### School Mission Statement

*We are a school community that measures our success one child at a time. We believe that all children can learn and have a natural inclination to do so. Our mission is to provide the solid foundation needed for academic excellence as well as a sense of social responsibility for all of our students. We will continue to establish comprehensive academic, social and emotional building blocks. Our students will have ongoing opportunities for academic success, positive self-esteem, and an overall respect for cultural diversity. This will be accomplished through collaborative efforts on the part of our students, parents, staff and supervisors. We are proud of our standing within the community as well as the relationship between school and home. We recognize the importance of remaining a cohesive school community while developing lifelong learners who will be productive citizens in a culturally diverse and increasingly technological world.*
