School Mission Statement

The mission of Public School 40 is to provide a child-centered standards-based environment that is safe, nurturing, and promotes higher order thinking skills. This will be accomplished through the collaborative efforts of involved parents, supportive community members, and staff. Our goal is to provide life-long learners who will become productive and contributing members in our society. We provide a quality education that maximizes student potential by: Supporting a standards driven instructional program for students; Fostering positive self-image, respect and the development of social skills in a nurturing atmosphere; Encouraging awareness and appreciation for a culturally diverse environment; Supporting a variety of programs and services, which help build excellence; Using a diagnostic prescriptive approach to meet individual needs; Preparing students to compete in a highly technological society; and Provide professional development for staff.

Principal's Statement

P.S. 40 has a school affirmation that synergizes the entire school. The affirmation instills pride in our students and staff, and builds self-esteem and confidence as its message is internalized by all through daily recitation. We believe that if we focus on the product rather than the process, the desired outcome will be realized. P.S. 40 also has a sound incentive program for students, and provides ongoing professional development for the staff. We are proud of our special programs for students, such as the High Achievers, Art Club, Science Club, Drama Club, and the G.W.C. Dance Company. Our school motto is: "Reading Empowers the Mind."
