School Mission Statement

P.S. 46, The Alley Pond School, is a community that provides a quality, standards driven environment that is conducive to hands-on inquiry based learning where students are encouraged to query, apply, and extend their understanding of the world through problem-solving, high-order thinking, and enhanced decision-making skills. We provide all students with the educational opportunities to learn to the best of their abilities and to meet or exceed the New York City and New York State Performance Standards. We seek to provide a rigorous curriculum for all children through the differentiation of curriculum and instructional strategies in order to maximize success for all students. Through the joint efforts of our learning community, we have focused on a balanced developmental educational program that works to ensure that our students will become productive, informed, literate, and responsible citizens who demonstrate respect and concern for all people.

Our school should serve as a model for the city where all children - special and general education and ELL - work together and are appreciated for their varying strengths. We continue to recognize the importance of coming together as a community to show respect for all people.
