School Mission Statement

We are a diverse community of learners dedicated to providing the students of P.S. 14 Queens with a safe, nurturing school environment which fosters high standards of academic excellence for all our students -- English Language Learners, special education, general education, both at risk and gifted.

Through standards-driven instruction, we encourage our students to think critically, to take responsibility for their own learning and to develop and model exemplary behavior in order to meet the challenges of the Chancellor's standards and the world beyond.

Principal's Statement

We see our school as a community where all members, students, staff and parents support each other, address, accept and meet the needs of individuals and create an atmosphere where learning, creativity and participation take place. Ideally, the members of our community will be life-long learners, flexible and adaptable to change, responsible and accountable, and will become active participants in our school and society. They will have long term goals, high self-esteem, respect for themselves and all others. The members will develop decision-making skills, critical thinking skills and the ability to communicate effectively.
