### School Mission Statement

*Our mission is to prepare students for college, work and citizenship in local and global communities. We are a community school dedicated to promote high standards that lead students to be life-long problem solvers with an appreciation for academic achievement, culture, citizenship and ethics needed to be productive members of the community. In collaboration with Children's Aid Society we are a community school center offering an array of educational and social programs for students and their families.*

### Principal's Statement

MS324 adolescent learners develop academic discipline by being involved in the process and progress of learning as they engage in serious standards-based work. Students demonstrate social responsibility through work in cooperative groups in the school and community. Project-based experiences culminate in the preparation of a portfolio, encouraging individual achievement and personal learning. Achievement emerges from a belief that our total school population can and must perform at high academic and social levels. Students develop the necessary skills to meet the demands of middle school, the upcoming high school and the essential college curricula.
