### School Mission Statement

*P.S. 130 is dedicated to providing an excellent, well-rounded, joyful educational experience that is both rigorous and nurturing, for every child, regardless of ability or background.*

*We believe that effort creates ability, and that given the right support from the school, their parents and the community-at-large, all children can, and will, learn and succeed academically.*

*We also believe that every child has a special strength or talent, however little or great it may be. With this in mind, PS 130 is dedicated to providing its students with an environment that will bring out the best in every child and that will help each of them become the leaders and successes of tomorrow.*

### Principal's Statement

P.S. 130, located in the Chinatown/Little Italy section of Manhattan, offers a well-balanced educational program that is not only academically rigorous but full of enrichment for every grade from PreK-5, especially in the arts. Despite the fact that many of the children enter our school as English language learners and are from low-income homes, we have done consistently well on all of the standardized measures. The school has been recognized as both a New York State and a United States Department of Education Title I Distinguished School for academic achievement and is now serving as a model of success for other schools around the country.

### Special Academic Programs

We have a very strong integrated academic program which includes balanced literacy. Content area instruction is taught in our literacy block. Other school programs, such as computers, science, physical education, music, and art support the literacy and math programs as well. There is Talented and Gifted class on each grade fro K through 5.

### Extracurricular Activities

P.S. 130 houses two community-based organizations, the CPC School-Age Daycare and the ISS Program, which offer after-school child care, homework help, and some recreational services. School-sponsored programs are offered in music, drama, physical education, and academic intervention for at-risk learners in grades 3, 4, and 5.

### Community Support

Our partnerships include CPC, ISS, Power Lunch Volunteers, the Charles B. Wang Health Clinic, the NYU Dental School, St. Vincent's Hospital, America Reads Program, the National Dance Institute, the American Ballroom Dance Company, the 3rd Street Music School, Hunter College, Pace University, NYU and Columbia University, Teachers College.

### Parent/School Support

P.S. 130 has a very supportive and involved parent body. They are actively engaged in fund-raising activities to support both the academic and extracurricular activities. They are also active in encouraging parent involvement through parenting workshops and English-as-a- Second-Language classes.
