the child is pre-registered or enrolled in grades K-5 at that school, and will be enrolled in grades K-5 in September 2017 at that school. This includes students enrolled in co-located District 75 programs in the same school building. You must list the older sibling's information on the application for your child to be considered for sibling priority. All sibling information is verified by the school before offers are made.

4.1.2 Admissions Priorities for Pre-K Centers:

1. Students residing in the same district as the Pre-K Center.
2. Students residing outside the district.

4.1.3 Admissions Priorities for NYCEECs:

1. Current students enrolled at the NYCEEC (for the 2016-2017 school year) in their three-year-old program.
2. Siblings of current students enrolled at the NYCEEC.
3. Students whose families currently receive free or subsidized social services from the organization operating the NYCEEC pre-K program.
4. Students who speak a language other than English that the NYCEEC specializes in serving.
5. All other students.

A sibling is defined as a brother or sister—including half-brothers, half-sisters, stepbrothers, stepsisters, foster brothers, and foster sisters—of the applicant, who lives in the same household. For NYCEECs, sibling priority can be applied regardless of what grade that sibling attends.

4.2 Waitlists

If we are unable to make your child an offer to your first choice pre-K program, we will automatically place your child on the waitlist for any programs that you listed higher on your application than the program where you receive your offer. However, your child will not be automatically added to the waitlist for programs that you listed lower than the program where you receive your offer.

For example, if you receive an offer for the program you list third on your application, you will automatically be listed on the waitlist for your first and second choice programs. If families leave either program and space becomes available for your child, the program will contact you directly.

Waitlists are sorted using the same admissions priorities that are used to determine offers. Families who live in a district school's zone and don't get an offer will be higher on the district school's waitlist than families who live outside the zone.

4.3 Round 2 Application Period

There is a Round 2 application period from April 20, 2017 to May 9, 2017. This application period will include new programs that are not part of the main application period.

You should apply in the main application period from January 17, 2017 to February 24, 2017. All families can apply in Round 2; more information will be available about Round 2 in Spring 2017.

5.0 ACCEPT YOUR OFFER AND PRE-REGISTER BY MAY 2017

Once you get your offer letter, contact the program to arrange a time to accept your offer and pre-register. By pre-registering, you are reserving the seat for your child so he/she can attend the program in September 2017.

Stop Review the next page for a list of what to bring to your child's program to pre-register.

WHAT TO BRING FOR PRE-REGISTRATION

After you arrange a time to pre-register at the program, bring the following to accept your pre-K offer and secure your seat. Remember to pre-register by May 2017.

- Voter registration documents, which include the name of the parent and the address of residence;
- Unexpired membership documents based upon residency (e.g., neighborhood residents' association), which include the name of the parent and the address of residence;
- Evidence of custody of the child including, but not limited to, judicial custody orders or guardianship papers; documents must have been issued within the past 60 days and include name of student and address of residence.

Note: Students in temporary housing, as defined by McKinney-Vento, are not required to submit documentation—including address, proof of date of birth, and immunization—in order to pre-register. Programs must provisionally pre-register the student and then work with the Students in Temporary Housing liaison to obtain documentation.

6.0 MEETING YOUR CHILD'S NEEDS

The New York City Department of Education is committed to meeting the academic needs of all students.

6.1 Students with Disabilities

All families with children born in 2013, including preschool students with disabilities, may apply to pre-K programs for the 2017-2018 school year.

Many preschool students with disabilities can receive their special education services at a general education pre-K program. Some families with children who have a disability will work with their local Committee on Preschool Special Education (CPSE) to identify a program that meets their child's needs.

6.1.1 Are You New to the Special Education Process? Preschool special education services are available for preschool students with disabilities or delays in development that affect learning. If your child is showing delays, you can contact your CPSE to request an evaluation. If your child is found eligible, the CPSE will work with you to create an Individualized Education Program (IEP).

The CPSE is responsible for coordinating the special education process for children ages 3 to 5. CPSEs work with families in the district where they reside, regardless of where children receive services or go to preschool. There are 10 CPSEs in different areas of the city. Each CPSE is part of a larger Committee on Special Education (CSE) office. To find your district, call 311 or use School Search (schools.nyc.gov/SchoolSearch).

