New York City Public Schools

Joel I. Klein, Chancellor

Grade Levels:

Students on Oct. 31, 2005: 497

Students on May 1, 2006:

School Mission Statement

We recognize that all children have multiple intelligences and different learning styles. As educators, we create an environment of high expectations and standards, which challenge our students to reach their maximum levels of performance in all academic areas. Parents, staff, administration and the community work together creating the best possible learning environment to support our students. Our academic programs prepare our students to become capable and concerned citizens of the world. Literacy, Writing, Mathematics, Science and the Arts play a central role in our school. They foster creativity, develop imagination, and inspire innovation. Our goal is to provide maximum educational opportunities for all children. We strive to improve the quality of teaching and learning through intensive professional development, envisioning a learning environment which nurtures children, maximizes opportunities for individual growth and builds life long lovers of learning.

Principal's Statement

Our students are sharing the learning experience with teachers, classmates, staff, parents and community and will become independent learners, critical thinkers, excellent readers and writers and knowledgeable users of the latest technology. We seek to create students who are independent, lifelong lovers of learning, and who have a strong sense of community. Our commitment to a world class education is demonstrated by our school wide initiatives in cooperative learning, comprehensive literacy and math programs, integrated curriculum and hands-on science. We believe that "Today's Learner Is Tomorrow's Leader."
