School Mission Statement

At Public School 32, we believe that through rigorous instruction, every child will meet high standards of academic excellence. We believe this to be true for English Language Learners, for students with Individualized Education Plans, for students who are low achieving and for students who are high achieving. This can only be accomplished through a real and productive partnership with the parents and guardians of the learning community and through affiliations with community-based organizations. We are committed, as well, to the implementation of ongoing teacher training to support our efforts and beliefs.

Principal's Statement

Public School 32 is a nurturing and vibrant learning community. Our focus on rigorous academic standards is driven by a deep sense of responsibility and a strong belief in the value of research and investigation. Students are expected to be active problem solvers and to act as leaders in a variety of situations. Public School 32 is committed to diversity. Our classes are heterogeneously grouped and we have Inclusion and Micro Inclusion classes on every grade level. PS 32 recognizes the special concerns of parents, teachers and learners. Our safe, nurturing and supportive learning environments foster risk-taking and cooperative learning.;
