### School Mission Statement

*The mission of the Yung Wing Elementary School is to enable students to achieve their full potential as productive, caring, informed human beings by providing them with a rigorous, comprehensive education suited to their unique needs and abilities. To achieve this, we provide programs that address not only the intellectual, but also the physical, emotional, and social needs of all our students. Using the School-wide Enrichment Model (SEM), students will enrich their learning based on interests and talents. Decisions affecting our students and our school are arrived at with the fullest participation of administrators, teachers, parents and students.*

### Principal's Statement

PS 124 is dedicated to achieving high standards of academic excellence for all our students. We support an inquiry-based, problem-solving approach to learning reading, writing, mathematics, social studies and science. Real-world problems are used to challenge students to be critical thinkers as well as to make their learning real, meaningful, and purposeful. Cooperative grouping, peer tutoring, and individual/group projects are some of the environments in which students learn. The faculty maintains high expectations of themselves, trust in the value of hard work, and see themselves as lifelong learners.