6.1.2 Does your child already have an IEP? If your child has an IEP, enrollment in a pre-K program is based on his or her IEP recommendation. To find your child's recommendation, refer to the "Recommended Special Education Programs and Services" section of his or her IEP. If you still have questions, please contact the appropriate CPSE.

Children Recommended for a Special Education Itinerant Teacher (SEIT) and/or Related Services

- Your child can receive these services at a NYC Department of Education (DOE) general education pre-K program (district school, NYCEEC, Pre-K Center, or charter school).
- You should apply to pre-K using the application process found in this directory.
- Due to classroom ratio requirements, children recommended for SEIT and/or Related Services may not be able to enroll in programs that have only Special Class in an Integrated Setting classrooms. To find out whether a particular program has only Special Class in an Integrated Setting classrooms, review the program lists in this directory or call programs directly.

Children Recommended for Special Class or Special Class in an Integrated Setting

- You should work with your local CPSE to find an appropriate placement at a preschool special education program.
- The pre-K application process discussed in this directory does not include enrollment in these settings.
- Contact your CPSE if you have any questions about your child's placement.
- You may choose to apply to a pre-K program found in this directory if:
 - Your child is reevaluated by the CPSE and the new IEP recommendation is SEIT and/or Related Services.
 - You would like your child to attend a DOE general education pre-K program before or after his or her special education program (full-day or half-day). Contact your CPSE to enroll in the preschool special education program and contact the Division of Early Childhood Education (email prekfamilyengagement@schools.nyc.gov or call 212-374-0351) for more information about participating in a general education pre-K program for the remainder of the day.

6.2 Students with Limited Mobility and/or Accessibility Needs

The DOE is committed to providing students with limited mobility and/or accessibility needs with a pre-K placement that allows the student to access all relevant programs and services.

For students enrolled in a general education pre-K program, **please note** that accessible school placements are made **after** the pre-K admissions process, and are based on documentation that details the particular needs of the child and accommodations required of the building. For the purpose

1.0

of school accessibility, a student with limited mobility is one who utilizes a mobility device—such as a wheelchair, walker, crutches, or cane—to negotiate the environment, or any student who negotiates the school environment with difficulty and/or at a slower pace than his/her peers, whether it is due to muscle weakness, lack of endurance, or any other reason.

2.0

Accessible Schools or Programs are located in a fully or partially accessible building where an individual with limited mobility may enter and access all relevant programs and services, including the science laboratory, library, cafeteria, and the gymnasium; in some cases school programs may need to be re-located to accommodate access. At least one restroom is accessible.

3.0

Programs that are considered accessible are indicated in the program listings.

4.0

For more information about site accessibility, including a complete list of functionally accessible district schools and Pre-K Centers, please refer to the list of accessible schools, available online at schools.nyc.gov/Offices/OSP/Accessibility.

5.0

For more information about whether specific NYCEEC programs are accessible, please contact these programs directly.

6.0

6.3 Students from Culturally and Linguistically Diverse Backgrounds

The DOE provides a range of pre-K program options to ensure that all children gain foundational language, literacy, cognitive, and social emotional skills, including children from culturally and linguistically diverse backgrounds. Below you will find an overview of the options available to pre-K students who are native speakers of English or a language other than English. These programs offer supports in English and a language other than English known as the target language.

- **Dual Language (DL)** programs provide instruction in two languages (half in English, half in the target language), with the aim of enabling all children to become bilingual over the course of their education. These programs support children whose home language is a language other than English as well as English-speaking children who are interested in learning a second language.

Dual Language programs aim for a balance of children whose home language is English and children whose home language is a language other than English. If you apply to these programs, you will be asked to provide your child’s primary language spoken at home. Language may be used to prioritize applicants.

Note: Programs that offer Dual Language options will be marked in this directory, the online application and the online Pre-K Finder with information about which target language is supported. If a program offers both a Dual Language option and a general education option, and you wish to apply to both options, you must list the program twice on your application.

