## Achievement First Brownsville Charter School

The mission of the Achievement First Brownsville Charter School is to provide students with the academic and character skills they need to gain admission to top colleges, succeed in a competitive world, and serve as the next generation of leaders in their communities. To this end, the school program features: extended school day and academic year; more time on task; rigorous, standards-based curriculum and college focus; character education emphasizing REACH values (respect, enthusiasm, achievement, citizenship, and hard work); reliance on internal assessments every six weeks to inform instruction and target students in need of remediation; excellent teaching (facilitated by 13 annual professional development days and weekly 2-hour sessions); engagement of parents as partners; and student performance as key factor in school, principal, and teacher evaluation. Achievement First strives to ensure that all scholars obtain a substantive and quality education, regardless of their individual impediments or language requirements.

## Beginning with Children Charter School

Beginning with Children Charter School (BWCCS) is a diverse, caring and nurturing learning community that fosters high academic achievement and the development of ethical character for elementary and middle students. An enriched curriculum and dynamic partnerships between the school, families and community enable all students to excel. Continual assessment and evaluation enhance the educational program. BWCCS prepares graduates for success in high school, college and beyond by developing independent thinkers and active citizens.

## Brooklyn Ascend Charter School

Our mission is to equip students with the knowledge, confidence, and character to succeed in college and beyond. Our students will, from the earliest grades, steadily build a strong foundation of learning habits, critical thinking skills, and knowledge; excel academically in the middle and high school, master high level math and science; and graduate as confident young adults, prepared to succeed as college students, as citizens, and as leaders in their chosen fields.

## Community Roots Charter School

Community Roots Charter School is a rigorous K-5 learning community where learning is embedded in a meaningful real world context, where children are deliberately taught to see the connections between school and the world. Community Roots students will meet or exceed the New York State standards and be prepared to excel in the 21st century by being taught to be independent thinkers and to work productively within a diverse group of learners. At Community Roots students learn to combine curiosity with appropriate application, which leads to deep understanding and the confidence to take on challenges to become who they want to be.

# The Ethical Community Charter School

The Ethical Community Charter School (TECCS) is a safe and caring community where ethics, service, and social justice are the principles that inform every aspect of school life; where teachers lead and collaborate with students in a culture of rigorous academics and mutual respect; where analytical thinking and creativity are prized over learning by repetition; where children become individuals of integrity, insight, autonomy – and socially productive citizens, workers leaders. TECCS is an ideal school for children of families that embrace the ideals of ethics, service, and social justice together with a demanding, well-rounded education of academic studies and the arts. The greater the participation of the parents, the greater potential for the success of their children.

## Excellence Girls Charter School

The mission of Excellence Girls Charter School is to prepare young girls to enter, succeed in, and graduate from outstanding college preparatory high schools as well as from college. At Excellence Girls, we cultivate in our young women the academic skills, knowledge, and character necessary for them to succeed in college and become responsible citizens and leaders of their communities. Our rigorous curriculum offers over three hours of literacy instruction and sixty minutes of math instruction every day, in addition to science, social studies, character education, fitness, art, and/or music. The Excellence Girls academic program is based on that of its brother school, Excellence Boys Charter School of Bedford Stuyvesant. This school is a member of Uncommon Schools.

## Hebrew Language Academy Charter School

The Hebrew Language Academy Charter School (HLA) will be a nurturing yet rigorous K-5 dual language school committed to academic excellence as well as to fostering a high degree of Hebrew language proficiency. At HLA, students will achieve a sophisticated knowledge of English Language Arts, mathematics, the sciences, and social studies. This rich and innovative curriculum will be enhanced by art, music, technology and physical education, all of which will incorporate Hebrew language instruction, using a partial immersion proficiency model. Students at HLA will develop a strong sense of social and civic responsibility through the integration of community service and service learning into their classroom studies. Our students will graduate with a solid foundation for further academic learning and continuous personal development as ethical citizens in an increasingly global community.

## Hellenic Classical Charter School

The Hellenic Classical charter school will provide students in grades kindergarten through eight with a rigorous classical education that is rich in challenging content. The school will instruct all students using the Core Knowledge curriculum and will supplement all instruction with the classical study of the Greek and Latin languages, as well as history, art, and other cultural studies. The school will utilize didactic instruction, coaching and Socratic questioning (Paideia). All students will leave the school prepared intellectually, socially, and emotionally to gain entry to and succeed in the best high schools in New York City.

