Educational Impact Statement

I. Description of the subject and purpose of the proposed item under consideration.

Beginning in the 2010-2011 school year, Global Enterprise High School (11X541, “Global Enterprise”), an existing school serving grades 9-12, will be phased-out of operation. Global Enterprise is housed in school building X415 (hereinafter referred to as “X415”), located at 925 Astor Avenue, Bronx in Community School District 11 (“District 11”). Global Enterprise is co-located with Christopher Columbus High School (11X415, “Christopher Columbus”), Collegiate Institute for Math and Science (11X288, “Collegiate Institute”), Astor Collegiate (11X299, “Astor Collegiate”), and Pelham Preparatory (11X542, “Pelham Preparatory”) at X415. A District 75 program (75X010, “District 75 X010”) is also located at X415. The 2008-2009 utilization of X415 is 103%, and its target capacity was 3,209.

In the 2010-2011 year, Global Enterprise will begin phasing-out one grade per year. Grade 9 will be eliminated in 2010-2011; grade 10 will be eliminated in 2011-2012; and grade 11 will be eliminated in 2012-2013. Global Enterprise will close in June 2013.

The phase-out and eventual closure of Global Enterprise and Christopher Columbus will create available space in X415 to house Knowledge and Power Preparatory Academy International High School (10X374, “KAPPA”), an existing DOE school. KAPPA is a high-performing high school currently located in District 10 in the Bronx that must move from its current location in order to grow to its full grade scale of 9-12. KAPPA is currently grades 9-11 and will serve grades 9-12 in 2010-2011. This proposal addresses the need to provide higher quality high school options throughout the City.

The educational impact statement for this proposal has been amended to reflect that the DOE now proposes to use the space made available by the move of KAPPA to X415 to house a new school in X435. This proposal is the subject of a separate educational impact statement published on January 8, 2010, and expected to be voted on by the Panel for Education Policy at its February 24, 2010 meeting.