- **Enhanced Language Support (ELS)** programs offer additional supports for children whose home language is a language other than English and their families. These programs incorporate the language other than English most commonly spoken by children and families known as the target language in a variety of ways. These may include the use of the target language during story time, music and movement, center time, or activities. Families are regularly encouraged to share language, stories, food, music, and additional aspects from their culture. The classroom may have schedules, music, and books, in the target language readily accessible.

At least one staff member who speaks the program’s target language is regularly available on site to meet with families and provide additional supports. Please contact the site directly to confirm which staff members speak and support the target language.

Programs with Enhanced Language Support tailor their support to children who speak the program’s target language. If you apply to these programs, you will be asked to provide your child’s primary language spoken at home. Language may be used to prioritize applicants.

Note: Programs that offer Enhanced Language Support will be marked in the online application, and the online Pre-K Finder with information about which target language is supported.

- **Additional Language Support Options:** District schools and NYCEECs may have other pre-K options for children who do not speak English at home. Please contact schools and NYCEECs directly for more information about available services and programs that meet your child’s specific linguistic needs.

Note: Information about additional programs supporting students and families with language support modes will be available in the online application and online Pre-K Finder.

KINDERGARTEN AND GIFTED & TALENTED ADMISSIONS

During his/her year in pre-K, your child will apply to kindergarten. Remember that you need to apply to kindergarten whether or not your child attends pre-K, and regardless of where. Enrollment in a pre-K program does not necessarily affect your child’s enrollment for kindergarten. While participation in pre-K is one of the kindergarten admissions priorities for district schools, placement at a particular school depends on the number of kindergarten applicants to that school from several other priority groups. Zoned students and students with a sibling in the school are prioritized for kindergarten placement ahead of non-zoned students who participated in pre-K at that school.

Students attending DOE Pre-K Centers that are located in district schools do not have any additional priority to attend kindergarten at that school.

Additionally, all students who will be entering kindergarten through third grade can participate in G&T Admissions.

Submit this application to a Family Welcome Center. You can also apply online at www.nyc.gov/prek or apply over the phone by calling 718-935-2067. All applications are due by February 24, 2017. **Do not submit this application by mail or directly to programs.**

Eligibility Criteria: Applicants must be residents of New York City and have been born in 2013.

If **yes**, enter the information for each of these siblings below. Please do not include siblings listed in Section 2. If **no**, leave this section blank.

For district schools, your child will receive priority for admission if the sibling(s) is currently pre-registered or enrolled at the school and will be in grades K-5 at the school in September 2017.

For NYCEECs, your child will receive priority if a sibling aged birth - grade 12 will be enrolled in a program at the same NYCEEC for September 2017.

4 ACCESSIBILITY NEED

Does your child have limited mobility and therefore require a specific building layout (such as a wheelchair ramp or an accessible restroom)?

Yes No Not sure

Please Note: This question will not be used for initial admissions decisions. The determination of whether your child requires an accessible program will be made after review of documentation describing your child's condition and accessibility needs. This review may take place during the Individualized Education Program (IEP) development process or by requesting a Medical Transfer/Reasonable Accommodation. If you answer yes to this question, the DOE will communicate next steps to you with respect to your child's stated accessibility need. If it is determined that your child requires an accessible program and the program you are offered is not accessible, you will receive an updated accessible placement offer later in the spring or summer.

5 PRE-KINDERGARTEN PROGRAM LIST

You may list up to 12 New York City pre-Kindergarten programs on this application. Please list your programs in your order of preference. You should only list programs that you are interested in having your child attend.

For each choice you make you must enter the:

- Program Name and Program Code
- Please note: If the site has a Dual Language program and a general education program, and you wish to apply to both, you must list each program separately.
- Current Student Priority Information (for NYCEEC applicants only). Check the box if your child currently attends a NYCEEC program listed as an application choice below.
- Social Services Recipient Priority Information (for NYCEEC applicants only). Check the box if your family currently receives free or subsidized social services from a NYCEEC program listed as an application choice below.

If you want to apply to a dual language program, be sure to list the correct program code. Program codes are available in the *2017 New York City Pre-K Directory*.
