### School Mission Statement

*The students, faculty, parents and community at large of the Salome Urena family share a common goal -- developing life long learners. We are committed to nurturing and sustaining opportunities for academic, social, and emotional growth. We accept our responsibility to provide a safe and supportive school climate where the academic preparation for students learning is rigorous. Through data driven academic interventions, standards based instructional programs and enrichment opportunities we work daily towards cultivating academic success for all our students.*

### Principal's Statement

I.S. 218 is proud of the Comprehensive School Reform grant it was awarded in that it has afforded us the opportunity to work with the America's Choice School Design. As this is our second year of receiving the grant, as well as year two of implementing the design, we are working towards increasing our student's academic achievement in the areas of English Language Arts, Math and Science. Towards this end, our focus is on intervention and assessment as we continue to work diligently to develop data-driven practices that inform and support our school improvement.
