#### School Mission Statement

*"To create an environment in which all children will learn - our continued challenge." We believe that ALL students (general education, special education monolingual and English Language Learners) can meet high standards of excellence. We will continue to employ various teaching approaches and materials to meet the needs of each child. This is our continued challenge. In collaboration with our Regional Superintendent, Local Instructional Superintendent, parent body and the school community, we will ensure academic excellence and a safe and orderly environment for all students. Children will learn to respect one another. Our administrators, teachers, parents and school community will work toward common educational goals. Achieving these goals will provide students with the knowledge, skills and confidence they need, so that they may become intelligent, productive members of our ever-changing society and will function in our technological world.*
