As a learning community, our goal is to promote exemplary instructional practices that are aligned with the City, State, and National Performance Standards. We will have fully realized our mission, when the learners can demonstrate both academic excellence and social fineness in our modern day society.*

### Principal's Statement

The Henry Highland Garnet School for Success is an active, collaborative learning community that promotes the social and academic development for all students. Teachers, parents, and community members strive to enrich and enhance each student's ability through the arts, music, and academic interventions. Sound partnerships are developed with companies that appreciate students' acquisition of literacy, math and technological skills as well as their drive to be competitive. We believe that all students can learn and strive to make this a reality.

### Special Academic Programs

Instruction is delivered in blocks for Literacy and Math. There is a skills period that fosters individualization in both Literacy and Math. Through the use of technology, the Renaissance Learning Program provides added opportunities for Math and Literacy practice. TASC/21st Century provides an academic enrichment skills program.
