School Mission Statement

At Gateway Intermediate School, our philosophy is to develop educational programs based on the unique characteristics and needs of young adolescents. Our mission is three-dimensional: We will strive for academic excellence by maintaining high expectations of our students, staff and parents. Every child can and will succeed academically. Our mission is to develop a strong personal sense of discipline and social responsibility in our students. We seek to create within our school, a community of learners and leaders where teachers, staff, students, parents, and community work collaboratively in order to enhance the quality of education. Our two academies are focused on standards-based curriculum in preparation for admission to the top city high schools. Our community shares one fundamental goal; to prepare our children for life-long learning and to attend institutions of higher learning.

Principal's Statement

Gateway Intermediate School is a collaborative learning community housed in two separate academies located in the Spring Creek section of Brooklyn. Our students are provided a safe, supportive, and nurturing environment that fosters their growth academically, socially, and emotionally. Gateway's goal is to provide our students with a quality education through immersion in an instructional program that demands academic rigor in a thinking curriculum. We strive to ensure that our students become lifelong learners, thus ensuring they become productive citizens in society. Our motto, "Together Toward Excellence", reflects our commitment.

Special Academic Programs

Gateway Intermediate School is home to the Spring Creek Scholars, our gifted and talented program that incorporates an accelerated curriculum in all academic areas. Our program focuses on an intensive interdisciplinary approach utilizing a distinctive thematic curriculum. We are also a proud recipient of the Breakthrough for Learning Award.

Extracurricular Activities

Spring Creek Towers offers the Starrett Judo Club as well as the Spring Creek Towers Youth Symphony. In addition, the Teen Center provides students with after-school activities including academic assistance, technology and sports. We also offer students an extended day program as well as our Saturday Academy for additional help in ELA and math.

Community Support

The Spring Creek Sun, our local newspaper, publishes our students' journalistic efforts on a regular basis. Brooklyn Center for Urban Environment, New Visions, and CEI/PEA are some of our partners in education. In addition, Touro College offers parents an opportunity to attend college and receive a degree.

Parent/School Support

Our educators and parents are committed to supporting the efforts of our students toward meeting promotional requirements. Our belief is that through a strong partnership with parents, we can ensure our students' cognitive, creative and social growth. Our Parent Coordinator and PTA work together to provide many learning opportunities for parents.
