Educational Impact Statement

I. Description of the subject and purpose of the proposed item under consideration.

Beginning in the 2010-2011 school year, W. H. Maxwell Career and Technical Education (CTE) High School (19K660, "Maxwell High School"), an existing school serving grades 9-12, will be phased out of operation. Maxwell High School is housed in school building K660 (hereinafter referred to as "K660"), located at 145 Pennsylvania Avenue, Brooklyn in Community School District 19 ("District 19"). A District 75 program, 75K077 ("District 75 K077"), is also currently located at K660. The 2008-2009 target utilization rate of K660 was 94%, and its target capacity was 1,055.

In 2010-2011, Maxwell High School will begin phasing out one grade level per year. Grade 9 will be eliminated in 2010-2011; grade 10 will be eliminated in 2011-2012; and grade 11 will be eliminated in 2012-2013. Maxwell High School will close in June 2013.

The phase-out and eventual closure of Maxwell High School will create available space to house a new high school, 19K751. The DOE proposes to phase in 19K751 to replace Maxwell High School as it phases out. 19K751 would open in 2010 with grade 9. A new grade will be added each year until it reaches its full 9-12 grade scale in 2013. Any future proposals to move an existing school into this space or to site another new school in the building will be addressed in a separate educational impact statement. The phase-out of Maxwell High School and the phase-in of 19K571 address the need to provide higher quality high school options throughout the City.
