School Mission Statement

"We, the Public School 28 staff, parents, community and students will create an atmosphere that embraces learning. We believe all children - general education students, special education students and English Language Learners (ELL) - will meet high standards of excellence. Using the New York State and New York City Performance Standards we will prepare our students to become productive students meeting the challenges of the 21st century. We will accomplish this through temerity, teamwork and tenacity."

Principal's Statement

I hope to be ever mindful, that students are always first in our school. I have a positive view of the future. It is my job to model this belief for our staff, students, parents and community. I ask for compassion to care for all students and families; insight to know what's right for students; courage to do what's right for students; energy to get the job done; persistence to work through obstacles and disappointments; commitment to never give up or back off; humility to know I don't know it all; and common sense to take care of myself so I can work effectively for all students. We strive for Energy, Equity, Excellence, Expectations and Entourage.