## Hyde Leadership Charter School – Brooklyn

The Hyde Leadership Charter School's mission is to develop the deeper character and unique potential of each student. Using the Hyde Process for family based character education, the Hyde Leadership Charter School unites parents, teachers and students in helping each student achieve his or her best academically and in sports, the arts, and the community. Rigorous learning attitudes, leadership skills and a social conscience lay the foundation for each student's success in college and fulfillment in life.

## La Cima Charter School

Our mission is to prepare students for academic and life-long success through a rigorous and relevant academic program. Our vision is to develop students who have the intellectual capacity, social capital, and emotional strength of character to be personally successful, and to act as effective change-makers in their communities. Our educational plan strikes a balance between seemingly divergent methodologies: constructivist approaches and standards-based assessment and planning..

## Lefferts Gardens Charter School

The Lefferts Gardens Charter School (LGCS) will utilize an environmental science program to develop academically motivated and civic-minded students to succeed in competitive high school and college programs. The proximity of several community-based environmental institutions, including the Brooklyn Botanic Garden, provides a unique opportunity for learning that extends beyond the classroom. Graduates of LGCS will leave with an understanding of the relationship among science, the environment, and the everyday world.

## New Hope Academy Charter School

The mission of New Hope Academy Charter School (NHACS) is to provide a safe, structured and quality learning community where our students' creativity and potential will flourish. The school will employ a committed and well-equipped staff whose excellence in teaching and high academic and behavioral expectations will promote the excellence the community's children can achieve. The school will enhance the learning experience of its students by integrating science and technology into core subject areas, the arts, and various enrichment programs. NHACS students will leave the school with a solid foundation in science and technology, providing them with a head start in our increasingly technological society and with a clear understanding of the seamless integration of science and technology into their everyday lives. The school's culture will treat every child as "gifted" and will celebrate, nurture and enrich the gifts and talents its students possess.

## Summit Academy Charter School

Summit Academy Charter School bridges the gap between aspirations and reality by preparing sixth through twelfth grade scholars to gain acceptance to, excel in and graduate from college by using three pillars of success: mastery of core subjects, character building, and community leadership. By engaging students in an academically rigorous, college-preparatory curriculum and supporting them in a community focused on high academic achievement and strong character building. Summit Academy prepares our young people to participate meaningfully in the greater economy and expand their choices and opportunities. Summit Academy develops academic excellence, instills character, and cultivates leadership. Our academic program and college preparatory curriculum are structured to accomplish two goals: (1) student acquisition and mastery of basic literacy, numeracy, and writing skills and (2) student application of basic skills to synthesize, analyze, apply, and make inferences about content that is more challenging and complex. Students will be able to answer the what, why and how in all subject areas.

## Williamsburg Charter High School

Williamsburg Charter High School provides high school students a small and personalized environment where they can flourish. Our college going, youth development oriented culture provides students with opportunities for enrichment and intervention. Students are surrounded by a dedicated team of individuals at each grade level focused on their academic, social & emotional success. Our school within a school approach enables students to build a place within their grade community preventing anonymity. All Williamsburg Charter High School students are held to a high standard and all courses require a 70% passing, 5 percentage points higher than other DOE schools. Our Latin Foreign Language requirement and Classics focus instills in students, the discipline and linguistic foundation to master other critical coursework. Students from all over the City are encouraged to apply for a seat through our annual lottery.

## Williamsburg Collegiate Charter School

The mission of Williamsburg Collegiate Charter School is to prepare each student for college. Williamsburg Collegiate Charter School's educational program is based upon Three Pillars: 1) We believe that creativity flourishes within a structured academic environment.

Good work cannot occur unless there is a safe and orderly environment in and out of the classroom. 2) We have high academic and behavioral expectations. High expectations demand significant amounts of extra support before, during, and after school and on Saturdays. 3) We know that without great teachers, nothing else matters. Teachers must have the time and professional tools and resources to do their jobs effectively. At Williamsburg Charter School, we do not believe that there is a panacea that makes a school work. Nor do we pretend that what we do is "rocket science" or necessarily innovative. We work hard and use common sense because elevating student achievement and transforming lives requires constant attention to hundreds of different elements -- not one, magical 100% solution but rather one hundred, individual 1% solutions.
